Col. Leonard's Gift

(Hamilton Herald)
St. Catharines is fortunate in the possession of a citizen so generous and public-spirited as Colonel R. W. Leonard, who has presented to Ridley College \$200,000, to be used for extension purposes. Such gifts deserve public commendation. The surplus wealth of a rich man can be devoted to no better end than the advancement of education.
By the way, although we have some very rich men in Hamilton, no public institution in this city, nor any other public cause, has been benefited by their generosity and public spirit in the same degree that Ridley College has benefited at the hands of Colonel Leonard. Maybe the explanation is that most of our wealthy citizens have the bulk of their wealth tied up in industrial enterprises, and they think they can do more good by putting their surplus wealth back into their industries than by making more obviously benevolent use of it.

An excellent tonic for Spring

Nova Scotian Speaks Very Highly of Dodd's Kidney Pills.
Mr. Louis Babine is Very Satisfied With the Results Received From Taking Dodd's Kidney Pills.
North Belleville, N. S., April 12. (Special)—"I have used many boxes of Dodd's Kidney Pills for rheumatism, stomach trouble and sleeplessness," says Mr. Babine, a well-known resident of this place. "I take them from time to time when I feel dull and tired, especially in the Spring. I find they keep me well. I always enjoy good restful refreshing sleep after I take them."
There is a close connection between kidney and stomach troubles. If the kidneys are not acting properly, the stomach, like every other organ of the body, must suffer. No man ever had a healthy stomach and unhealthy kidneys. The kidneys are the great cleansers of the body, and carry off all the waste, poisonous matter.
Your health, strength and vitality depend upon the condition of your blood, for it is through the blood that every part of the body is nourished and built up. Dodd's Kidney Pills purify the blood.

No More Piles

Thousands Bless Dr. Leonhardt, the Physician Who Discovered this Common Sense Remedy
If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.
The Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.
Dr. Leonhardt makes every sufferer benefit by his discovery and so that there will be no doubting or delay. Jas. B. McLeod and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.
On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID to-day.

Can you look your tongue in the face?

Do you get up in the morning with a nasty taste in your mouth and a dark-brown coated tongue, that you shudder to look at in the glass?
Do you enjoy the real flavour of what you eat and drink and smoke? Or has that "coppery" taste got into everything?
If so, it is because your digestive system is out of order. A furred tongue is one of Nature's ways of indicating that all is not as it should be. In all probability you do not get enough fresh air or exercise, are sitting down nearly all day, work too hard, worry too much and snatch hasty, unsuitable meals at midday.
This state of affairs cannot easily be avoided under modern conditions of life, but Nature makes no allowance for those conditions. Sooner or later she rebels. The first sign is the coated tongue; then follow headaches, depression, constipation, and all the other ills arising out of a disordered liver and kidneys.
It is a duty that you owe to yourself to quicken up the action of these organs; to clear your blood, gently and surely to cleanse the impurities from your system. You can do this by taking Kruschen Salts. Kruschen is a combination of six salts, all of which are necessary to keep your body in perfect health. If you lived a vigorous, open-air life, your system would be able to extract these salts from your food. As it is, you require Kruschen. Just enough to cover a 10 cent plate taken every morning in your first cup of coffee or tea, will soon make a new man of you. You will wake up in the morning with a clean pink tongue, feeling properly refreshed by your night's sleep, bright-eyed and alert, ready to attack another day's work and another day's play.
Kruschen will give you the courage to look your tongue in the face every morning.

Kruschen Salts
Tasteless in Coffee or Tea
Put as much in your breakfast cup as will fit on a 10 cent plate.
The little daily miracle that does it.

Good Health for Half a Cent a Day
Kruschen Salts can be obtained from any drugist in Canada. A 75c bottle contains daily use in "as much as will fit on a 10 cent plate"—enough for six months—costs less than a cent piece taken in your breakfast cup of coffee or tea. Get a 75c bottle to-day.

If Teeth Lack Gleam Just Do This
Gives sparkling whiteness quickly

Please accept full 10-day tube free of this remarkable new method that leading dental authorities urge... note the difference in teeth and gums as dingy film coat goes.
The prettiest smile becomes ugly when teeth look clouded. Now modern science restores "off color" teeth to dazzling whiteness.
It's been found that dingy teeth come simply from a film that forms on teeth. A stubborn film old-type dentifrices did not successfully remove. That's why brushing failed you.
Run your tongue across your teeth and you can feel that film now—a sort of slippery coating. Beneath it are the white teeth you envy.
It absorbs discolorations from food, smoking, etc. It invites tooth decay, gum troubles and pyorrhea because it breeds bacteria.
Now, in a new-type dentifrice called Pepsodent, a scientific combatant has been found. Leading dentists widely urge it. All druggists have it. 10-day test sent free.
