CITY AND DISTRICT

Inspection at Bowmanville. The Bowmanville public school cadets and high school corps were inspected on Thursday by Capt. V. W. S. Heron, District Cadet Officer.

Special Bargain in Young Men's Suits. We are selling splendid Tweed Suits, made up in the latest style, in all the new fabrics, for \$18.00. These are regular \$25.00 values. Get one.—The Lion Clothing Co.

Bank Clearings. Kingston Bankers' Clearing House returns are as follows: For week ending May 13th, 1926, \$773,407; corresponding week, 1925, \$661,345.

Demand Exceeds Supply. The demand for labor at the Government Employment Office at the present time exceeds the supply. This will probably be the condition prevailing from now until late next fall.

Closing of the Schools. At the meeting of the Board of Education held on Thursday night, it was decided to close the Collegiate Institute for the summer holidays on June 18th, and the public schools on June 25th.

Lt.-Col. Pugh Visits Kingston. Lt.-Col. Thomas Pugh, Ottawa, is in Kingston visiting his brother. He will be leaving shortly with Canada's Bisley team for England. Col. Pugh is a veteran in military circles, but still a crack rifle shot.

Street Car vs. Auto. A street car struck the rear wheel of an automobile owned by Mr. P. J. Kirby, when the auto tried to cross in front of the car at the corner of Union and Beverly streets. The rear wheel of the auto was broken.

Hotel Randolph Contract. The contract for the building of the new Randolph Hotel has been let to a Kingston firm. Preparatory work, such as the tearing down of some buildings at the rear of the present Randolph Hotel is progressing, but there are a few tenants who have not as yet vacated their premises.

Cement War Is On. A cement price war between a Montreal cement company and an Ontario cement company is reported to be in progress. The Montreal figure is now \$2.47 per barrel, and this

reduction in price has brought the Toronto figure per barrel, in car-load lots, down 17 cents. Manufacturers think the price war will be a long drawn out one, and that cement will be cheaper to the consumer before it ends.

A Correction Is Made. In the Whig's report of the meeting of the Board of Works, it was stated that a grant of \$3 was made to the Kingston Horticultural Society, to pay for some framing required by the Society for rose bushes, to be planted at the corner of Albert and Couper street. This was an error, as the request came from Mr. R. F. Greenless, who made application for this grant, on behalf of a community club working in the district mentioned.

Change of Schedule. Commencing Saturday, May 15th, steamer Wabasso will make two trips a day, Sundays included, between Kingston and Cape Vincent, leaving Kingston 7 a.m. and 1:15 p.m. standard time. Passengers taking 7 a.m. boat and returning on evening boat will have an opportunity to spend three hours in Watertown. The Sunday 1:15 p.m. boat makes a trip through the Islands and to Cape Vincent. Fare, round trip, returning same day, 75c. Phone 2195.

Mortgages Have First Claim. The decision in the case of S. Anglin et al vs. H. Derbyshire estate and Gertrude Hartrick and A. L. Davis, as mortgages on several houses at the corner of Elm and Alfred streets, has been rendered whereby the claims of the mortgagees is given priority over the liens on each house. Mr. C. R. Webster and W. C. Hodgins acted for the plaintiffs, A. E. Day was counsel for the Derbyshire estate, and J. C. Reynolds acted in the interests of the mortgagees.

Gen. Elmsley at Ottawa. Major-General J. H. Elmsley, C.B., C.M.G., D.S.O., district officer commanding military district No. 3, accompanied by Capt. V. W. S. Heron, motored to Ottawa to witness the annual inspection of the Ottawa Collegiate Institute Cadets Brigade, which took place Friday afternoon at three o'clock on Parliament Hill. The Hon. Hewitt Bostock, speaker of the Senate, was the inspecting officer and was accompanied by the chief of the staff and other officers of the National Defence Headquarters.

HOW THE DISABLED HELP OUT COMRADES

Men Suffering From War Service Help Others to Get Cases Prepared.

The Tuberculosis Veterans' Association has launched a campaign for the purpose of raising \$5,000 to carry on the work which this organization has been doing right along, and in this connection public appeals through the press are being made for contributions to assist in this work. The work of this Association is one which no doubt will be appreciated by those who learn of its activities.

When a disabled man enters a sanatorium, after failing to carry on, despite dogged determination to do so, he there finds friends in the Tuberculosis Veterans' Association which at once takes charge of his case, makes necessary investigations and causes adjustments to be made thus relieving the disabled man of worry along financial lines, this alone being of great benefit towards the man's recovery. It is stated on authority that tuberculosis patients must be devoid of worry if they ever expect to recover. The Tuberculosis Veterans' Association brings about this condition.

Usually the unfortunate man does not know how to go about helping himself, and the Tuberculosis Veterans' Association make it their business to thoroughly investigate his case and exhaustive inquiries are made and the case studied. All evidence is secured to establish that the man's disability is due to war service. Sometimes these investigations last for months and years and when all the information has been secured on the case, it is forwarded to the adjustment service bureau at Ottawa where a full time man is in charge. Here all the details are checked over. A brief is then prepared of the case for presentation to the Department of the S. O. R. and the Board of Pension Commissioners. When the case is adjusted, the credit is given to the members of the sanatorium branches who give all their efforts in behalf of their disabled comrades.

Some of these cases take many years and in order that the work may continue through the Tuberculosis Veterans' Association until the Canadian Legion can take over, it is estimated that \$5,000 will be required to meet the expense of this work. The need for funds is urgent and prompt response to so deserving a cause is doubly helpful. Mr. Philip Du Moulin, manager of the Bank of Montreal, has very kindly consented to act as honorary treasurer here. All remittances should be made to that gentleman at the Bank.

Try Tweddell's for men's and young men's suits, \$14.50 to \$35.00. A fierce struggle between political factions is taking place in Warsaw. Polish capital. Eighteen killed and eighty wounded.

LATE MRS. ADRIAN
