is based on a 2000 Year-old Secret TUST as Nature has given to man the instinct to rub his hurts,

J so in her wonderful storehouse of herbs she provides the ideal substance to rub with. The Gladiators of Ancient Rome knew this secret. Their precious herbal balms had magic healing powers. After 2,000 years, the secret of natural healing has been rediscovered. In Zam-Buk we have to-day the identical skin-growing property of the ancient costly balms, with the additional purity and

refinement which only modern scientific skill can bring. Directly Zam-Buk is smeared on a jagged wound or obstinate sore, an extraordinary regeneration of the tissues begins. All pain and itching dies away, inflammation is allayed, poisonous influences which hinder healing are neutralised, and there is a speedy growth of new skin.

Zam-Buk is "the handy skin doctor" in a million homes because it is so quickly soothing and effective. Zam-Buk's absolute reliability comes from its pure herbal character and entire freedom from animal fats.

If you have a wound, sore or an ulcer that defies ordinary cintments, or if you suffer from a fiery ecsema, or know the weakening agony of piles, Zam-Buk is the friend you need. This great soother and healer is also unequalled for cuts, burns, scalds, bad legs, ringworm, poisoned sores, children's scalp troubles and for general embrocational use.
