PYORRHEA

checks 4 out of 5

WHY take chances with dread pyorrhoea? Through carelessness, four out of five suffer with it after the age of forty, and many younger.

This pleasant dentifrice contains Forhan's Pyorrhoea Liquid which has been used by dentists for the last 15 years in the treatment of pyorrhoea.

How Long Since You Saw Your Dentist?

Don't wait until your dentist has to treat an aching tooth. Visit him regularly at least twice a year for a thorough tooth and gum inspection.

Forhan's

FOR THE GUMS More than a tooth paste—it checks Pyorrhoea

THE WOLFE ISLANDER TO BREAK THROUGH

The Ice in Harbor in Attempt to Cross to the Island.

Capt. McDonald of the steamer Wolfe Islander, announced on Wednesday morning that he expected to leave the city wharf at the foot of Brock street on Wednesday afternoon for the purpose of trying to break a channel through the ice to Wolfe Island.

When speaking to a representative of The Whig, he said that he feared the ice would be very thick, and the trip to the island would likely take considerable time.

It was on March 26th last year that the steamer Wolfe Islander made the first trip to the island. The steamer Salvage Prince broke the ice on March 15th.

On Wednesday morning iceboats, carrying the mail, came over from the island. The men in charge of the boats reported that the ice was firm close to the island shore, but there was considerable open water in the channel and close to the Kingston shore. There was a sail on the boat, and it was used when open water was met.

Landed at Rockwood Wharf. The tugs Russell and Glyde sopped at the Rockwood wharf Tuesday afternoon on their trip back to Hamilton from Ogdensburg. Little ice trouble was experienced on the return trip as far as Kingston, but the weather was rather rough.

The steamers Rahane and Bruin have received orders to clear the end of this week. The repairs on the steamers have been completed and it is likely that they will clear Saturday or Sunday.

The schooner's and steamers owned by local concerns are undergoing repairs in preparation for the season. The work affords employment to a large number of men.

The government steamer Scout left the Davis dry dock on Tuesday after undergoing extensive repairs. Another boat will enter the dry dock within a few days for overhauling.

It is reported that the ice is jammed in the river about nine miles below Kingston and is liable to hold up the ice flow from the lake for a few days.

VETERANS' PLAYERS DELIGHTED PATIENTS

At the Mowat Hospital—Present Fine Programme on Tuesday Evening.

The Jubilee Minstrels, presented by the Great War Veterans' Association Club Players, scored another success when the entertainment was presented at the Mowat Hospital on Tuesday evening for the patients and staff.

Twenty-two numbers, interspersed with jokes which produced gales of laughter, made a very fine entertainment. "I'm An Airman," by Mr. Charles Hicks; "Chick Chick Chick," a comedy duet by Messrs. T. Flint and C. Hicks; "Carry Me Back to Old Virginia," by J. L. Ramsay and quartette, and "Jungle Moon," by the quartette, with C. Edwards as soloist, were some of the outstanding hits, while "Capt. Junkett's Famous Undersea Band" was a scream.

The company was composed of V. Burrows, Ivor Edwards, N. Turner, H. Ashton, T. Flint, Charles Cross, Charles Hicks, A. Hinks, J. Corbory, Charles Simpson, F. Goddard, J. L. Ramsay, T. Angrove and C. Edwards. Miss L. Connor was the accompanist. A vote of thanks was moved to the players for their splendid entertainment.

SHARE LIABILITY

Two Cars Injured and Both Owners Pay Part of Damage.

Automobiles belonging to R. J. Graham, mayor of Belleville, and Mrs. Mary Davies, Ottawa, met at a cross-roads at Britannia Heights, near Ottawa, on July 12th last, and both cars were damaged. Mayor Graham and his wife were injured and sued Mrs. Davies for \$3,500. Mrs. Davies counterclaimed for \$35. The case was tried by Mr. Justice Grant, who finds both parties were negligent—Mayor Graham in running at from 20 to 25 miles an hour, "with a roar like an airplane," when approaching a crossing, and Mrs. Davies in not keeping a proper lookout. Under the Contributors Negligence Act, his Lordship finds Mayor Graham 75 per cent. responsible for the accident and Mrs. Davies 25 per cent. Though Mr. Graham was responsible to a greater degree he is awarded higher damages as the injury to his Pierce-Arrow car was more extensive than to Mrs. Davies' Ford coupe. On the adjustment between claim and counterclaim, Mr. Graham is awarded judgment for \$194.04, without costs.

