Vocal solos were rendered by Miss Esson, Mr. Allan Lemmon and Masters Ashby and Newman, and a piano selection by Master Edward Rankin, adding more enjoyment to the evening.

their achievement in the annual inspection of the school cadet corps. He pointed out that life is a continual contest, and stated that while in school, the boys should take advantage of all opportunities offered to prepare them for their careers in this world.

The presentation of the trophy was made by Mr. Columbus Hanley, president of the local Kiwanis Club, who, in making the presentation, added his congratulations to those already expressed on behalf of the Kingston Kiwanis Club.

Mr. MacDougall, principal of the school, told the boys how proud he was of their achievement and pointed out that the Robert Meek school now possessed the General Ross Trophy permanently, having won it three years in succession, and other trophies, evidences of their efficiency. He mentioned that some of the cadets will be graduating this summer, and that the remaining boys should do everything in their power to uphold the reputation made by them.

Short addresses were given by past presidents of the Home and School Club, Mrs. Rankin and Mrs. Godwin. Both expressed their pleasure at being present, and added their tribute to the work accomplished by the cadets.

CASE OF BILL BOARD BEFORE WORKS BOARD

The City Solicitor Will Be Asked for His Advice in the Matter.

At the last meeting of the City Council, complaints were received about a bill board at the corner of Albert and Union street. The matter was sent on to the Board of Works, and that body, at a meeting held on Wednesday afternoon, referred the matter to the city solicitor to secure his advice.

It is claimed that the bill board hides the view of car drivers and as a result the corner is a very dangerous one. James Hughes, Montreal street, asked for permission to erect an electric sign in front of his place of business. Granted.

The Board also granted the request of W. R. Campbell, to erect a portico at 25 Pine street.

The Board will recommend that the shed hydrant in front of Steacy's store be replaced by a two-way wall hydrant.

The roadway in front of the clinical building Stuart street will be widened so as to allow for the parking of cars.

Chief of Police Robinson wrote the Board asking that the necessary signs be placed in the parking areas in the downtown district. The matter was discussed, but no definite action was taken.

The chairman, Ald. Price, presided at the meeting and also present were Aids. Holder, Carson, and Sargent.
