

THE FINAL MEETING OF FORMER EXECUTIVE

Of Kingston Presbyterian W.M.S.—New Presbyterian Divided Into Two Districts.

The former executive of the Kingston Presbyterian W. M. S. met on Tuesday in Chalmers Sunday school hall. This was the final meeting of that body as constituted before the Union of the three churches. The Presbyterian is now divided into two districts, one known as the Kingston Presbyterian extending as far as the eastern suburbs of Brockville, the other the Belleville Presbyterian will have Trenton as its western boundary. Mrs. W. J. Paul, president, was in the chair.

Encouraging reports were submitted for the year's work by the recording secretary, Miss M. Ross, by the corresponding secretary, Mrs. A. Donnell and by the treasurer, Mrs. Lowrie.

Successful work was reported by the secretaries of the following departments Mission Band, Home Helpers, Library and Literature, Strangers, Supply, Messenger, Press and General Interests, Young Women's and C. G. I. T. groups. Though passing through a transition stage there had been no lack of enthusiasm in the work of the various departments, and all are looking forward to even greater success under the new conditions. A very sincere vote of thanks was tendered to Mrs. W. J. Paul for her very efficient and

faithful work as president for past three years.

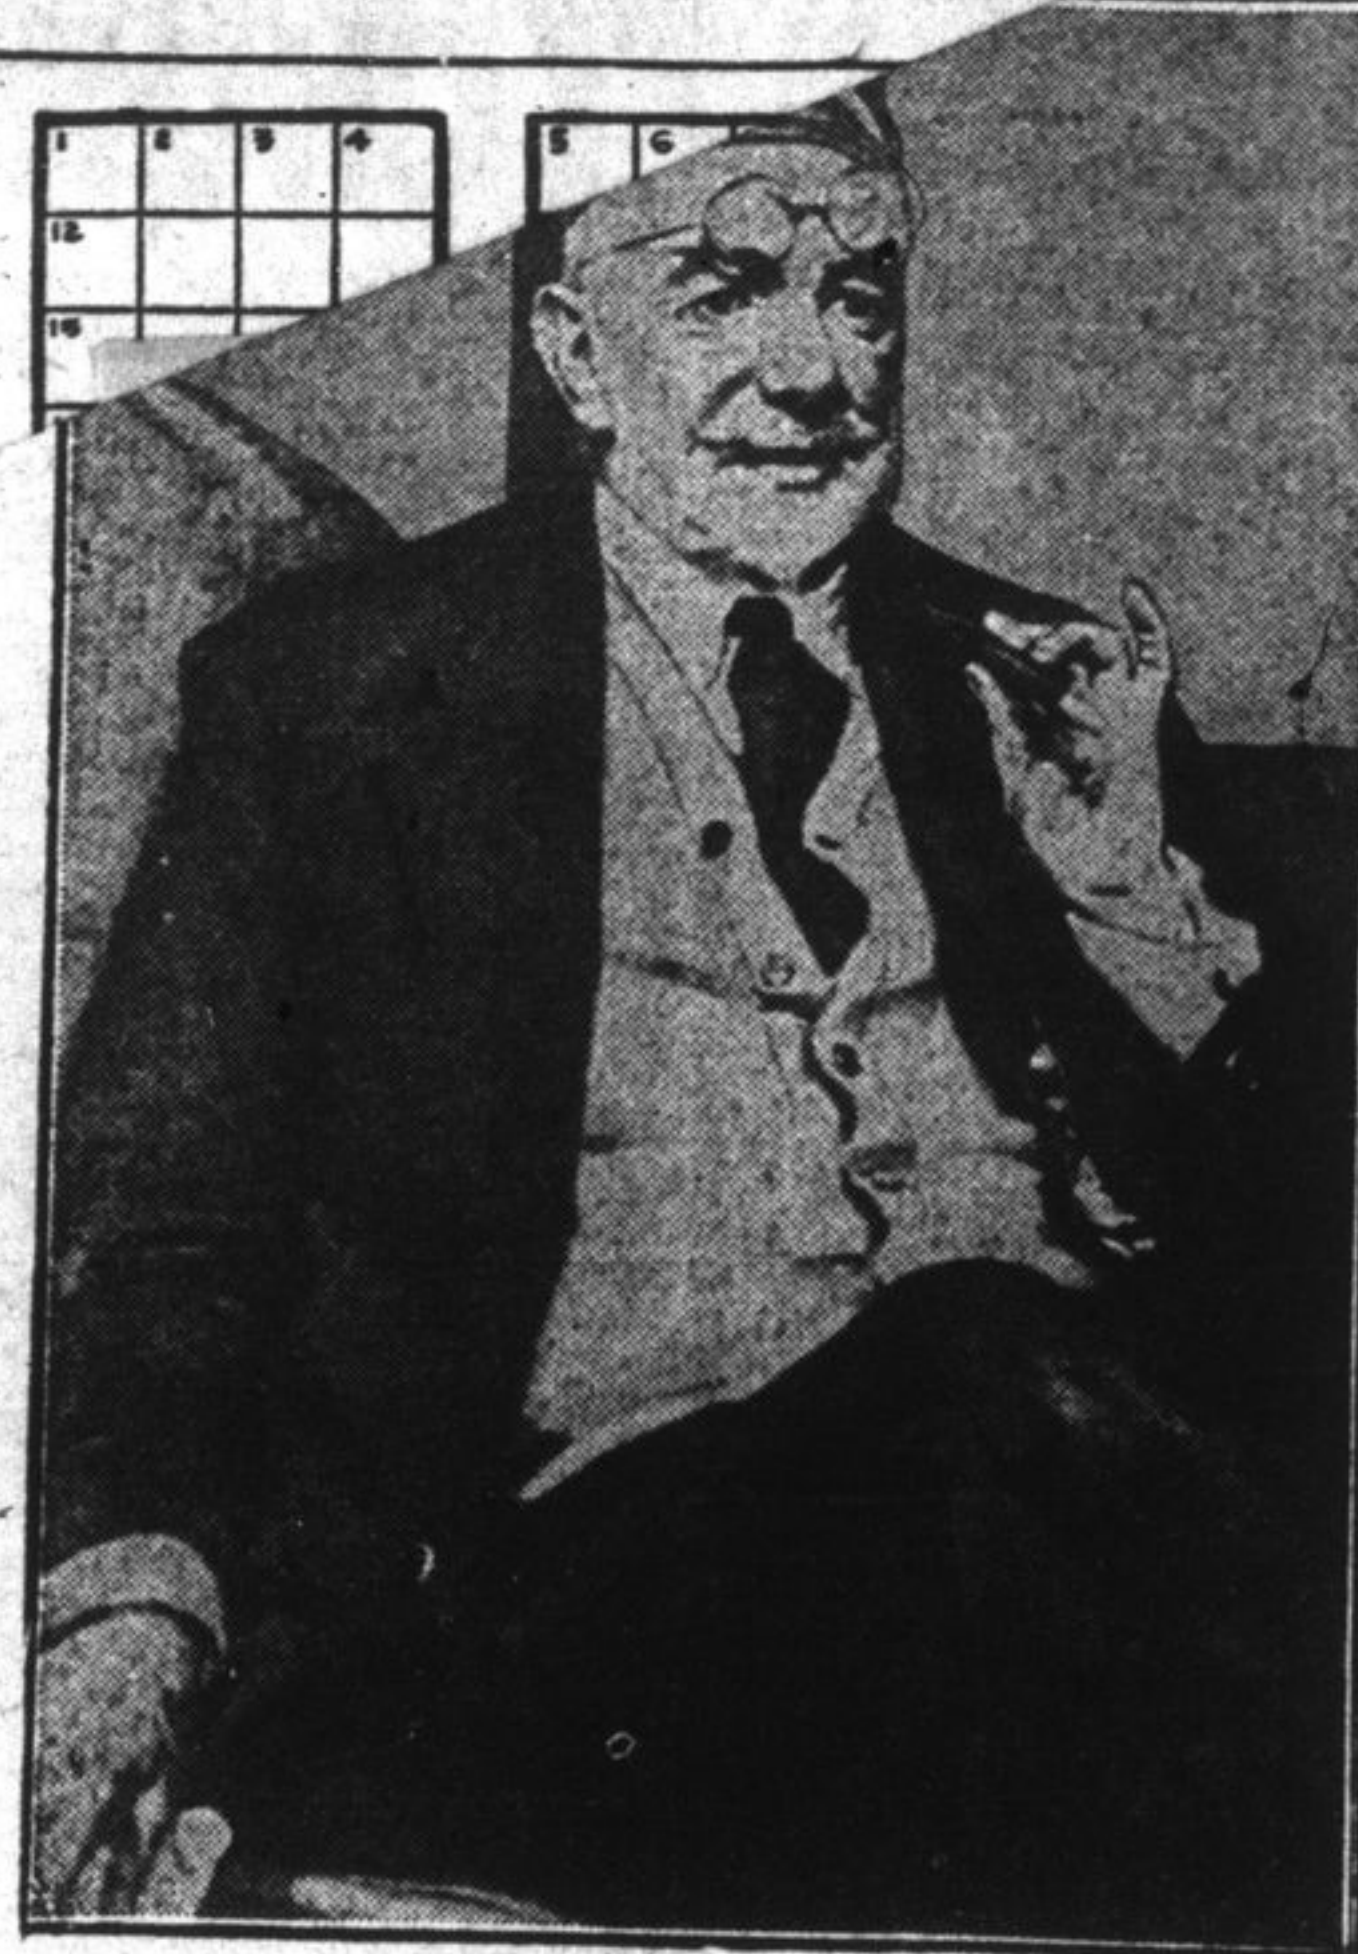

Many charming reminiscences were recalled of the work which had been shared, and the happy times enjoyed by those who had been workers for so many years. A part of the Master's vineyard of those who had been connected with this Presbyterian the last period were Mrs. William Jack Kingston; Mrs. Corkill, Napawong; Mrs. Bennett, Corbyville, and spoke feelingly of the joy they experienced in the work. Mrs. Laird, who had been active in the Women's Home Missionary Society gave some interesting information of the work of that organization before the amalgamation of the Home and Foreign Missionary Societies in 1914.