Two of the three large buses used by the Eastview Transit Company will now operate between Brockville and Westport.

Keith Moxley, of the customs department, has purchased from A. E. Foxton a brick residence located at 5 Halliday street, Brockville.

TELEPHONE EMPLOYEES HELD A JOLLY DANCE

Event in Ontario Hall on Tuesday Night Was a Great Success.

The employees of the local branch of the Bell Telephone Company held one of the most successful and enjoyable dances of the season, in Ontario Hall, Tuesday evening, over one hundred and fifty couples being present. Dancing was enjoyed from 9 till 12 o'clock, splendid music being rendered by the Sid Fox orchestra.

Noise-producing balloons and fancy paper hats, were distributed for the novelty number, after intermission, and added much gaiety and amusement to the event. The patronesses were Mrs. A. Drew, Mrs. A. J. Evans, Mrs. E. I. Mooney and Mrs. A. R. Worden, and the committee, to whom much credit for the complete success of the evening is due, was composed of Miss G. Houston, Miss K. McKegney and Miss S. Rogers.

Across Canada and Back. Marvellous beyond conception inaptly describes the glories of Canada's Rockies. To be fully appreciated they must be seen. To start cut on a trip by one's self into this unfamiliar but far-famed paradise-on-earth, to many appears quite a task. Realizing this, Dean Sinclair Laird, of Macdonald College, an experienced Rocky Mountains traveler, for the third year in succession, has undertaken to conduct a party through this glorious wonderland.

A special train of dining, standard sleeping, and observation compartment cars has been chartered, to leave Toronto on July 19th via the Canadian Pacific Railway. Stops will be made at Port Arthur and Fort William, which together form Canada's greatest grain port; Winnipeg Beach, the popular summer resort for Winnipeggers; Winnipeg, Canada's third largest city; Indian Head, the chief tree distributing centre of the Federal Forestry Branch; Regina, the capital of Saskatchewan; Calgary, Alberta's largest city; Banff, the world-famous mountain resort; by automobile for 104 miles over the Banff-Wilderness Highway, the most spectacular drive in Canada; through Kootenay Lake to Nelson, the commercial centre of Southern British Columbia; then through the Doukhobor country to Penticton; along lovely Okanagan Lake, and to Vancouver, thence by steamer to Victoria.

Returning, the trip will be by the main line of the Canadian Pacific, through the great canyons of the Fraser and Thompson Rivers, and through the Selkirk, and Rockies, affording scenery such as can be found nowhere else on earth; Lake Louise, the Pearl of the Rockies, the most perfect gem of scenery on the world; another day at Banff, Edmonton, the Capital of Alberta; Saskatoon, the city of optimism; Devil's Gap, near Kenora, thence to Fort William, where one of the fine Canadian Pacific steamers will be used across Lakes Superior and Huron to Fort McNicoll, then rail to Toronto, where the trip will terminate.

Everything is included in the price of \$330, from Toronto; transportation, sleeping cars, accommodation in hotels, and bungalow camps, meals in diners, hotels and on steamers, and sight-seeing tours at points visited. The trip is open to all, and applications for accommodation, are being received.

Fares from other points than Toronto will be named, and descriptive illustrated booklet sent on application to Dean Sinclair Laird, Macdonald College Post Office, Que.

D. R. Kerr, Montreal, is dead. He was forty years with the Bank of Montreal. He was at Cornwall, Almonte and Brockville. He married Miss Mary E. Wylie, daughter of the late Capt. David Wylie, Brockville, who survives him with two sons.

PICTON

Picton, April 20.—The annual meeting of the Prince Edward Board of Trade was held last evening in the Public Library. Arrangements were made for the annual banquet. It is hoped that Hon. Charles McCrea, Minister of Mines and Minister of Fisheries, will be present as chief speaker.

Mrs. J. English has returned to town after spending the winter in the sunny south.

Mr. and Mrs. J. A. Wallace of Toronto have been recent guests of Mr. and Mrs. James Larig.

Mrs. W. H. Branscombe is preparing to go to New York early in May to spend a month with her daughter, Mrs. John Tenny, and family.

