TOLD TO HOLD TORCH OF CULTURE HIGH

(Continued from Page 1.)
Kingston had produced some great men and some great institutions; great deeds had been done in this city, Mr. Bennett said, but of all the institutions none had left an impress on the life of the Dominion comparable with Queen's. Even in the western provinces could be found associations keeping warm the thoughts of the alma mater.

"I think the outstanding characteristic of Queen's graduates is their love and admiration for their alma mater," said Mr. Bennett. "You will find Queen's graduates in the remote parts of Europe, in every state in the Union and in every province in Canada."

"I would like to say a word to my fellow students. There never was a time when this nation required more your help and devotion than to-day. We are losing too many of our young people. I only hope that you will find a place here where you can make a contribution to Canada."

Speaking of making sacrifices to live in Canada and to do something for Canada Mr. Bennett said: "Men have died for Canada, why can't men live for her?"

In concluding he spoke a word of encouragement and reminded his listeners that all was not going to be easy to achieve. There would be disappointments and disillusionments, but he adjured them to hold fast to all that was good and true and to have the courage to win out.

Sir Robert Borden.
Sir Robert Borden expressed the hope that the graduates would carry forth with them into life the culture, learning and idealism obtained at the University. It would be well for them to hold high the torch of culture, he said, so that those who were concerned only in the clang of the factory and the din of the market place would sometimes be turned toward it.

"We have been living in this country for about seventy-five years under what is considered democratic government," said the Chancellor. "It has been superseded in many continental countries and is being tested in Great Britain at this time. I have every faith that the old Motherland will successfully weather the storm. As far as we are concerned, remember that democracy cannot succeed in this or any other country unless the nation gives of its best. When you reach my age and look back, nothing will give your soul greater satisfaction than service done in the past."

ANNUAL MEETING OF C.P.R.

President Beatty Speaks of the Freight Rates.
Montreal, May 6.—At yesterday's annual meeting of the Canadian Pacific Railway Company the retiring directors, Ross H. McMaster, J. K. L. Ross and Sir Thomas Skinner Bart, were re-elected for a period of four years.

"I am satisfied that the method of equalizing freight rates by the government subsidy and heavier taxation is unsound, both from the standpoint of the country itself and of the interests of transportation companies," announced E. W. Beatty, K.C., in course of his annual presidential address to the shareholders.

ANAEMIA SHOWS IN VARYING SYMPTOMS

Pains and Aches Disappear When the Blood is Built Up.

When the blood is thin every organ of the body suffers. So anaemia shows in indigestion, nervousness and headaches as well as in loss of color and strength. Many symptoms develop which to the patient suggest widely different diseases and so cause much needless apprehension. The quickness with which a supply of rich, red blood will drive away all these pains and aches is shown by the result of treatment with such a reliable blood-building tonic as Dr. Williams' Pink Pills. The value of this medicine is fully proved by the experience of Miss Alice Sandberg, Oregma, Sask., who says:—"I can speak with the highest praise of Dr. Williams' Pink Pills, for to this medicine I owe my present good health. Last winter I became run-down, was pale and sickly looking. My back ached and I had severe pains in the stomach. At times my head ached and I would feel dizzy. I tried various medicines but they did not help me. A friend advised me to try Dr. Williams' Pink Pills, and I can scarcely say how glad I am that I acted on this advice. I had not been taking the pills very long when I felt a change for the better. Day by day I became stronger. The headaches, backaches, stomach troubles and dizziness disappeared and I was again enjoying good health. You may be sure I shall ever have a good word to say for Dr. Williams' Pink Pills.

If you need a blood-building tonic begin taking Dr. Williams' Pink Pills to-day. Sold by all medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.
