

MOTHER'S DAY IN THE CITY CHURCHES

Special Services Are Held by Some of the Sunday Schools.

Mother's Day was generally observed in Kingston yesterday by the wearing of a flower in honor of the mother, and special services were held in a number of the churches and Sunday schools.

At Princess Street Church the junior choir was under the direction of Mrs. L. M. Loney. Rev. Mr. Curtis spoke on the subject of "Mother's Influence." At the evening service a full women's choir led the singing and the subject of the pastor's address was "Why Men Turn to God."

At Cooke's Church the Sunday school pupils were in attendance at the morning service and seven young girls acted the parts of various mothers mentioned in the Bible. This also formed the theme of the sermon of Rev. T. J. Ferguson, the pastor. A mother's choir of about twenty-five girls sang at both the morning and evening services. In the evening the minister spoke on the "Influence of Mary on the Life of Jesus."

Mother's Day was observed in Chalmers Church Sunday school, where the Mother's Day programme was carried out. Prof. J. F. McAdams gave the address on this occasion. At the morning service Rev. G. A. Brown spoke on "Home Foundations."

A message, "Mother of the Bible," was presented at the Queen Street Church Sunday school and Rev. W. H. Raney chose as the subject of his morning sermon, "Mary, the Mother of Jesus."

The Sunday school of the First Baptist Church put on a special Mother's Day programme of songs and recitations in which the children took part and the pastor, Rev. M. C. Johnson, made an appropriate address.

ONTARIO ELECTIONS. Liberals Believe June 28th Is Date, Says Toronto Globe.

Toronto, May 10.—According to a news item which The Globe published Saturday, "Ontario Liberals are unshaken in the belief that the stage is set for a general election and that Premier Ferguson has selected June 28th as the date for his appeal to the country." The Globe continues: "Just how confident they are concerning their date predictions can be gathered from the fact that they are rushing convention organization work in all parts of the province with all possible speed."

"No stone is being left unturned to provide, in electorates where new candidates will be chosen, a state of preparedness which augurs well for the success of these representatives." Chief of the important Liberal gatherings to be held in the next fortnight is the annual meeting of the Eastern Ontario Liberal Association at Ottawa on May 15th. W. E. N. Sinclair, Liberal leader in the Ontario Legislature; Nelson Parliament, former Speaker of the Legislature, and other prominent Liberals, will address this convention.

Conventions are being arranged in nearly every riding of the province, although definite information on all of them will not be forthcoming for a few days. The Telegram intimates that the lack of Conservative action may mean that a "June election is off."

Great Interest Shown In First Aid Study

Twenty-six blue-coated, brass-buttoned, medal-bearing Canadian Pacific Railway policemen were on hand to greet Lord Edmund Allenby, conqueror of Palestine, when the famous soldier visited Montreal recently. They stood smartly at attention while the English general laid a wreath on the monument to the fallen soldiers in the Windsor Station and acted as his escort after his tribute. Every one of these constables is a certified St. John Ambulance Association First Aid graduate. They are among the best first aid teams in the country. Since the inauguration of the Canadian Pacific Railway Council of the St. John Ambulance Association over 25,000 employees have been instructed in the art of rendering first aid. This includes every branch of the service. Exclusively employed on Canadian Pacific Railway trains, some two hundred and sixty-two employees of the sleeping, dining and parlor cars recently passed the first aid examination prescribed by the St. John Ambulance Association. This group of men consists of conductors, stewards, chefs, waiters, porters and others who are employed on C. P. R. trains. The men who passed the examinations studied in their own time and without a shadow of compulsion. They voluntarily underwent a two months' course of instruction by one of the Company's First Aid instructors. In all, 421 employees took these classes, but a number of these men were engaged on long-run trains and so were unable to attend all the classes owing to absence from town. Accordingly they did not present themselves before the medical examiner, as they felt they were hardly prepared to pass the searching test involved. The knowledge they have gained, however, will stand them in good stead when the next series of classes is held. The foregoing information came in the form of an announcement at the headquarters of the Canadian Pacific Railway in Montreal and is striking illustration of the enthusiasm with which First Aid instruction is regarded by the railway employees. First Aid classes are now being held at Quebec, Three Rivers, Montreal, Ottawa, Hull, and Smiths Falls in Eastern Canada and are being well attended by employees in all branches of the C. P. R. service.
