AUTOMOBILE EPISODES OCCUR AT NAPANEE

Bath Car Stolen and Soon Recovered—Lad May Lose Sight of Eye.

Napanee, May 31.—On Saturday morning about 10.30 o'clock, two Ford cars, owned by Wesley Rutlan of Morven, and William Brooks of Adolphustown, collided on Bridge street. The Ford coupe owned by Mr. Rutlan was badly wrecked, the front wheels being torn off and the car turned over on its side. Mr. Rutlan climbed out through the broken glass in the door. The other car was not so badly wrecked. Fortunately no person was seriously injured.

A Chevrolet touring car, owned by William Thurston of Bath, was stolen from in front of Bert Hawley's residence on Presy Hill on Saturday night. Mr. Thurston had only left the car a short time when he discovered the theft. The authorities were notified and Highway Traffic Officer Fred Blackie of Napanee who was patrolling the road between Napanee and Deseronto, noticed a car passing him on the road travelling at a terrific rate of speed. He turned around and gave chase and finally overhauled the car near Maryville. The occupants of the stolen car, apparently got "wise" to the fact that they were being pursued and abandoned the car. Mr. Blackie took charge of the car and it was returned to Napanee to its owner a couple of hours after the theft was reported. The car was none the worse for its escapade, only a flat tire being reported. The occupants of the stolen car escaped, but the authorities are working on the case and hope to apprehend the offenders.

Mr. and Mrs. William Leach of Bradford, England, and Mr. and Mrs. George Fisher of London, England, arrived on Sunday, and are the guests of Mr. and Mrs. J. B. Denison.

At the cheese board meeting on Saturday afternoon, 245 boxes of white and 1,300 of colored cheeses were boarded; all sold at 18 1-8 cents.

Mrs. W. F. Gerow has opened her home on the Palace road, and with her sister, Mrs. Fraser will occupy it for the summer months.

Harold Webster, twelve-year-old son of Mr. and Mrs. W. V. Webster, Napanee, is in the Kingston General Hospital suffering from an injury to his eye received at a ball game in the Armouries on Tuesday evening of last week. For a day or two it was not thought to be serious but was attended by a local physician until Friday when it was thought advisable to take him to the Kingston Hospital where the doctors fear he may lose the sight of the injured eye.

ORDINATION SERVICE OF UNITED CHURCH

Held by the Bay of Quinte Conference on Sunday Morning.

The ordination service of the Bay of Quinte Conference of the United Church of Canada, in Sydenham Street Church on Sunday morning, according to the new ritual, was distinctly impressive, and was commented on as beautiful in tone and eminently solemn and dignified. Rev. George A. Brown, president of the Conference, in slow and soft tones delivered the charge, heard the responses of the three candidates: Herbert Finlay Malcolm, Lavant Station; Andrew Gladstone, Finnie, of Ralleboro; and John Walter Wilkinson, Carnarvon, and along with ex-presidents of conference and chairman of presbyteries (as the congregation stood) ordained them to the ministry by the laying on of hands and a devout prayer that they might worthily, fulfill their high calling and in sincerity of soul and in holy living might aid in the furtherance of God's Kingdom. With deep expression the great congregation, that filled every part of the edifice, sang "Breathe on Me Breath of God," and with a prayer for usefulness the service concluded with the great masterpiece "Jesus Shall Reign Where'er the Sunu," with intense fervor.

The ordination sermon was preached by Rev. Malcolm MacKinnon, D.D., of Runnymede United Church, Toronto, a Queen's graduate and a man of distinct personality, who delivered from Ephesians III, 16, A stirring address on "The Cultivation of the Inner Life." In a beautiful setting the speaker discussed the work of the ministry, the calls upon it, the courage, strength and might demanded in fulfilling its objections and then pointed out how God supplied their every need "according to the riches of His glory."

With striking illustration and metaphor Dr. MacKinnon evoked the wondrous power of God in giving strength and influence to his ministers as they absorbed "His spirit in the inner man." He urged tranquility, a restful waiting and a dominant leadership to overcome the evils of humanity and make this church fruitful and abundant in all good works. Dr. MacKinnon was heard with rapt attention and his climaxes were decidedly effective.

The president and Rev. W. T. G. Brown, D.D., assisted in the service which was attended by many from all parts of central and eastern Ontario.

A MOST IMPRESSIVE UNION SERVICE HELD

In Grant Hall by United Churches and Bay of Quinte Conference.

