Market Small Tuesday. Only a few farmers attended the market on Tuesday, the disagreeable weather being responsible for the small attendance. Very few buyers were in evidence, and some of the farmers left the market early.

Housecleaning Days. The housecleaning days are here. In spite of the cold and rainy weather, the housewives have to get at this work. These are the days when hubby and the members of the family have to be satisfied with lunch served on the sewing machine.

Had No Meeting. Owing to the fact that there was no special business to come before the committee, there was no meeting called of the civic fire and light committee on Tuesday afternoon. A meeting of the Board of Works will be held on Wednesday afternoon.

Use the Garbage Cans. Kingston streets look shabby with their litter of soiled papers, bags, cartons and paper cases. People should help keeping the streets free of rubbish. The garbage can is used for waste, not the streets.

Y's Men's Club. The local Y's Men's Club held a meeting at the Y.M.C.A. Monday evening with a very good attendance. Several matters of business were discussed and the meeting was followed by a rehearsal for the minstrel show.

Council Will Adjourn. The city council will hold two more meetings and then adjourn for the summer months. Providing the fair grounds, by-laws, to be voted on next Monday is carried, the necessary steps will be taken to carry on the work at the fair grounds during the summer months.

It arose out of an automobile accident which occurred at the village of Frankford on April 7th, 1925. An X-ray picture was taken and the fracture set on the leg of Aileen McLaren, aged ten. This necessitated six weeks' treatment. Experiencing trouble the limb was later rebroken and she spent six weeks in Kingston Hospital in recuperation.

Suffered From Accident. Mrs. G. Breese, Syracuse, N.Y., received a painful accident in a most peculiar manner. She was on her way to her summer cottage near Newboro accompanied by her grand-

daughter. Her grand-daughter got out of the car to open a gate but could not manage it. DIVISION COURT CASE OVER PRICE OF MILK

In Which the Plaintiff Was Awarded Sum of \$131 and Costs.

In Division Court, Tuesday morning, Judge Madden heard a case concerning the winter price for milk, bought by the distributor from the producer.

The case was brought by N. J. Babcock against David Baker. Babcock claimed that \$2.20 per hundred weight was the price received by all the producers from the distributors for milk during the winter months. Baker claimed that he had a definite agreement with Babcock to supply milk at \$2.00. The evidence was very contradictory, and the decision was given in favor of the plaintiff. The amount granted by the decision was \$131 and costs. A. Revelle acted for Babcock and Charles Webster defended David Baker. There were a number of other cases on the docket.

Decisions Are Given In County Court Cases

The decisions of Judge Madden in the County Court cases of Kennedy vs. Gorman and Fowle vs. Deyo, which were heard in the latter part of last month were announced by County Clerk Wood this Tuesday morning.

In the case of Kennedy vs. Gorman, in which Kennedy asked that a chattel mortgage given by him be set aside, and the money obtained by Gorman through disposing of the goods named in the mortgage, be refunded on the ground that the mortgage had been altered after he had signed it, the action was dismissed with costs.

The case of Fowle vs. Deyo concerned the sale of some foldapar. The judgment given was \$333.76 and costs for the plaintiff. The defendants counter-claim was dismissed with costs.
