BOYS' POTATO GROWING CONTEST HAS BEEN ANNOUNCED BY THE KINGSTON KIWANIS CLUB

A Move to Have Farm Boys Within Thirty Miles of Kingston Grow Better Potatoes—Fine Prizes Are Offered.

The Ontario Department of Agriculture is co-operating with the Kiwanis Club of Kingston in conducting a boys' potato growing contest this year. The contest is to be open to thirty boys from twelve to eighteen years, inclusive, residing within thirty miles of Kingston.

These Kiwanis business men feel that there are big possibilities for the boy on the farm, providing business-like methods are adopted. To prove that their faith is justified, they are asking the boy entering the contest to keep accurate accounts of all expenses and receipts in connection with his plot, on forms provided for that purpose.

Suggestions will be given later for growing potatoes. If these suggestions are followed as closely as conditions will permit, the boy should have good success with his crop. Excellent prizes are to be given for those making the best showing, and the Kiwanians are anxious that the boys should win this contest with the potatoes they are supplying.

Corns Drop Out In Hot Water

It's very easy to take out a sore corn by the "Putnam's" method. Take a special foot bath, which is described in the directions. Apply a few drops of Putnam's Corn Extractor and out comes the corn—roots and all.

fail. The returned potatoes will be donated to charity. 3. Size of the plot shall be approximately 1-8 acre. 4. As far as possible all work in connection with the crop shall be done by the boy.

6. Digging and weighing of the crop must be supervised by a teacher, clergyman, parents or other qualified person, who will certify as to the correctness of their report of yield. 7. At the boys' potato fair, to be held in Kingston in the fall, each contestant shall show one-half bushel from his plot.

8. Plots will be inspected during July and August and the judge's field score will be considered in making the final awards. 9. The report forms to be supplied must be completed by each contestant and forwarded to W. Kent Macnee, secretary, Kingston Kiwanis Club, immediately after harvesting the potatoes.

10. Prizes will be awarded on the following basis: (a) Written report showing cost, profit, etc., as supervised by Kiwanis member, 25 points. (b) Award of judge on 1-2 bushel exhibit at the Kingston Fair, 25 points. (c) Certified report of yield as submitted by competitor, 25 points. (d) Report of field inspection on field culture and report of Kiwanian partner re interest and endeavor 25 points.
