The next meeting will be in charge of May Lyster and Leslie Wilkinson, of Frontenac school, when they will present a short skit.

A Correction.
Mr. H. Green, of the American hotel at Westport, writes the Whig that the Harold Green referred to in a news item published in this newspaper a few days ago, is not his son, who is the only Harold Green living in Westport. The Harold Green referred to as appearing before Magistrate Page in Brockville, and remained a week, is another man of the same name who lives out of Newboro. The Whig is glad to make this correction. The news item referred to was sent out of Brockville, and a mistake in the address of the accused man was evidently made.

The New Dean
A fortunate choice appears to have been made in the selection of the Rev. Dr. W. W. Craig, of Vancouver, B.C., to fill the position of rector of St. George's Cathedral, Kingston, carrying with it the office of Dean of the Diocese of Ontario, says the Brockville Recorder and Times. Dr. Craig will return to the east with a record of faithful and brilliant service in one of the leading churches of Vancouver. He is already known in the territory east of the lakes by reason of his services in Montreal, Ottawa, Saint John and elsewhere, and he is confidently declared to be the very man whom the diocese needs in this emergency, one well qualified to repair part of the damage done by the controversy and the rather unseemly public discussion which preceded the resignation of Bishop Bidwell. That the choice should fall upon one Canadian-born and Canadian-trained is a matter for congratulation and it is to be hoped that the same procedure will be followed when the time comes, as come it must very soon, for the election of a successor to Bishop Bidwell in the see.

THE BOARD OF TRADE TO HOLD A DINNER

In Connection With Its Annual Meeting—R. O'Brien to Speak.

The council of the Board of Trade, at a meeting on Friday decided to have a dinner in connection with the annual meeting on March 25th and will ask the Kiwanis and Rotary Clubs to join them. Mr. R. O'Brien, a nephew of Lord Northcliffe, who is touring Canada in the interests of the Overseas League, will be the speaker. It is hoped the members of the Board of Trade will rally on that occasion and give a good start for another year, with new officers.

The council is opposed to the "Stop-Still" proposals of the Board of Works. They hold it quite unnecessary and would be detrimental to the merchants on Princess street. It would, to be properly enforced, call for manning the streets with traffic officers, an expense not at all proportionate to the benefits secured. Along with other bodies the Board will meet the Board of Works on Wednesday next.

The council recommended that the old system of charging fire extinguishers in stores, factories and public institutions be restored. The service is highly helpful as safety services in case fire and the cost, some \$20 a year, is very nominal in recharging the extinguishers. Fire insurance rates are reduced five cents on every \$1 where the extinguishers are placed. The council will be asked to restore the duty and give firemen the privilege of charging and keeping the extinguishers in serviceable form.

At Kingston hospital on Tuesday Gerald Burley, Picton, underwent a very serious operation for mastoid. All dogs must be registered before April 1st.
