**Arrangements Made Last Night** to Have Postponed Game Played Then.

The postponed game of Wednesday evening will be played on Saturday afternoon at the George Richardson Stadium at 3.30 o'clock it was announced last night after arrangements with the Peterboro club had been completed. The Petes were here for their game but the Weatherman was averse to a ball game being played and the result was that the game had to be called off. The managements got together last evening and decided to have the game played on Saturday afternoon.

This announcement was greeted with great satisfaction. Many local fans thought they were going to lose the game altogether until the end of the season. Saturday afternoon is not the best time for a ball game in Kingston but it is the best arrangement that could be made and the fans are pleased with the efforts put forth to have the game here. The playing of the game will be a little harder on the Kingston team as they have to play in Belleville on Mon-

However, everything will be se for the battle on Saturday providing the weather is right and that there will be a big crowd on hand goes without saying.

#### PADDOCK TRAINS HARD TO LOWER MARK

By Dan Thomas,

Pasadena, Calif., May 20 .- "I have not yet reached my prime as a sprinter. That's why I am confident I can set a new world's record in the 100-yard dash this year."

Charles Paddock, known in athletic circles as the world's fastest human, was author of this statement. He had just flaished a hard day's workout on the cinder path at Paddock field here.

Better Than Ever.

"Records prove that I am a better man now than at the start of any other season," declares Sir Charles. "Never before have I been able to negotiate the century in less than 10 seconds at any of the opening meets of the year. Yet I covered the distance in 9 3-5 seconds at Stanford a short time ago and it was the first time I had run in competition since 1924."

When Paddock set his world mark of 9 3-5 seconds in the spring of 1921 he was heralded as being at the peak of his career. He had trained daily for several months before accomplishing this feat. However, with less than three weeks' training. Paddock-now 25 years old-was able to equal that performance a few

weeks ago. The Pasadena flash is not the only one who believes he can lower the century mark. Dean Cromwell, track coach at the University of Southern California, taught Charley practically everything he knows about sprinting. And he agrees with his protege.

Should Lower Record.

"If he has patience and perseverance, Paddock should lower his with little difficulty," says Cromwell. "But it will take a long hard training grind to put him in the proper condition. It requires six months of steady work to put Charley on edge. That means it will be July or August before he will be ready to go out after a new record.'

There is only one thing to which Paddock can attribute his success on the cinder path-he has kept in condition at all times. Not all of his work has been on a track to be sure. But whether on a lecture tour or at home, he believes in keeping fit. Practice on a trapeze, horizontal bars, rings, baseball and a little boxing give him plenty of exercise.

Paddock will spend an active summer on the cinders, running under the colors of the Los Angeles Athletic Club. If he trains faithfullyas he has promised his coach, Boyd Comstock, he will do-look for the 100-yard mark which has stood for many years to be shattered.

#### FEW CHANGES THERE.

Kitchener Will have Three Strong

Teams Next Winter. Kitchener, May 20 .- Few changes will be noticed in the personnel of the three Kitchener hockey teams next year. Three new faces will be with the seniors and one good junfor has located in town. Jack Mc-Kay has gone to Hamilton to take an electrical course. The seniors had counted on him for the defense. To offset this Walter Molson and Harold Gross have returned home after two years in Niagara Falls and Stratford, respectively. Gordon Smith is the other new senior. He hails from New Liskeard and was here last winter, but came too late to play in the O.H.A. series. Gordon McMillan of the Guelph juniors is now located in Kitchener, and will be a welcome addition to

the locals.

### HIS 1921 RECORD

Slammed Out His Thirteenth and Fourteenth Homers of the Season Yesterday.

Babe Ruth slammed out two home runs yesterday at New York against St. Louis, making his thirteenth and fourteenth of the season. He now six games and ten days ahead of his record of 1921. Yankees won the game 6-2, making their eighth win in a row. On May 19th, 1921 Ruth had made twelve homers

## IN THE OFFING

Rumbles of Trouble Are Heard From Detroit Hockey Interests.

Detroit, May 20 .- Detroit likely will be the main battle ground of professional hockey war within the next few weeks. It has already been definitely stated that this city will have a team in a proposed American League, backed by the Bierer-Friedberg interests.

Detroit already has been granted a franchise in the National League The Townsend-Seyburn interests were given a charter for this city a Montreal on Saturday. John team.

