BOXING FINALS HELD AT R.M.C.

The Cadets Showed splendid Rink Ability—Odium Won the Gold Cup.

The final bouts of the Royal Military College boxing tournament were held in the College Gymnasium on Saturday afternoon before a large crowd. Cadet Corporal Odium, V.E.C., defeated Cadet Francis in the open heavyweight for the coveted Gold Cup, for being the best boxer in the college in any weight. The cup was presented by His Majesty's Regiment of Canadian Grenadier Guards. Nine fast bouts constituted the programme which afforded the spectators some beautiful exhibitions of boxing. "B" Company won the championship by the close margin of 38-34.

Two technical knock-outs were scored, Campbell drawing the first from Parker in the open lightweight and Merritt finishing his bout with Nichol in the novice heavyweight class in one round. The condition shown by the cadets was remarkable and the manner in which they fought for three rounds drew lusty cheers as the winner was announced, not only for the victor but for the loser who made things interesting and fought his best in each case.

The cups were presented at the conclusion by Commander Colonel C. F. Constantine, each cadet receiving great applause as he stepped up to receive his well earned reward.

Featherweight Class. The programme was started off with a fast bout in the open featherweight, 126 lbs. and under, between Cadets Howe and Kingsmill, the former getting the decision. Howe appeared very aggressive and from the first gong made things interesting for his opponent. Kingsmill was steady and cool and for the first two rounds held his own. In the final, however, a couple of hard jolts from Howe upset Kingsmill and he was getting rather dizzy when the gong brought the bout to a close, giving Cadet Howe the Lieut.-Col. R. E. Kent cup and miniature.

Novice Welterweight. The novice welterweight class, 147 lbs. and under, was about the best bout of the programme and Cadets Cantile and Crombie, two heavy hitters, walloped their way through an extra round before the decision could be given. Crombie winning the bout and miniature cup. Cantile was a little taller than his opponent and in the first round handed out some stiff jolts. In the

NEW CONTEST TO BE ANNOUNCED SOON.

second round, Crombie worked better and both landed some hard ones, but neither showed very much of the effects of the pace at which they were boxing.

The third round continued with both cadets swinging as hard as ever and the judges could not give a decision to either man. Crombie started the extra stanza at a whirlwind pace and continued it, in the meantime taking much punishment from Cantile. Many real hard wallops were handed out by both cadets and each displayed nice footwork. The decision was a well earned one and the spectators showed their approval by giving both boxers deafening applause.

Open Lightweight. Campbell, packing a hefty wallop and using it freely, scored a technical knock-out over Parker in the open lightweight division, 135 lbs. and under. The winner was very fast on his feet and by making fast attacks was able to break through Parker's guard and land some effective blows. Parker lasted the first round but in the second Campbell passed out some real jolts and floored Parker twice. The Staff Course Cup and miniature was awarded for the winner of this event.

Novice Middleweight. The wonderful condition of Grant was largely responsible for him receiving a decision over Graham in the novice middleweight, 160 lbs. and under.

Graham appeared to have the advantage in the opening chapter but Grant worked better in the second round and succeeded in ending the first two sessions with the count about even. Graham started the final chapter fast and managed to land some nice wallops but Grant's condition told and in the dying moments he mounted up points which gave him the decision and the F. C. Bonner Cup and miniature.

Coyle Again Won. For the third year in succession, Cadet Sergt. E. Coyle won the open middleweight, 160 lbs. and under, and the Officers' Long Course Cup and miniature, defeating Cadet Gaisford after a very close battle. Both boxers were prepared to give and take when they entered the ring and as the result a very fine exhibition ensued. They mixed freely in the first round, handing out some real "egg-crate" wallops but neither seemed to have an advantage. The second round followed the same as the first with both boxers showing slightly the effects of the heavy pace. The third round started the same as the previous ones and it looked as if another round would be needed, if not two, to decide the better boxer. Coyle's ringmanship proved effective however and before the gong brought the splendid fight to a close, he succeeded in landing blows that gave him the needed points.

Novice Heavyweight. The novice heavyweight bout, under 160 lbs. did not last long, Merritt scoring a technical knock-out over G. C. Nichol before the opening round closed. They started at a terrific pace and it looked as if the bout was going to be the best of the afternoon but Merritt landed a "hay-maker" not long after the start and Nichol flopped on the canvas. He pluckily tore into it again but he was swinging at the air and the referee awarded the bout to Merritt. The Major J. P. Shine Cup and miniature was the prize.

Open Heavyweight. Two huskies in Odium and Francis exchanged greetings in the open heavyweight, over 160 lbs., Odium getting the decision after three fast and exciting rounds. Odium was aggressive from the opening gong and kept his opponent on the hop but he did not have everything his own way. Francis returned the compliments nicely. The wallops exchanged in the first two rounds were lame to what were handed out on the final and the fighters showed the strain. Odium's fast working right jabbing in and out gave him points that counted and he was given the decision and the General E. T. H. Hutton, C.B., Cup and miniature.

