MILK BY-LAW GOES TO A COMMITTEE

(Continued from page 1). This was referred to the special committee.

"Stop Signs" Again.
 For the second time, the Board of Works recommended a by-law making provision for "Stop Signs" on all streets crossing Princess street, from the Bath Road to Ontario street, but after some discussion, the recommendation was referred back to the Board of Works. Last year a similar by-law was brought before the Council and was defeated.

Ald. Price, chairman of the Board of Works, stated that Princess street was now a provincial highway, and that the Board, in asking for the passing of this by-law, was but carrying out the regulations of the provincial highway.

Ald. Kent said he did not think the law was in force for the stopping of the cars on the highway. It was also a question as to whether Princess street is a provincial highway, as it had been built up with Kingston money.

"If the idea is to put up these signs to stop all vehicles I am opposed to it until I can see the benefit of it," said Ald. Kent. At the present time I cannot see the benefit of it. Every car will be compelled to come to a stop, as it does not say slow up. What will be the benefit? I understand that Hamilton has one street under such a by-law, and that a great many of the people in that city regard it as a nuisance and feel that it is uncalled for.

Ald. Kent stated further, that people would regard Princess street as a through street, and that there would be a great deal of confusion. There were about fifteen street intersections, and if the city adopted a by-law of this nature, it would be necessary to put on fifteen extra policemen, in order to have the by-law carried out. There would be need of a policeman at every corner day and night. At any rate, the speaker did not think that the by-law could be enforced. He thought that the matter should be fully discussed before final action was taken.

Ald. Boyd said that Brockville, Prescott, Cornwall and Belleville had a by-law similar to the one proposed and he regarded it as one of the most sane laws ever presented to the council, as it gave very much needed protection.

"Not at all," remarked Ald. Kent. "If the act, says that we must stop, I do not see why we cannot have this by-law," said Ald. Boyd.

Hard to Swallow.
 "But we cannot always swallow what the Ontario legislature passes," said Ald. Driscoll, and there was much laughter. This by-law was before the Council last year, and was defeated. I have not heard an argument to strengthen it as yet. I opposed it last year, as I do not think it is workable, and I am of the same opinion yet. If it is put through it must be enforced, but I cannot see how it can be enforced."

The council chamber was well filled with people opposed to the proposed by-law, and they warmly applauded Ald. Driscoll's remarks.

H. D. Wightman, secretary of the Kingston Motor League, was present, and addressed the council in regard to the matter. He said the question came up last year at the annual meeting of the Ontario Motor League, and at that time, it was not considered wise to adopt the by-law. If the city was in a position to give the proper police control at these intersections, he said, the Motor League would favor the by-law.

Hemorrhoids
 Or piles are quickly relieved by Dr. Chase's Ointment.

It is a serious matter to have piles and one person in four has them at one time or another. The annoyance and distress is great. It is difficult to obtain lasting relief. So much so that your physician may tell you that a surgical operation is necessary. That is unless he is familiar with Dr. Chase's Ointment for many doctors recommend this treatment to their patients.
 For nearly half a century Dr. Chase's Ointment has been the never failing relief for itching, bleeding and protruding piles. (It is now very generally known by the medical profession, and the public generally, as the standard treatment for this torturing ailment.)
 Ask your friends about Dr. Chase's Ointment for "users are boosters" in this case. Relief comes quickly and you can obtain the ointment at any drug store.

PRESENTED WITH PURSE AND ALSO AN ADDRESS

Rev. Mr. Lancaster and Mrs. Lancaster Remembered by Members of Church.

In spite of discouraging weather, there was a large attendance at the "Farewell" given on Wednesday evening, at the home of Mr. and Mrs. James English, by the members of St. John's church, Pittsburgh, for Rev. Mr. and Mrs. Lancaster, who are leaving in the very near future for their new charge at Bristol, Que.

Although a number of the clergy were expected to be present from the city, they were unable to do so, on account of the bad roads for cars. A hurried, but delightful programme was prepared, the first being a pro-nunade which got every one on the move. Much interest and fun was created by playing the old-time game. Then, as a decided change in the programme was the christening of the infant child of Mr. and Mrs. Percy Clarke. The rest of the evening was centered around Mr. and Mrs. Lancaster, each department of the church voicing their appreciation and kind wishes as follows.

Mr. James English and Mr. John McClement for the session; Mr. John Atrams, for the board of managers; Mrs. English, for the Sunday school, and Ladies' Aid, while Mr. A. Cowan read the following address:

"Dear Mr. and Mrs. Lancaster,—As the time of your departure draws near a deep sense of loss and regret comes over us. We, the people of your flock at St. John's, Pittsburgh, realize now, more than ever before, what a source of strength you have been. Heavy indeed, has been the burden you have borne through the past year. Probably there never has been a more trying period—in our

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.
 Better Than Soda
 For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralises acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

The trustees presented a well-filled purse.

Both Mr. and Mrs. Lancaster thanked the gathering with words of encouragement, and have packed in their hope chest, labeled St. John's, many kind memories of love and loyalty, and will be pleased to come back at any time the occasion sees fit. "God Be With You Till We Meet Again" was sung.

Following a delightfully arranged supper was served and after ample justice had been done, a large circle was formed around the "guests" of the evening, and "For They Are Jolly Good Fellows" was sung most heartily. Mr. and Mrs. English did all in their power to make the evening a pleasant one and were entirely successful.
