BASEBALL SCORES

International League.
 Toronto, May 6.—Toronto and Newark broke even in their double-header here yesterday, the Leafs winning the first game, 3 to 1, when Mickey Heath drove the ball to centre for a home run with two on base, and the visitors taking the second tilt by 5-3 after smashing Stewart's offerings for five runs in the first two innings.

Lofty Faulkner pitched brilliant ball in the first game, holding the Bruins to six scattered hits. After Stewart was driven off the mound in the second game, Phillips blanked the Bears for three innings, but gave way to a pinch-hitter in the fifth. Hubbell finished the game and was invincible.

SPORTING NOTES AND COMMENT

The proposition to include a junior team from Gananoque in the Junior City Baseball League may sound all right on the surface, but it does not appear as though this move would prove successful.

The Victorias and Circle-Six are right here in the city and under the eye of the executive all the time and can be secured on very short notice should circumstances arise. Besides this, they are two evenly matched teams and the fans would rather see them battle it out than have a Gananoque team brought in. It would not hold the same rival interest with another team in from outside.

And, apart from this, supposing a team from Gananoque formed the third team in the League and happened to win out, where would Kingston be represented in the junior playoffs? And again, Gananoque teams have not proved to be drawing cards in Kingston in the past few years. It would be better for the Island Town club to stick to their own league, or wait for the junior playoffs.

It would appear as though the powers that be in the Mercantile Baseball League, which controls the Junior City League baseball, would act wisely in keeping the local league to Victorias and Circle-Six unless a team right here in the city were found that could guarantee good opposition, regardless of whether the entries are closed now or not.

To take in a team from outside appears to be the wrong thing to do. It would affect the league financially and otherwise and in the end there would be no satisfaction to have an outside team in the City of Kingston Baseball League.

The Printers will not be represented only in the Mercantile Baseball League, but in the Kingston Softball League as well. Those whose palmy days on the baseball diamond are over, and who know it, are taking to the softball game, while the others, some who are good and others who long ago finished their time, will stick to the Mercantile Baseball League. Both outfits will doubtless win the two championships.

The Central Ontario League will on Saturday pass on the certificates of players to take part in the Central Ontario League games this season. The Kingston club has signed but few players so far, nearly all being last year's men.

Local golfers are losing no time in practice and the links are already frequented by the more eager enthusiasts. The first match will be played on the 22nd, between the president's and vice-president's teams.

Sheiks for Chicago.
 A despatch from Boston states that the Boston man who had an option on the Saskatoon Sheiks of the Western Hockey League has surrendered it, and that the Sheiks have been sold outright to a Chicago syndicate.

BELLEVILLE CLUB IS TO PLAY HERE

Will Meet Local Golfers on May 29th.

The work of putting the links in shape at the Cataract Golf and Country Club is proceeding rapidly and although only eight holes are ready at the present time, all will be completed by the 22nd of the month when the match between the teams of the president and the vice-president takes place. This is one of the most enthusiastic events of the golfing season and much interest on the outcome is being shown.

The week after this match, the Belleville golfers will invade the local club for a match. The best, of course, will be picked to stack up against the visitors and as the Bellevillians have no mean record on the links, there are bound to be some close situations.

Everything points to a very successful season at the Cataract Golf Club this season and the utmost enthusiasm and interest prevails.

YARKER IS TO HAVE A VERY STRONG TEAM

Enthusiastic Meeting Was Held on Tuesday Night.

At a very enthusiastic meeting of the Yarker baseball fans held in Flint's billiard parlors on Tuesday night, it was decided to have a senior team to represent the village on the diamond this season and as a result officers were elected as follows:

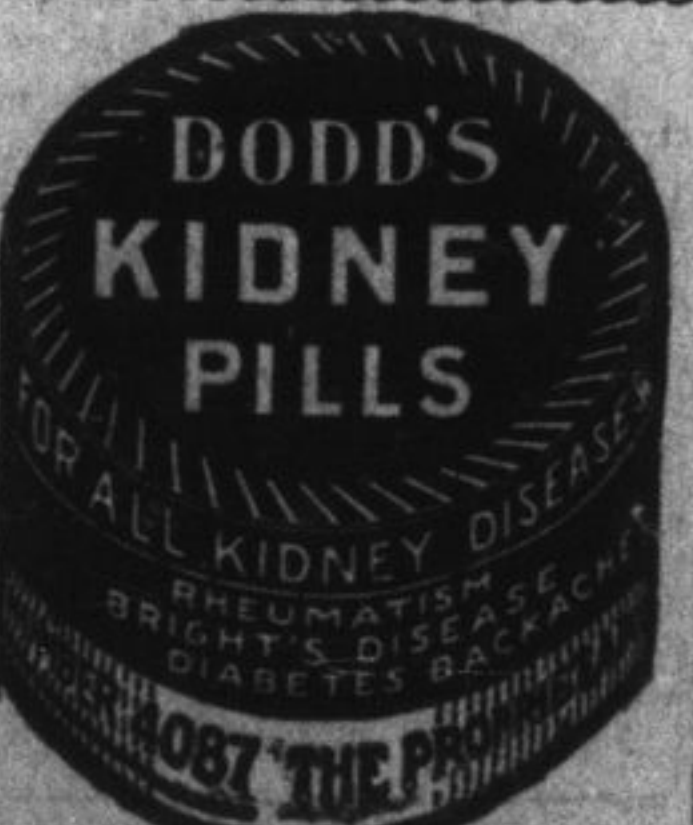

President—Manly Foster.
 Manager—George Flint.
 Secretary-treasurer—Dennis Smith.
 It was brought out at the meeting that there were most of the members of last year's team available for this season and it was the opinion of those at the meeting that Yarker could field a strong team. It was decided to seek entry into the Lennox and Addington Baseball League and if possible, play in that League through the season.