Miss Hudson, who has been engaged in the educational work of the W. M. S. in Prince Rupert, B.C., for the past seven and a half years was present and extended cordial greetings.

A delicious luncheon was served by the ladies of Chalmers Auxiliary, after which a short musical programme was enjoyed. Mrs. T. J. S. Ferguson played with much expression Beethoven's "Sonata Pathétique" while "My Task" was sung very sweetly by Mrs. William Jackson.

Those in charge of the luncheon were: Mrs. J. Matheson, Mrs. C. Macpherson, Miss Emma Driver, Miss Laura T. Neish. The following ladies were present: Mrs. I. N. Beckstead, Lansdowne; Mrs. F. A. Bennett, Corbyville; Mrs. M. I. Macfarlane, Belleville; Mrs. E. J. Corkill, Napawong; Mrs. A. Donnell, Belleville; Mrs. E. Park, Oshawa; Mrs. William Jackson, Mrs. T. J. S. Ferguson, Mrs. J. F. McFadyen, Mrs. W. J. Paul, Mrs. J. Matheson, Mrs. A. Laird, Mrs. S. E. Revelle, Miss S. E. Newman, Miss M. Ross, of Kingston.

SENT UP FOR TRIAL OVER AUTO ACCIDENT

Edwin Lewis Phillips Pleaded "Not Guilty" to Two Charges in Police Court.