P. R. Bierer, speaking for Friedberg and his other associates, denies Townsend has the Victoria team, and says that the club belongs to his

### SPORTING NOTES AND COMMENT

For a club that was only recently admitted to the Ontario Hockey Association, in comparison to some other clubs, this Windsor outfit seems to be carrying on in a pretty haughty way. The other clubs have been warned about tourists and they have shipped back their prospective players for next season to their home towns or to where they were last winter, so as to abide by the warnings of Secretary W. A. Hewitt of the O.H.A. Windsor assumes an attitude of hostility and goes right on and hocks players in from all over the country. And the Windsor Club expects to get away with it. Time will tell. The O.H.A. will be given its hardest test on its ability to stand by its guns when it comes to consider the case of the Windsor Club. All Ontario will be looking on, especially the places that have been affected by the warning issued by the Ontario Hockey Association.

A Windsor despatch says that the fun will start when the O.H.A. starts to hold up players' certificates, just like the O.B.A.A. did at the start of the present season. The fun will start all right, but it's not Townsend is quoted as saying that likely that Windsor will get quite so much fun out of it after all. The his syndicate will have the Victoria O.H.A. may be "dignified and a coruplent body," as the Windsor despatch says, but it has a pretty fair record to show and it commands respect that many another organization would be glad to have from those who make up clubs under it.

Isn't it funny how fickle fans are. For the last three years the "We received a scurvy deal from Circle-Six have been the king-pins in junior baseball in the city and everybody got out and plugged hard for them to beat anything that stood up against them. Circle-Six did that. Now the fans, the very same ones that pulled so hard for them, are strong supporters of the Victorias and want to see them win. Why? Just the fickleness of sport and a "On that assurance we went out characteristic of the Anglo-Saxon sporting blood. They want to see the "under-dog" win out. That's what the Victorias have been for the past couple of seasons and now that they are starting to knock the Circle-Six off the high perch they have been resting on, they get the support. It's the same in everything. Fans tire of the same champion and pull hard for the fellow underneath to get to the top. All one has to do is to turn 2 000. We aren't going to hold the back to the past football season to see strong evidence of that. When 9 1 bag. We are going to have a hoc- Queen's first started to climb four years ago they got nearly all the key team and not have a league to support there was going. After they had been champions three times the fans wanted a change and pulled against them. Now they are

The softballers are sailing along nicely and the interest is still at purchased the Saskatoon team of the its height. Though some of the teams haven't a ghost of a chance to get into the finals, after looking over some of the good teams in action. they are not giving up by any means and intend to stick it out and win as many games as is possible for them to do. That's the only spirit. The majority of the teams are in the league for the fun they can get out of it, not for the number of victories they can hang up during the season, although, naturally, every team will try it hardest to win.

### Shots to the Stomach May Count

By Joe Williams.

Rolling through Florida two Dempsey. months back I had come upon Gene Outside of this statement Bierer Tunney doing light training on the ney possesses a remarkable leftwouldn't divulge any more of his turned to fighting-and to Dempsey.

that sooner or later he would get the champion into the ring and he was a body attack stressing the expert

Jack Votes "No." "The Frenchman couldn't stand them in the stomach," said Tunney. "and I rather think Dempsey will buckle up under the same kind of

I asked Dempsey to-day what he thought of his challenger's reasoning. Shrugging his big shoulders and half laughing, he answered: "! never saw anybody who liked to get punched in the stomach."

Dempsey was reading a letter a the time. He read it through. Then he repeated my words, "So Gene

thinks I'll go out like Carpentier did if he hits me in the belt, eh? Well vote 'no'."

Hard to Hit.

"To begin with Carpentier was a frail fighter. He was particularly frail in the region of the stomach. I ought to know. I bent him double with the first body blow I landed in our fight at Jersey City. Everybody who ever fought the Frenchman went after his stomach."

Dempsey has no illusions about being better than ever. He realizes his lay-off hasn't helped him any But he has a sincere belief that he can work himself back into tip-top fighting shape and that he will be Well, that's the way some of thes strong and rugged when he climbs between the ropes in September.

"At any rate I don't think anybody is going to stop me with one punch in the stomach." went on Dempsey, "and that goes for either Tunney or Wills."

It is not a simple matter to hit Dempsey in the stomach, fighting as he does in a semi-crouch and using a weaving, bobbing style.

Few of his opponents have been able to hit him solidly in the vicinity of the belt

The only fight in which he has taken any real punishment since winning the title was the one with Date Firpo, and in this fight the punches that brought his misery were righthanders to the head and jaw.

Not that this means anything. Firpo certainly isn't in Tunney's class as a fighter; he knew nothing at all about infighting, whereas Tunney is a great infighter.
