

SUBURBAN HEIGHTS—WINTER SPORTS By GLUYAS WILLIAMS

COVERS HALF MILE FROM STATION TO HOME AT SMART CLIP

TAKES OFF HAT AND OVERCOAT AND GOES DOWN CELLAR TO CLEAN OUT ASH-PIT

CARRIES THREE BARRELS OF ASHES UPSTAIRS

DECIDES TO SHOVEL SNOW OFF PATHS BEFORE CARRYING BARRELS TO SIDEWALK

GETS ASH-BARRELS OUT TO SIDEWALK AND COMES BACK FOR TWO RUBBISH BARRELS

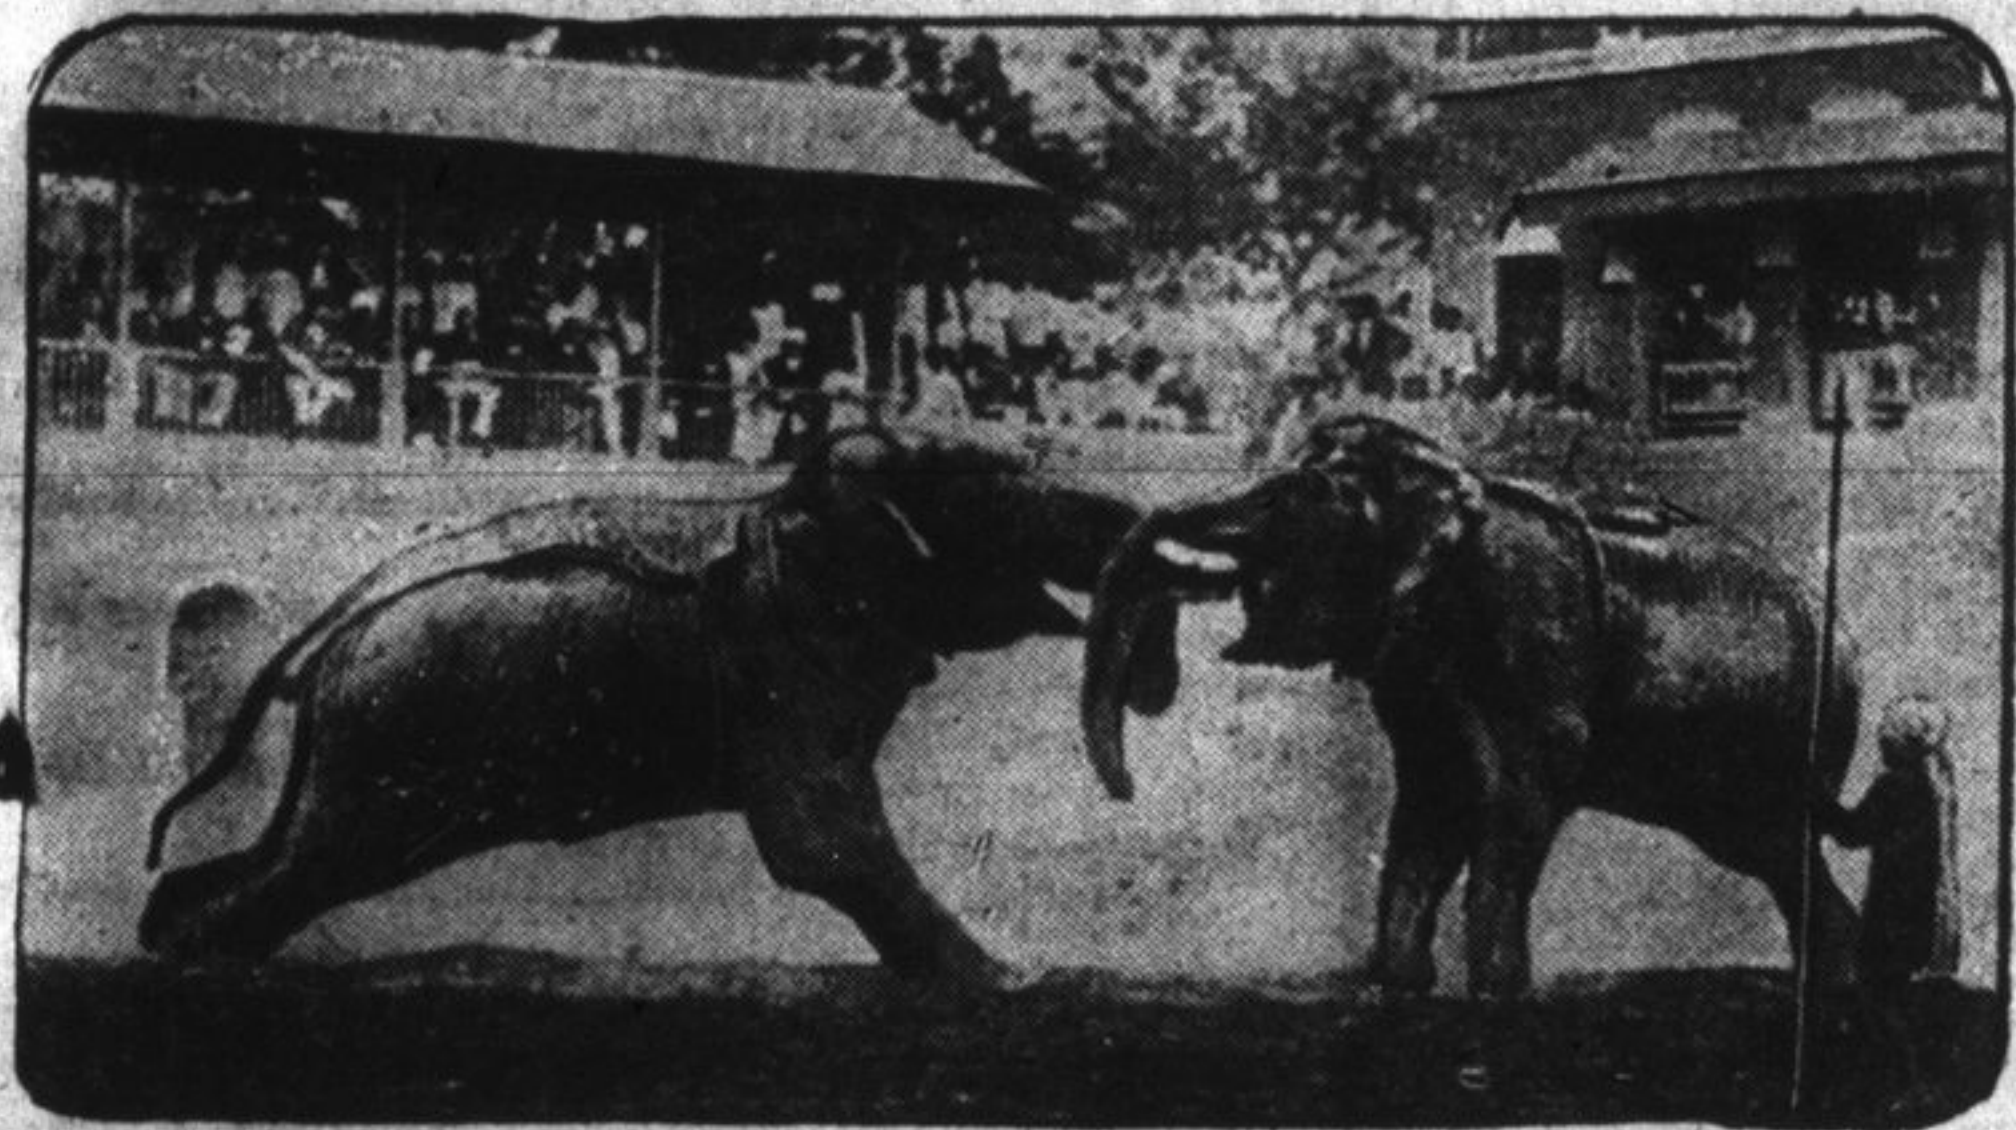

GOES UPSTAIRS TO HELP MOVE FURNITURE BACK IN PLACE—THIS WAS CLEANING DAY

FINISHES MOVING FURNITURE AND SPRINGS DOWN CELLAR, HE'S LEFT THE FURNACE DRAWING

WRECKLES TILL DINNER TIME WITH A CLINKER

AND THEN SOMEBODY WANTS TO KNOW WHAT DOES HE DO FOR EXERCISE THROUGH THE WINTER

SPORT A LA BARODA, INDIA

No mere bull-fighting satisfies the sporting instincts of Baroda, India, folks. They prefer to see elephants in combat. This battle between two huge pachyderms featured Baroda's recent Sports Display. Slashed trunks and ears testify to the encounter's ferocity.

FLOODS SWEEP EUROPE

France, as was Germany, Holland and Belgium, was visited by floods when unusually heavy rains filled rivers to overflowing. Millions of dollars in damage was done, and hundreds were made homeless. This picture shows how buildings and trees were submerged when the Seine overflowed at Paris.

We will continue to supply the same high-grade milk from tuberculin tested cows on the Hemlock Park Dairy farm for those who desire it.

Hemlock Park Dairy offers you a milk supply of guaranteed purity and quality. It comes from high-grade cows, kept under the most sanitary conditions, fed to produce rich milk. Hemlock Park Dairy is one of the finest in Eastern Ontario—in costly equipment which ensures the absolute purity of every bottle of Hemlock Park Dairy Milk until it reaches your home.