Subscriptions towards fitting out the teams have already been started and to date those in charge have met with splendid success.

VARSITY GRADUATES TO HAVE HOCKEY TEAM

Toronto, May 6.—This spring, more than any other in recent years, there have been many rumors regarding next year's hockey outlook, both amateur and professional, but the sources of most of the reports of new clubs have been hard to find. It is stated that there are two local organizations after berths in the senior O.H.A., one club representing the University of Toronto, and the other being backed by individual members of the Granite Club. The former organization has taken definite form, a meeting of the University of Toronto Hockey Club yesterday deciding upon changes in the constitution of the U. of T. Athletic Association which, if sanctioned by the Athletic Directorate in two weeks' time, will enable the University of Toronto to run two hockey teams next winter, one in the Intercollegiate, composed of undergraduates, and the other

composed of graduates, will seek a berth in the senior O.H.A. The graduate team will be built around the four members of the Allan Cup finalists, who graduate this spring, Lou Hudson, Hugh Plaxton, Joe Sullivan and Jack Porter, and among the other players who have promised to play with the Blue and White are Ross Taylor, Charlie Evans, and Roger Plaxton, all with Osgoode Hall last winter. Sandy Somerville has returned from Pinehurst and is in the city, and is stated he will reside here, playing golf for the Rosedale Club and joining the Graduates' Club.

This fine old Canadian drink is now world famous

"CANADA DRY" was originated by J. J. McLaughlin Limited far back in the late nineties and it soon became known throughout the Dominion as an exceptionally fine ginger ale.

For many years, however, it was sold only in Canada. Even the name was unknown beyond the borders of our country.

Then it was introduced to the United States and it became a sensation overnight. People there had never tasted a beverage so delicious and refreshing and they took to it as they have never taken to any other ginger ale. In the last five years, "Canada Dry" has been the most amazing beverage success the States have ever seen.

Today this fine old home product is sold

in almost every country on the map and it is famous the wide world over for its high quality. You will find it sold even in such far-off countries as Egypt, the Virgin Islands, the Philippines, Cuba and Hawaii.

Millions of bottles are sold every week and every bottle sold advertises the excellence of Canadian products and helps to make Canada better known. The very name "Canada Dry" does that.

Pale, like champagne in color—"dry," like an old wine—piquant yet mellow—gleam with sparkling vitality—it is the finest beverage you have ever lifted to your lips or served to some good friend.

Try it soon. You will never forget the wonderful flavor.

CANADA DRY

By Appointment to Their Excellencies, The Lord and Lady Byng of Vimy

The Hostess Package of 12 bottles

TRY THIS DELICIOUS DOZEN

Here's the most convenient way of buying "Canada Dry." Ideal for home use. Twelve bottles in a substantial carton. You will be especially glad to have it handy for your dinners at home, for formal entertaining or when good friends drop in unexpectedly. This Hostess Package is sold by all "Canada Dry" dealers.

Made in Canada by J. J. McLaughlin Limited, Toronto and Edmonton. Established 1890.
 Inc. J. S. A., Canada Dry Ginger Ale, Incorporated, New York
 Sold by The Fenwick Hendry, Co., Kingston.

Semi-ready TAILORING

The Paavo

With Wedge coat to great demand in England to-day. Its snugly at hips, with broad shoulders and peak lapels. Always smart with more than its share of durability.

Excites Favorable Comment

"KING'S OWN SERGE" goes everywhere. It rubs shoulders with high and low alike and always excites favorable comment. Fashioned to a double or single breasted, light weight suit, you'll find it useful throughout the four seasons. Why not step out into the sunshine this spring in the "King's Own" blue—the standard of fine taste for a century—that meets every requirement of wear and value.

LARGE FUNERAL FOR LATE JEFF RUSSELL

Traffic Held Up Outside Church While Service Was Being Held.

Montreal, May 6.—The funeral of the late "Jeff" Russell was held yesterday afternoon amid a demonstration of widespread mourning. St. James the Apostle Church was crowded to the doors and large crowds unable to gain admittance remained outside, congesting the traffic so large was the number. Representatives from the Royal Military College and other units in uniform were present besides many prominent Canadian athletes.

HOCKEY OUT WEST.

Seattle, Wash., May 6.—"Wec" Coyle, of Seattle, holder of an idle franchise in the Western Hockey League, declared here that the league will not be dissolved and that Seattle will soon enter a team. Sale of the Victoria Cougars to Detroit interests and rumors that other clubs of the league were to be abandoned or sold, led to reports that hockey in the Pacific Northwest would soon be a thing of the past. "The date of Seattle's re-entry

into hockey," Coyle said, "depends on when a new civic auditorium project is completed. If the structure is available in time for the coming winter's campaign, we'll be in with a team, and with us will be Vancouver, Victoria and Portland, San Francisco and Oakland will be ready in another year."

At least 13 arctic explorations are planned for this summer. There are 31 towns named Franklin in the United States.