The union service of the seven congregations of the United Church of Canada of this city and the members of the Bay of Quinte Conference, which was held in Grant Hall on Sunday evening, was perhaps one of the most impressive church services which has ever been held in this city. A congregation of almost fifteen hundred filled the auditorium while a massed choir of well over one hundred voices led the singing. Rev. G. A. Brown, pastor of Chalmers Church of this city and president of the Bay of Quinte Conference, conducted the service and Rev. H. S. Dougall, M.A., Ph.D., of Oshawa, preached the sermon. Others who assisted in the service were Rev. Principal R. Bruce Taylor, of Queen's University, Rev. Frank Sanders, of this city, and Rev. C. D. Baldwin, secretary of the Bay of Quinte Conference.

Rev. Mr. Dougall spoke on the subject of "The Spirit of the Love of God" and he made a strong plea for the United Church and especially its energies toward awakening this spirit in the world as only through it could be prevented a reversion, in the course of years, to barbarism. The supreme purpose of the human race was not material but spiritual, he declared.

Knowledge was of no value in life without fervor, the speaker stated. Sir Auckland Geddes, while ambassador from England to the United States, had on one occasion made the statement before a number of Christian ministers that there were only two things which would prevent future wars; one was that men should have a greater knowledge of one another, and the other was that men should have a greater affection for each other. Knowledge to be effective, must ever be accompanied with emotion, said Dr. Dougall.

The great truths of the Christian faith would not have come down through the ages simply because they were great truths if it had not been for fervency and passion, the preacher said. The apostles after Pentecost had been filled with a great spirit and it was this passion that sent him out into the world to preach the gospel.

The choir was composed of the members of the choirs of the United Churches of the city and was under the direction of Mr. Harry Hill. Dr. G. B. Frost acted as accompanist. It was of splendid assistance in leading the hymns and rendered two anthems, Woodward's "The Sun Shall Be No More" and Sullivan's "Saviour, Thy Children Keep" with excellent effect. The offering, which was to go toward the general expenses of the conference, amounted to several hundred dollars.

INFANTILE DISEASES.

Things That Are Detrimental to the Little Ones.

At the meeting of the Ontario Medical Association in London, Ont., Dr. R. R. MacGregor, Kingston, speaking on the "Allergic Diseases in Childhood," said that eczema in childhood is frequently associated with increased sensitiveness to protein food, and partly to clothing, especially with eggs, milk and wheat and silk and wool. The importance of silk, he thought, should be investigated.

He stated that eczema in infancy is often a forerunner of asthma in childhood. Eczema in bread-fed infants disappears when offending foodstuffs are removed from the mother's diet. Dandruff in pets and other animals may be the cause of asthma in childhood long before the typical asthmatic symptoms develop. These, he said, probably disappear when the special dandruff, to which the child is sensitive, is removed.

PRESSED HAY MOVING.

It is Being Purchased for United States Market.

Wolfe Island, May 28.—The farmers have about completed their spring's work; a large acreage has been sown to grain. Owing to the baked condition of the soil the work on the land was very slow and very hard on the horses, but the cool weather made up for lost time.

Michael Johnston, who has been confined to his home through illness, is able to be around again. Fred Constance shipped a consignment of veal calves to Cape Vincent, the purchase price being ten cents.

Samuel Hogan, who has been confined to his home, through illness, is able to be around again. Henry Hogan and family have taken up their residence in Brownville, N.Y.

Pressed hay is on the move again. Fred Constance has purchased a quantity for the American market. John Gray, Perth, spent a few days here visiting relatives.

Judging from the number of islanders wearing tags coming home on the boats on Saturdays, they must respond generously to the lady taggers in Kingston.

Wagarville Tidings.
Wagarville, May 29.—The farmers are making good use of the fine weather and a number are through seeding and planting but the weather keeps very cool. A number from here attended the dance in the I.O.O.F. hall, Parham, and reported a good time. Mrs. Wesley Wagar, who has been suffering from a light stroke, is progressing favorably. All hope for a speedy recovery.

Visitors: Miss M. Cox, Arden.

Creamy Custards Delicious Puddings AT LESS COST

THE richer the milk the better the dish. But dishes made with insufficient milk or skimmed milk produce "starved" food. Just think, bottled milk is 47% water. That's why milk puddings and custards need to be enriched.

Use Carnation Milk. It gives that cream-and-butter flavor, adding smoothness and texture to every dish, at far less cost than by using cream. Carnation is pure, fresh milk, evaporated to double richness, kept safe by sterilization. Your grocer will send you several cans or a case of 48 cans. Store it

in your pantry—it keeps!

RICE PUDDING—Two cups Carnation Milk diluted with 2 cups water, 1/2 tsp. salt, 1/2 cup sugar, grated rind of 1/2 lemon, 1/2 cup rice. Wash rice and combine with all the other ingredients. Pour into buttered baking dish, set in a pan of hot water and bake in an oven of 300° F. for three hours. Stir the rice several times during the first hour to prevent its settling. This serves eight.