Hemlock Park Dairy Milk is pasteurized—because, by so doing, we can absolutely guarantee its purity and safety. Pasteurizing simply means heating milk to 142 degrees Fahrenheit, holding it at that temperature for thirty minutes, then cooling rapidly to 40 degrees Fahrenheit. This does not alter the quality or flavor of milk in any way. When done, however, by scientific equipment under skilled supervision, it positively removes all harmful bacteria.

All cans and bottles pass through a three-fold cleansing process—first rinsed with cold water, then cleaned with boiling water, then sterilized with live steam. Fresh Water is supplied for each bottle and can. All

Hemlock Park Dairy Butter is the best that the finest ingredients, the latest equipment and modern methods can produce. And it is sold only in one-pound cartons to protect its freshness and purity. Try it.

Diamond Jubilee Fund KINGSTON Y.M.C.A.

Sixty years building better citizens is the story of the Kingston Young Men's Christian Association. It is a story related to the early history of our city. It is a story of a great need and of an association of men organized to meet that need. Men of vision and rare devotion to the welfare of a city's youth have struggled on from small beginnings, often confronting difficulties and frequently at great personal sacrifice, until there has been established in Kingston a work with boys and young men of which our citizens may well feel proud.

To celebrate our 60th Anniversary, Seven Thousand Dollars is being asked for, this amount being absolutely the minimum required to meet this year's budget and pay outstanding accounts. How Much will You Give?