Claude Dulmage of Point Traverse, one of the fishermen who was marooned on Lake Ontario in an open boat and given up by friends as lost, came up to town on Monday to report on jury duty. Mr. Dulmage seemed none the worse for his trying experience.

Staff-Capt. Wright of Montreal came up to Picton to help with the services in the Salvation Army Citadel over the week-end.

Pictonians are delighted at the prospect of having a passenger steamer service on the Bay this summer. Secretary R. B. Woodward, of the Chamber of Commerce, Rochester, N.Y., has announced that, beginning about July 1st, the steamer Rapids King will make three trips a week through the Bay of Picton, calling at all intervening ports. Rochester will be the home port.

There will be a masquerade ball in the Armouries Wednesday night. Mrs. M. E. Knox will be hostess to the Youman's Y this (Tuesday) evening at her home, Talbot street.

LATENESS OF THE SEASON.

Reason for the Extending of the Muskrat Season.

An announced in The Whig on Tuesday, the muskrat season has been extended till April 30th.

This action has been taken by Hon. Charles McCrea, Minister of Game and Fisheries in the Ontario Government, in response to representations made from all parts of the province.

The season for muskrats, normally, would close on April 21st. The lateness of the season, which has left the ground frozen up and has made it impossible for the trappers to secure their normal number of muskrats, is given as the reason for the extension.

Noted Publisher Passes.

Chicago, April 21.—Ogden T. McClurg, wealthy publisher and internationally known explorer and sportsman, died yesterday as the result of a cerebral hemorrhage suffered yesterday.

Arthur Gravells, J.P., has been presiding at sessions of police court in Renfrew since the death of Police Magistrate Eady. He handles cases arising in Renfrew.

A gang of men in the employment of the city are working at the installation of new sewer pipe on Union street.

Red Lake District Map

The latest product of aerial photography combined with ground surveys is a map of the Red Lake district, in North-Western Ontario, in which so much prospecting is being done at present. By the use of this method, carried on by the Topographical Survey, Department of the Interior, Ottawa, in co-operation with the Royal Canadian Air Force, a wealth of detail has been collected, comprising lakes, rivers, portages, falls and similar information, which would have required an immense amount of effort to obtain by ground surveys alone.

The map has been published on the scale of one inch to two miles and covers an area about forty miles by sixty miles in extent, approximately centred at Red Lake. Whereas prospecting has up to the present been confined to areas close to Red Lake itself, it is anticipated that with the aid of this map as a guide, the extension of these activities over broader areas will be greatly facilitated. As an indication of the mass of waterways in the district it may be stated that something like 700 lakes are shown. Indeed, so many lakes and other features have been suddenly brought to light that only a relatively small number have been named.

This map will aid the prospector in getting through the district and will help him to choose the most direct route of getting out to the Mining Recorder's office. For properly recording his claim, also, he will be better able to indicate to the mining recorder exactly where it is situated. A system of reference squares, into which the map has been divided, particularly facilitates this object. This is of especial importance on account of the large number of so far unnamed physical features.

A Noted Irish-Canadian

(Toronto Globe) Ontario loses an endearing figure in the death of Joseph P. Downey, for the past fifteen years Superintendent of the Ontario Hospital for Mental Diseases at Orillia, and previously for eight years member of the Legislature for South Wellington. Mr. Downey was early chosen editor of The Guelph Herald, but his taste and capacity led him into the field of public life, where he attained a wide reputation as an orator, but he also earned hosts of friends. He had a natural gift for platform speaking, but he was warm-hearted, witty and persuasive, as befitting his inheritance of Irish blood, and soon became intimate with Liberals as well as with his own Conservative colleagues.

At this period there was a notable group of editors of Ontario newspapers in the House, including Andrew Pottulo, George P. Graham, T. H. Preston, E. J. B. Pense, Hugh Clark, Phil Bowyer, Hon. J. R. Stratton and others, and it may be said, with fairness to the other vacationers represented, that this group contributed materially to the Legislature's knowledge of public affairs and debating ability.

George Wilkinson Passes. Prescott, April 21.—George Wilkinson, one of the pioneer residents of Prescott, passed away at the age of eighty-eight years. He was born in England and came to Prescott seventy-three years ago, and had resided here ever since. He spent practically his entire life in the employ of the C.P.R., entering the service in 1853, with the old Prescott and Bytown division. In 1911 he was superannuated.
