REPORTS PASSED BY BOARD OF EDUCATION

All Members of the Public School Teaching Staff to Be Re-engaged.

Reports of the management and property committees occupied the attention of the members of the Board of Education, at their regular meeting held on Thursday night.

On the recommendation of the management committee, it was decided that all members of the public school teaching staff be re-engaged for another year from June 30th, under the rules and regulations of the Board, and on the recommendation of the property committee, the Board will send a deputation to Ottawa to interview the Minister of the Interior, regarding the land between Victoria school and the Collegiate Institute. The business before the board was for the most part of a routine nature.

Management Committee.
The following report of the management committee, submitted by the chairman, Trustee T. G. Bishop, was adopted:

"That an advertisement has been inserted in the local papers asking for applications for assistant teachers, duties to commence Sept. 1st, and also in the Globe and Mail and Empire, asking for applications for a principal and kindergarten-primary teacher.

"That telephones be placed in Victoria, Robert Meek, Macdonald, Frontenac, Central and the new Rideau school, on Sept. 1st, service ten months at \$32.45 each.

"That the expenses of Trustee T. G. Bishop to meetings held by the committee appointed at the convention of the Urban School Trustees' Association to investigate the costs of education and report at the next convention, be paid.

"That leave of absence be granted to Inspector J. Russell Stuart from May 22nd to the end of the present school term.

"That all members of the public school staff be re-engaged for another year from June 30th next, under the rules and regulations of the Board.

"That your committee be authorized to advertise for applications to fill any vacancies which may occur on the staff of the Collegiate Institute."

Against the Telephones.
Trustee Jones opposed the placing of the telephones in the schools mentioned in the report of the management committee. He said that the Board was endeavoring to economize this year, and he felt that the expenditure of money on telephones for these schools was not warranted. He regarded "all as extra extravagance," and also felt that the telephones would interfere with the efficiency of the schools.

Trustee Baldwin stated that a telephone had been placed in Frontenac school by the Home and School Club and that it had been a great benefit, especially in cases of sickness or in the case of a pupil being hurt.

Trustee Anglin also regarded the installation of the telephones as a wise expenditure. He favored economy, but thought that the telephones were needed.

Trustee Bishop pointed out that the telephones were a great benefit to the teachers, and also to the inspector, in securing teachers in case of absences.

Trustee Mrs. Godwin strongly favored the placing of the telephones in the school. "In case of a fire they are useful if for nothing else," said Mrs. Godwin.

The report of the committee calling for the installation of the telephones carried.

Property Committee's Report.
The report of the Property Committee was presented by the chairman, Trustee Baldwin, and adopted. The report follows:

"That permission was granted to Louise Home and School Club to hold a tea and sale in Louise school on March 26th, at 4 p.m., and to the Girl Guides the use of Collegiate gymnasium for a tea and sale on the afternoon of April 14th.

"That tenders have been called for the disposal of Rideau school building and grounds.

"That the following gentlemen be requested to go to Ottawa as a deputation to interview the Minister of the Interior regarding the land between Victoria school and the Collegiate Institute: Mayor Angrove, Mr. J. M. Campbell and Trustees T. G. Bishop, J. G. Elliott and Allan Lemmon.

"That the tender of H. Ward & Son for painting, etc., in Central

"That the following tenders, being the lowest, be accepted; the work to be done as per specification and under the supervision of Mr. C. Drever:

The finance committee reported: "That at a conference held on March 19th with representatives of the finance committee of the City Council, it was decided to recommend to the Board that a reduction of \$2,000 be made in our estimates in order to make possible a reduction in the tax rate."

School Attendance.
Inspector J. Russell Stuart reported as follows on the attendance in the public schools during March:

The enrolment at the end of the month was 2,717 or 13 more than last year. The total average daily attendance was 2,405, a falling off of 57. This is accounted for by sickness, including a number of cases of communicable disease.

The report of Principal E. O. Sitter on the attendance at the Collegiate during March show the following: Enrolment 743, average attendance 687. This is a decrease of 9 in enrolment and of 12 in average, as compared with 1925.

The Board received a letter from J. M. Campbell, in which the latter expressed his thanks, for the honor conferred on him in having selected him as a member of the industrial committee.

Miss Jean M. Chapman wrote the Board tendering her resignation as a teacher in Frontenac school.

Capt. Heron notified the Board that the Governor-General would be unable to come to Kingston on May 19th, to inspect the school cadets and that Major-General E. H. Elmley would conduct the inspection. Sergeant Gimblett will train the cadets for a special display, to be given following the inspection.

Mr. A. McDonough, superintendent of the welfare department of the Metropolitan Life Insurance Company, addressed the Board, asking for the co-operation of the members in the work.

The chairman, Trustee L. T. Best, presided at the meeting, and the other members present were Trustees Anglin, Baldwin, Bishop, Campbell, Day, Elliott, Mrs. Godwin, Jones, Mills, Milo, Moore, Mrs. Newlands, Mrs. Reville, Stewart and Wightman.
