For a Perfect Cup of Coffee

CARNATION'S ideal milk for an ideal cup of coffee. With its creamy-delicate taste it brings out the rich perfection of the aroma. And it adds that golden-brown color which coffee-lovers want.

No wonder Carnation is so good. It's pure, fresh milk made doubly-rich by evaporation. Then sealed up and sterilized for safe-keeping. It is creamy-rich—yet by adding water, takes the place of ordinary milk.

Order from your grocer today several cans or a case of 48 cans.

Send for a free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company, Limited, Aylmer, Ontario.

CLAIM TRUCK DRIVEN IN RECKLESS MANNER

But Driver Declared He Could Prove He Was Not Guilty Party.

The driver of a heavy truck was before Magistrate Farrell, on Monday morning, charged with driving on Princess street, in a reckless manner. A witness who was called stated that the truck was travelling at the rate of twenty-five or thirty miles an hour.

"I thought the driver was travelling at a very serious rate of speed," added the driver, "and I made the remark at the time to a man who was with me."

It was alleged that the truck in question was burning up the roadway on Wednesday evening last.

The driver who was summoned to the court to swear that he was not on Princess street with his truck, at the time mentioned, and asked that the case be enlarged until Wednesday to give him time to get witnesses. The magistrate consented.

A middle-aged man was accused of neglecting to help support his mother, who is being cared for in an institution. When asked why he had not been supporting his mother, he said, "my brother told me that a lawyer said I did not have to support my mother."

"Well, I will give you a week to make a settlement," said the magistrate.

"I certainly cannot settle it all in one week," said the accused.

The magistrate was informed that the account amounted to \$30.

"I can only pay \$5 a week on it," said the accused.

"Well, see what you can do in a week's time," said the magistrate.

A man admitted that he had been under the influence of liquor and was fined the usual \$10 and costs.

THE PROBLEM OF CHANGE

Religious Change the Most Acute of That Problem.

Preaching in St. George's Cathedral on Sunday evening on the subject of "The Living Church and the Changing World," the Dean of Ontario said that only living things could change and change strengthened their organism. The problem of change was the problem of our day and religious change the most acute phase of that problem. And how shall we meet it? In the fourth century the men who saw a change in religious thought coming left the church by thousands and went out into the wilderness. Today they say the church is a failure and leave it. This is despair and pessimism. It is bad. Another phase is exuberant enthusiasm, John R. Mott said just after the war. "I would sooner live in the next ten years than in any ten years in history." But most of those years have gone and the world is much the same. Then there is the attitude of sublime faith that God will bring all things right. But the preacher went on to say, referring to his text, "Jesus Christ, the same, yesterday, today and forever." We turn to the unchanging Christ, and we see Him reflected in the character of Christians. There is a difference between the interpretation of a truth and the truth itself. The death upon the cross of Christ is true although the interpretations may be different. It is the fact of the cross that is the essential. It is that great and glorious reality that has been the belief of countless men and women. Through it they have won the battle, through it they have reached the goal, glorying the redeeming power of Christ their Saviour.

Water Pipe Broke.

A water supply station at the corner of Union street and University avenue broke Sunday evening, the water flooding the lawns at the Orphan's Home and the road, before men arrived to repair the pipe. Two young men walking along the street with girls pulled a revised Sir Walter Raleigh stunt, carrying the girls through the water to the dry walk.

Straw Hats Out.

The warm weather enticed more than one young man to don his straw hat for the first time of the season on Sunday. A number were in evidence about the city.

NEWSY COLUMN FROM BLOOMFIELD VILLAGE

Lower Prices for Milk—Activity Noted Around the Canning Factories.

Bloomfield, May 15.—The Bloomfield Women's Institute have accepted the invitation of the Gilbert's Mills Institute, and will journey thence May 26th to hear Mrs. Lowe, the summer speaker sent out by the department.

John Stafford died Thursday from cancer, after several weeks of terrible suffering. His son, Mr. Elwood Stafford is in a critical condition with pleuro-pneumonia. A change is expected soon. The heartfelt sympathy of the community is extended to this family in their trouble.