Edwin Lewis Phillips, of Gananoque, arrested in connection with the automobile accident which took place on Brock street on Friday evening last, when Mrs. Rose Bryant was struck down while crossing the roadway and seriously injured, came before Magistrate Farrell on Wednesday morning and faced two charges, that of furious driving, causing bodily harm, and with failing to return to the scene of an accident. He pleaded "not guilty" to both charges, and waived preliminary hearing. He elected trial by a judge and jury, and Magistrate Farrell committed him to stand trial. T. J. Rigney, crown attorney, appeared for the prosecution and W. M. Nickle has been retained as counsel for the accused.

Interviewed by the Whig on Wednesday morning, Dr. P. H. Huyck stated that Mrs. Bryant's condition showed improvement, although she was still suffering from concussion. Her temperature had been normal for the past twenty-four hours. It was expected that she would be able to be around in the course of a few days.

Crown Attorney Rigney fixed bail for Phillips at \$600 cash, provided by himself, and another security of \$600.

Burnham Mallory, county treasurer of Hastings for the past twenty-one years, and a pioneer dairyman of the Quinte district, died Tuesday at Belleville, after an illness extending over a period of time.

Frank S. Panter, son of ex-mayor W. H. Panter, of Belleville, left Monday for New York City, having been appointed to the New York office of the Bank of Commerce.

PENITENTIARY NEEDS MISSIONARY EFFORT

Opinion of Miss Agnes Macphail, M.P.—Favors Self-Government.

Toronto, April 7.—"I am not through with the penitentiaries," Miss Agnes Macphail, M.P., announced in the course of a conversation here yesterday. "This is only a beginning; and I think there is a great deal more to be done before we ought to be satisfied. At present, society is a little too prone simply to hide its mistakes behind prison bars."

"It seems to me that there is a big field in our penitentiaries for earnest missionary effort. The present system is based absolutely on the idea of vengeance inflicted by the state on the individual. Formerly the right of vengeance rested with the person wronged; then the state intervened, taking that right to itself—and that is where we stand to-day."

"Of course it is a mistake, and a serious one, for most of the men in the penitentiaries are returned some day to society, and at return most of them return as enemies. I should like to see such changes as would completely alter that condition."

"To begin with, the penitentiary staffs should consist entirely of trained workers who are inspired with the will to better conditions. There is plenty of scope there for ambition, and I do not see why people should not devote just as much attention to the welfare of men who are one day coming out of prison to mix again with Canadian society as they do to that of the heathen overseas."

"The schools in the penitentiaries ought to be developed, and occupation and even amusements provided. I should even like to see a system of self-government among the inmates. After all these men are human. There is a spark of good in all of them; and if that fact is not recog-

nized by the penitentiary system their term of imprisonment is going to leave them utterly embittered and dangerous—incurably hard-boiled."

SCOTCH BEST BALM FOR ACHE AND PAINS

According to the Report of the Ontario Government Dispensaries General Manager.

Those people of Ontario who consume liquor in any quantity, whether for medicinal purposes or as a beverage, have faith in Scottish distilleries and show a pronounced preference for their products.

The report of A. H. Birmingham, general manager of Ontario Government dispensaries, for the last fiscal year shows that in the months of July and October the sales of Scotch liquor amounted to \$143,335 and \$166,422, respectively, or 38 per cent, and 38.05 per cent, respectively, of the total value of liquor sold in the 12 months.

Canadian brands were next on the list, but trailing far behind with 19.9 and 20 per cent, respectively. Sales of domestic liquor brought \$75,041 in July, and \$86,411 in October, the increase in the latter month being made at the expense of gin, which fell from 10.6 per cent, to 7.65 per cent, respectively.

Domestic ale is a beverage sought in the summer time, but the sale drops to nearly half when falling leaves herald the approach of cold weather. Domestic ale sold in the dispensaries last July had a total sale price of \$21,061, but in October purchasers paid only \$12,536.

The Montreal Maroons took the Stanley cup by defeating Victoria 2 to 0 in the fourth game of the series at Montreal.

Don't Let That Cold Turn Into "Flu"

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once.

Rub Mustrorle on the congested parts and see how quickly it brings relief. Mustrorle, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster; does the work without blister. Rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.
