

### 5 corns removed by Radox

The stabbing, throbbing pain of a corn will always continue until you remove the cause of the trouble—the root of the corn. Plastering or cutting will not get rid of them. But a few Radox foot-baths will enable any corn to be lifted out root and all. A Radox user writes:

"I can say from experience that Radox is far superior to any other Bath Salts on the market. I have had bad feet ever since I can remember, and have tried dozens of preparations without success. About a week ago I decided to give Radox a test. The result was wonderful. After 15 minutes' immersion, I was able to remove my corn, root and all."

P.N.  
14th July, 1925.

When you put your feet into a foot-bath containing Radox the salts soften the hard outer layers of the corn and the oxygen which Radox liberates enters the pores, opens them and penetrates further and further, carrying the corn-softening salts right to the root of the corn, which is thus loosened so that it can be lifted out bodily. This life-giving oxygen leaves the feet clean and healthy. Because it is the oxygen which carries the corn solvents to the root of the corn, and because Radox liberates, by test, more oxygen than any other salts, it is obvious that Radox is more efficient in removing corns than any other salts. On your way home to-night, buy a package of Radox Bath Salts at the drugist's.

### Adventures of the Twins

By Olive Roberts Barton.

Muffy Musquash. "So you want to be all colors, instead of just plain brown, do you?" said Mister Rubadub to little Marky Muskrat, who had come to get spring-cleaned.

"Yes, sir!" said Marky eagerly. "I certainly do. I'm so sick of myself, I never look in my water looking-glass any more. I'd like to be blue like the bluebird and bluejay, red like the robin, yellow and orange and black like the orioles, green like the warblers and all the rest of it."

"I'll do the best I can," said Mister Rubadub. "But remember, my boy, don't blame me if you look like a poll-parrot, a rainbow, and the sample card for a paint store all rolled into one."

"I won't! I shan't!" said Marky. "I shan't blame anybody for anything."

"And if you get sick of yourself, you can't change things," warned Rubadub. "Magic paint is magic paint, and it won't come off by jumping into Ripple Creek."

"I don't care! I'll not want it to come off!" sang Marky. And he did a little skippy dance, humming the song he had been singing when the Twins found him sitting on the mudbank:

"Oh, spring is coming. One, two, three. Someone's happy. That is me."

All this time the March Hare didn't say a word. "What's the use?" he was saying over and over to himself, this wise old hare was. "What's the use? When young people take a thing into their heads, it's better to let them alone. Experience is a dear school, but foolish people will learn in no other."

Rubadub got to work at Marky at that very minute. He gave him a good soap and water bath, then he dried him and brushed him and barbered him. Marky looked as fresh and clean as a new spring lamb.

And I certainly think he should have been satisfied. But not he! Nothing would do but that Mister Rubadub should paint him up with magic paint, and put it on thick at that.

Answer to Thursday's Crossword Puzzle.

don't look like me, and I don't feel like me—I'm not going to be me. I always hated my name anyway. I'm going to go by my Indian name after this. Musquash! My name is going to be Muffy Musquash. Good-bye, everybody, and thank you a million times. I'm off for the Land-Where-Spring-Has-Just-About-Come. And I'm Muffy Musquash! Good-bye!"

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonard was first to find the remedy and called his prescription HEM-ROID.
