 What the Press Agents Say About Coming Attractions
"LOST WORLD" AT CAPITOL.
 Rip Van Winkle's famous beauty nap wasn't even a wink of sleep compared to the snooze that Old Dad Time treats himself to in "The Lost World," which comes to the Capitol Theatre today.
 In this Sir Arthur Conan Doyle's story Father Time breaks every sleeping record in all literature—or screenature. He snores away for 10,000,000 years. In other words, in a certain spot in the wilds of South America life remains stationary for 100,000 centuries.
 A party of screen adventurers, including Bessie Love, Wallace Beery, Lewis Stone and Lloyd Hughes, discover this land that Time forgot. They find strange and fearsome prehistoric dinosaurs of the Reptilian Age still alive—looking for fresh meat. Miss Love is almost caught by one. But Messrs. Stone, Beery and Hughes rescue her just in time, and it is on that rescue that the tense love theme of the picture hinges.
 Film magazines herald this picture as one of the sensations of motion picture history.
 You can finish a chair and use it in less than one-half hour with "Lace." See demonstration at Lemmon & Sons.
 As to the early fly, a swat in time saves nine million.

TO START CONSTRUCTION.
 Of Transmission Line From Toronto to Ottawa River.
 Toronto, March 18.—In the estimates of the Hydro-Electric Power Commission, which will be brought before the Legislature at an early date, provision will be made for the commencement of a high tension transmission line from Toronto to the Ottawa river.
 Just what the completed line will cost is not stated. The amount which the Legislature is to be asked to authorize this session will not include the entire cost of the transmission line. A sufficient sum only will be placed in the estimates to permit a proper start to be made if the commission so recommends.

THE BUSY LADIES.
 Sandhill Folks Very Active in Good Works.
 Sandhill, March 17.—The Ladies' Aid and Missionary Societies of the Sandhill church met at the home of Mrs. John Carey, on Tuesday afternoon. The Missionary meeting was presided over by the president, Mrs. Carey. Delegates were appointed to attend the Missionary convention to be held in St. Andrew's church, Kingston, on March 24th. The ladies decided to clothe a girl of eight years old for a year, the garments to be made up at their monthly meeting. The next will be held at Mrs. R. Johnston's in April. Mrs. F. Scott took the chair in the Ladies' Aid Society. The ladies intend having a birthday party at the home of Mrs. H. Johnston's at a later date. The meeting closed with the Lord's Prayer in unison. A very dainty lunch was served at the close of the meeting.

Fernoy Tidings.

William Fitzgerald at John Murphy's; Joseph Quinn at home; Mrs. E. Page and Miss Laura Deo were the guests of Miss Nellie Noonan. James Tobin is moving to his farm near Westport.

SPORT
Inter-Company Game Won by "B" Company
 "B" Company captured the honors in the annual R.M.C. inter-company hockey match, defeating "A" Company by a score of 5-1, at the Arena Wednesday afternoon and although the winners had the edge of the play for the greater part of the time, "A" Company put up a very stiff battle and kept "B" hopping all the time to nose out with a victory. The first period ended 1-0 and the second 3-0, both in favor of "B" Company.
 The "B" Company team, composed of nearly all of the best players in the college, displayed better combination work and was much stronger defensively, having Rogers in the nets and Walker and Darling on defence. Rogers' work saved the winners time after time when "A" company was able to wiggle through the defence. The teams were:
 "A" Company—Goal, G. S. Oaler; defence, Massie, Saunders; centre, G. E. Smith; wings, Rolph, L. T. Clarke; spares, Cowan, A. Campbell, McLeod.
 "B" Company—Goal, Rogers; defence, Walker, W. W. Darling; centre, McDougall; wings Tremaine, Mather; spares Birks, Stevenson, Ross and Kingsville.
REFUSED TO PLAY.
 Sons of Ireland Seniors Call Draw a "Raw Deal."
 Ottawa, March 18.—Silver Quilty, President of the Canadian Hockey Association, announced last night that the game scheduled here to night between Ottawa Gunners and St. Francis Xavier of Montreal had been declared off, and forfeited to Gunners. The Montreal team refused to play a sudden-death game for the Eastern Canadian championship on Ottawa ice, and President Quilty's action has been the result. The tie which resulted in the Sons of Ireland-St. Francois Xavier series delayed the finals so much that the sudden-death game here was considered as the logical solution.
 Gunners, champions of Ottawa and district, will now step up unopposed to the next round of the Allan Cup finals against University of Toronto or Peterboro. The first game of this series will be played at Ottawa on Saturday, and the second in Toronto on Monday. The winners of the round will play the survivors of the Port Arthur-Regina round in Montreal for the Allan Cup and the world's amateur championship.

CURLING

 The Scotchmen defeated the Irish by a total score of 60-49 in the challenge games at the Kingston curling rink on Wednesday. To celebrate St. Patrick's day, the Irish curlers issued a challenge to all comers, comers, which was soon accepted by the Scotch. All the games were very close, but J. B.  Charges Dismissed.
 The O.T.A. charges against Claude Parks, of Arden, which were tried on Wednesday, were dismissed by Magistrate J. W. Bradshaw, owing to the very contradictory evidence submitted. The charges were being drunk and disorderly, and having liquor in other than his own private dwelling. Tom Parks and Charlie Parks had the same charges preferred against them, but owing to the fact that they could not be located to serve the papers on them, they did not appear.
 Various Grants Made.
 The Lennox and Addington County Council has made grants to agricultural societies, thus: Lennox fair \$400, Addington \$500, Brasstown \$400, Amherst Island \$200.

