Queen's Salary "Drive"

Queen's University has started campaign to raise a \$2,500,000 endowment fund for salaries in order to maintain the high standard of her teaching staff, which in the past has numbered such men as Graut Watson, Cappon, Dupuis, Macnaugh ton, Glover and Miller. Regarding the problem of keeping the best men on the staff it is pointed out that the University has frequently brought younger men from other institutions, only to lose them after two or three years. One recently appointed professor is cited who, in the 1st nine months, has had three offers of positions, with an initial salary from \$1,000 to \$1,500 more than he is getting at Queen's. In the past five years no fewer than 1' experienced teachers above the grade of lecturer left Queen's in order to better their financial post-

> In 1861 Mrs. Edward Copleston, an English lady wrote a book, "Canada: Why We Live In It And Why We Like It." In it she speaks of her arrival at Kingston where they disembarked on a Sunday morning. This brought forth the comment that "throughout Canada" there was "at all events a strict outward observance" of the day, and follows an amusing incident thus related:

"As we landed, the various conat the city's registry office. The ex- gregations were leaving their churches, and lined each side of the The committee decided to make a street in full Sunday attire. #### BATONS PRESENTED TO CAPTAIN LIGHT

By the Kingston Choral Society at Its Annual Meeting Monday Evening.

A very pleasing feature of the an nual meeting of the Kingston Choral Society held at Queen's Univercity on Monday evening was the presentation of two handsome batons to the conductor, Capt. Alfred Light, R. M.S.M. One baton is polished white lvory for rehearsals, the other, a resentation baton, is of fine ebony with silver mounting. Mrs. C. F. Gummer, in presenting them on be half of the society, spoke of the very high appreciation accorded Captain Light's work as conductor of the Choral Society, his faithful and painstaking efforts to bring shorus up to a high standard of efficiency being recognized by ev one. He gave freely of his time, ents and well-known ability considered no sacrifice too great by that he could attain somewhat of the results he expected and eagerly

Capt. Light was agreeably surprised, and in thanking the members for their gift expressed the great pleasure he enjoyed in training the chorus for the various concerts they have given. He gave a short resume of the work done since the society was formed and complimented the members on the very excellent pro-Society. Faithful and honest effort also should be given to learning the several parts at home and at the sectional practices so that much better results could be had at the joint
