Waving and Curling Dries Life from Hair

The constant curling and waving demanded by present styles in bobbed hair, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, brittle and full of dandruff; then the hair roots shrink and the hair falls out fast.

Since girls just must curl and way the hair to appear their prettiest, try "Danderine" to offset any bad effects After the first application your hair will take on new life and that healthy youthful lustre, become incomparably soft, wavy and appear twice as thick and abundant. Falling hair stops and dandruff disappears

A 35-cent bottle of refreshing "Danderine" from any drug store or toilet counter will do wonders for any girl's hair. It goes right to the roots, invigorates, nourishes and strengthens them, helping the hair to grow thick, healthy and luxuri-

Indian Girl Gives a Dramatic Recital in Sydenham Street Church Hall.

Frances Nickawa, the Indian girl who has travelled around the world since her last appearance in Kingston, thrilled the hearts of a large audience in Sydenham street church hall on Friday evening. A Hat-Checker's Philosophy. "A hat girl is a good one to try out those tricks an, Jimmie, for she's defenseless. There's only once in while that a Sir Galahad or whatever his name was, like you, comes to her defense. I've often wondered how in the world Mamre could stand all the slush that's handed out to her and not get her hands frosted as well as frozen face. She just smiles at Jimmie, and doesn't hear a word they say. I asked her once if she hadn't stuffed her ears with cotton and she said:

"No, dear, but I just draw hearing inside of me and I don't hear a thing unless it's a sentence has the word "hat" in it."

"Yes, Judy, Mamie's a great girl, isn't she? But just now I want to talk about yourself. If you must have come to the city and I don't see just yet why you came at all, what in the world made you take such a position? Surely, your Dad didn't let you come without money enough to tide you over until you could find something and not work in that restaurant?"

"Dad did give me two hundred and fifty dollars and it was stolen from me right in that restaurant the first night I got here. When I went to pay for my dinner I found my bag was gone. The manager said I was trying to beat them out of it." "And that's just what he would do, the dirty bum," interrupted Jim-

"I tell you I was awfully frightened. I didn't know what I was going to do, but after a good deal of bluster, Mr. Sterns said I could help material you wish to color is wool in the hat-checking station to help silk, or whether it is linen, cotton or pay for the meal I had just eaten." That the energetic young secretary of the Y.W.C.A., a Kingston girl and Queen's graduate, Miss Bessie Ettinger, has arranged, with the help of several experts in such matters the first series of classes for the instruction of girls and women in the art of home making in a general way to be held in Kingston. We have had classes teaching the various parts of this very necessary art, but after girls have learned to cook certain dishes and to make hats, there are still many things to be learned. Girls wishing to enter good homes as domestics can learn many things from these Wednesday afternoon classes.

That Sunday is the fifth Sunday in Lent, otherwise Passion Sunday. The week following is called Passion Week. The word passion is used in its old English sense, meaning suffering, and the events in the life of our Lord studied at this time are those of the beginning of his sufferings that culminated in the sacrifice of Calvary. The sixth Sunday in Lent is called Palm Sunday and celebrates the entry into Jerusalem of the Christ, "meek and sitting upon an ass." The Last Supper, with the institution of the Holy Communion, and the agony in Gethsemane are the events commemorated on Thursday of that week which is called Holy Week and on Good Friday.