Two local girls, Miss Norma Rowe and Miss Mary Cahoon, graduated May 6th, from the training school for nurses of the Prospect Heights and Brooklyn Maternity Hospitals, Brooklyn, N.Y. They purpose remaining in the city doing hospital work for some months.

C. A. Warren, of Kemptonville Agricultural School, was here last week, surveying a drainage system for the Prospect Heights and Brooklyn Maternity Hospitals, Brooklyn, N.Y. He was a welcome guest over night at the home of Charles Fraleigh who was one of the students of the school last winter.

A number of girls from the Collegiate went on their annual hike Tuesday evening after school, and enjoyed a picnic supper on the Orphanage grounds.

The small son of Mr. and Mrs. Stanley Parks, of Christian street, who was operated on a week ago at the Picton Hospital for mastoiditis, is doing nicely. Miss Hildreth McQuoid, a niece of Mrs. Stanley Bowerman, was operated on Tuesday, at the hospital, for the same trouble, and her condition is favorable.

The Bloomfield Cheese Company issued checks to their patrons Wednesday. The price paid this time for milk is disappointing, caused by the sudden slump in butter-fat prices. Now that the strike is to be adjusted, the export trade should look up and cheese be sold at a better figure.

James Worrell was in the village Thursday, inspecting weights and measures at different places of business.

The regular meeting of the Women's Missionary Society was held in the school room, Wednesday afternoon, with an unusually large attendance of members and visitors. West Lake ladies having been invited to hear the report of our delegates, Mrs. H. Williams and Miss Payne, who attended the first Presbyterial of the United Church at Napanee. Their description of the meetings was very interesting, as well as their report of the business and the year's work. The Bloomfield W.M.S. have decided to adopt the envelope system of monthly giving and envelopes were distributed to all members desiring them. The W.C.T.U. have decided it would be unwise to try to keep alive such a separate organization, but will work along with the W.M.S. having a temperance worker to report progress from Watch Tower. Mrs. H. Hubbs

was appointed to that post. Mrs. Edward Bull was the only member of the auxiliary who had attended the eleven meetings of the year, the president and secretary, Mrs. H. Williams and Mrs. George Hobson, were next, with ten meetings to their credit. Refreshments were served by the committee for the day, and all enjoyed a social half hour.

Activity is once more noted around the canning factories, machinery being over-hauled, boxes made, painting and general cleaning. A number of women are busy at the Hallowell Cannery, re-setting tomato plants. Mr. Dick Jenkins, who is manager there has moved into Mrs. Robertson's house for the summer.

Arthur Folkes and Miss Covert were married Wednesday.

Mr. and Mrs. William Purteile, who purchased the Stewart Brown farm last winter, have arrived by motor from Winnipeg, and are staying for the present with Mr. and Mrs. J. C. Purteile, West Bloomfield.

A PLEASANT GATHERING.

Was That at the Home of Mrs. F. E. Foster.

Adolphustown, May 14.—Since the weather has settled every one is busy. The spring seeding is proceeding rapidly, while the housekeepers are making dust fly in all directions with their house-cleaning. However a goodly number ceased operations on Wednesday afternoon to attend the Women's Institute meeting at the home of Mrs. F. E. Foster. The election of officers resulted in the re-election of Mrs. Russell Cousins as president and Mrs. R. M. Roblin as secretary. The district president, Mrs. James Miller, Napanee, was present. The very pleasant and instructive afternoon was brought to a close by the dainty lunch provided by the hostess. The box-social held by the W. L. last Friday evening was well patronized.

We are glad to see Mr. and Mrs. W. D. Roblin out after their illness. Mrs. E. Carr entertained the W.M.S. on Wednesday afternoon of last week. F. E. Foster had the misfortune to lose a valuable horse recently.

The Glenora ferry is not running yet, much to the annoyance of many people. We are glad to see D. O. Frink's jovial smile and travelling store once more.

Taffeta And Lace.

Taffeta is extremely popular for afternoon frocks. The most lovely models often combine it with exquisitely embroidered batiste and real lace.

Very Picturesque.

Capes are extremely important, long or short, plain or very much trimmed. They often feature gay linings and unusual embroidery or stitching.

Premier Herzog of South Africa