Novice Lightweight. The novice lightweight, 130 lbs. and under, followed the heavies with the final bout and provided a fast session, Riley getting the decision over Kingsmill by making a wonderful spurt in the last round. Kingsmill appeared to have the better of the argument for the first two rounds and was on the offensive for the greater part of the time. In the final things were different and Riley took up the attacking, raining blows on Kingsmill that had him more than guessing. The cup for this class was presented by Major J. P. Shine and the winner also received a miniature.

Cadet Corporal Odium fully deserved the Gold Cup, one of the most coveted prizes awarded at the College. In his bout with Francis he showed wonderful ring judgment, neat foot-work and had plenty of energy behind his deliveries. The officials were: Referee—Capt. F. M. Harvey, V.C. Timekeeper—Capt. Forie. Judges—Capt. E. J. Harvey, Sergt.-Major Husher.

SPORTING NOTES AND COMMENT

The world is at peace. A definite date for the Dempsey-Wills or Tunney fight. It will be held on the night of September 16th.

Great Britain captured the doubles in the Davis Cup elimination play with Italy on Saturday. The British players won 3-6, 6-3, 6-4, 6-3. England is now leading 2-1.

The game slated for this evening between the Victorias and the Circle-Six has been again changed back to the original date of Tuesday evening. The players had made other arrangements when the news of the advance of one day in the playing of the game was sprung on them.

With the teams tied with a game apiece, there will be a great old battle ahead to-morrow. The Vics need this game to give them back their fighting spirit and Circle-Six want it badly too. A big crowd will no doubt be on hand for the performance.

The way things are going in the Girls' Softball League, they are killing the Mercantile Baseball League. There has been more than one evidence of this already this season. The other night when the Plumbers and the Tanners were playing, there was but a handful of people watching the Mercantile game, but over where St. Paul's and Supremes were hard at it in a softball game, there was a big crowd.

And speaking of softball, that will be a great old battle when the Supremes and Treasures meet on the 11th. These two teams are about as strong rivals as any pair of teams ever were around here. One is about as good as the other and each club has the same amount of confidence as beating the other. When they clash there will be enough action to last for a while. This evening the Supremes and Wonder Y's meet.

Pittsburgh 9 17 1 Chicago 7 15 1 Cincinnati 3 9 0 St. Louis 1 5 2

Brooklyn 8 14 1 Boston 2 7 1 St. Louis 5 12 1 Chicago 2 7 0

New York 3 7 1 Boston 2 8 1 Boston 3 6 0 New York 2 11 1 Philadelphia 3 5 2 Brooklyn 2 7 2

June 3rd is on Thursday and for that day a game was scheduled between Belleville and Kingston at Kingston but the local club has been successful in having the date advanced one day so that the Belleville squad will troupe into Kingston for their game on Wednesday evening instead of Thursday as formerly scheduled.

The announcement is greeted with satisfaction by local fans, who much prefer a Wednesday game to Thursday. And just by way of passing, it might be mentioned that they will see a real team from the Quinte City in action this time. Walter Gerow has collected together a real team and the fact that they defeated the Peterboro team at the Lift Lock City on Saturday by 5-3 is a good evidence of the improvement that has been made in the Belleville lineup. Wednesday's game will be a close affair with a slip either way, likely to affect the result.

BELLEVILLE WON.

The Belleville Nationals defeated the Peterboro team at Peterboro in a Central Ontario League game at Riverside Park on Saturday afternoon by the score of 5-3. Belleville plays here Wednesday.

Helpful Golf Hints.

The height of the tee should be determined by the style of play of the individual, the lay of the land, and the kind of ball to be used, and the wind. In driving where there are few, or no obstacles, a player should use a medium-sized tee. On a windy day, playing with the wind,

TRADE MADE HIM STAR

From third-string catcher on the Washington club to premier receiver of the St. Louis Browns was an over-night experience of Bill Hargrave last season.

For several years Hargrave had done nothing in the catching line except warm up Washington pitchers. Occasionally he was pressed into service as a pinch-hitter, but only with ordinary success.

Feeling that he needed a veteran catcher to help out should Maddy Ruel be injured, Manager Stanley Harris made a trade with St. Louis for Hank Severoid, sending Hargrave to the Browns as part of the deal. It so happened that this was the big opportunity in Hargrave's career and he made the most of it.

In the minors Hargrave had been a turn hitter, batting from the right side of the plate against southpaws and vice versa. At Washington he was prohibited from batting left-handed.

He told his story to George Sisler, who told him to bat any way he pleased, just so long as he made base hits. Hargrave started batting left-handed and specialized in making home runs. He won himself a regular job.

he should use a high tee and stand slightly behind the ball, this enabling him to hit the ball well into the air where it will receive all the benefit of the wind.

Against the wind, a low tee should be used so that the trajectory of the ball will be on a straight low line.

The pitch shot is always a safe way to a green but the run-up is often better if you have a clear space to the green. It is also easier. In playing a run-up, a straight-faced club should be used, and throughout the back-swing and down-swing the club-head should be kept low. The pitch and run, a combination of both, is also a very useful shot but rather difficult.