BUYING HORSES
 Many Were Secured on Howe Island.
 Howe Island, March 16.—The ice and roads are in excellent condition and the residents are taking advantage of this by transporting their hay and grain. Driscoll Bros. have finished sawing and have returned home. Those who attended the recent horse races at Clayton reported that they were fine.
 Several horse buyers have been through here during the past week and have purchased a great number. There has been a great amount of sickness here this winter, but all seem to be on the road to recovery.
 Mrs. F. Garrah and baby Patricia, Watertown, N.Y., are here on a visit at her father's, J. Prior, R. Simpson, Sr., and Miss Effie, who spent the winter in Watertown, N.Y., are home. F. Williams and Miss M. Besean spent the week-end with S. Besean, Lansdowne.
 H. Mohan spent Sunday at J. Pickett's; J. Cadue was in Gananoque with friends last week. E. Smith has moved his household effects up to his new farm.

CO-EDS AT QUEEN'S GO INTO "MOVIES"
 First Scene Will be "Shot" at the Jock Hartly Arena To-night.
 A number of the co-eds of Queen's University are to go into the movies and the first scene will be shot to-night at the Jock Hartly Arena, when the Ontario Government Motion Picture Bureau will take views of the Queen's Girls' Hockey Team, intercollegiate champions of Canada, in action.
 The pictures to be taken to-night are to be fitted into the film "Queen's, Old and New." This film when completed will show the life of the University from its start in 1841 up to the present day. It will open up with a few scenes of an historical nature for which the personnel will be drawn from the undergraduate body. Buildings with historical associations such as the main building of the Kingston General Hospital where the first parliament of United Canada met in 1741, will be worked into this part of the film.
 From then on the history of the University will be treated with episodes of student life, especial stress being laid on "the good old days" of twenty-five or thirty years ago. The present day development of the college both from an academic and athletic viewpoint will likewise be quite fully dealt with. The ice hockey scene had to be taken before the arena closed, but the other scenes will be left until weather conditions are more favorable.

HOME FROM JAMAICA; HAD FINE VACATION
 Capt. John Donnelly Speaks About the Conditions—Trade With Canada.
 Capt. John Donnelly, who with his wife has just returned from a month's vacation in Jamaica, is hale and hearty, and glad to be home after being out of touch with Kingston for some time. He especially enjoyed the climate, and he was struck with the hospitality of the people wherever they went on the island. They were the guests of the Salvage Association, and they treated them royally. The Captain and his wife met many Canadians from Montreal, Brockville, Belleville, Toronto and other points, but they were the only ones in the party from Kingston.
 In commenting on the people of Jamaica, he stated that they were only one per cent white, but nevertheless were very hospitable, the planters being especially so. During his visit there he declared that there had been more titled Englishmen on the island than ever visit Canada in two or three years. British men-o-war call there regularly, and the inhabitants entertain the officers and men, thus making for better relations between the mother country and her colony.
 Business is progressing rapidly in Jamaica, and many Englishmen were financing concerns there with a beneficial result on the country. While Capt. Donnelly was there, Lord Athol started a large sugar refinery, with an output of 10,000 tons a year, which he intended to double within the course of a year. This was a great help to the Jamaicans, who were unable to compete with the American market, when it came to fruit and vegetables.
 Jamaica was trading more and more with Canada and this trade was rapidly expanding, he thought.

A RUNAWAY HORSE CREATES LIVELY TIME
 And Several People at Wilton Have Quite a Close Call.
 Wilton, March 18.—Signs of spring. Crows are plentiful. We welcome them not for their beautiful song, but for the never falling sign of spring.
 The teamsters are very busy hauling logs and lumber. Mr. John Cary is preparing to rebuild his barn. The United church people are making great preparations to enlarge their hall and redecorate it. The Standard church people are redecorating their church which they recently bought from the Movement people.
 What might have been a very serious accident happened on Sunday evening, at the church service hour. Mr. George Venton's horse became unmanageable and turned the cutter over in the church yard, throwing the occupants out, and dashed into the shed, leaping over two cutters, demolishing one cutter but the other can be repaired. The horse became entangled in the cutter and harness, and could go no farther, but not before the animal was badly hurt from the shaft piercing its side. A veterinary surgeon was called from Napanee. The horse is not able to be taken home. None of the occupants of the cutter were hurt.
 Mr. Kenneth Babcock, Seventh Concession, is seriously ill. We hope for a speedy recovery. Mr. and Mrs. Clifford Frink have returned from their honeymoon trip to Nevada. They gave their friends a surprise. They speak very highly of the country there.
 Mrs. Blake Szytler and baby have returned home after spending a month at her father's home in Sharpton. Mr. George Griffith has been visiting old friends here. Mrs. Walter Shibley, who underwent a heavy operation in the General Hospital, is progressing very favorably. Mr. Barney Caton, Toronto, has been calling on his old friends here. The Ladies' Institute will hold a "social evening" in the near future on the Grange hall.
 The Enterprise Dramatic Club gave a very interesting play entitled "The Last Leaf." The music was excellent.
 Rev. Mr. McMillan has gone to Belleville to attend a convention. It. N. Lapum, who has been seriously ill, is much improved. Mr. Buckley Lake is on the sick list. He is staying with his daughter, Mr. Miller, for a few days.
