HELD UP THE BY-LAW FOR THE ASSESSMENT

Amendment Objecting to First Reading Sustained by Vote of 9 to 8.

Councillor Melville Drew created quite a stir at the Wednesday afternoon session of the Frontenac County Council, when the by-law for the equalization of the assessment was brought up for its first reading. He stated he did not approve of the assessment as it was presented, claiming that some of the townships had not been assessed as they should be. Councillor Drew wound up his remarks by moving in amendment, that the by-law be not read a first time, and called for the "yeas" and the "nays," stating that he wished to place the members on record. His amendment was carried by a vote of 9 to 8, as follows: Yeas—Councillors McGregor, Barr, Flaks, Garragh, Cronk, Graham, Aylesworth, Drew, Shank—8. Nays—Councillors Pringle, Sills, Stinchcombe, Sibbit, Freeman, Kennedy, Jamieson, Spauldine—9.

General Hospital Grant. A deputation from the Board of Governors of the Kingston General Hospital waited on the council, in support of their request for an increase in the grant to the hospital from \$3,000 to \$4,000 for indigent patients. The deputation consisted of Mr. H. C. Nickle, chairman of the board, Mr. J. M. Campbell, and Mr. Fraser Armstrong, the superintendent.

Mr. Nickle spoke of the improved service the General Hospital is giving with the clinical building, and also pointed out that the number of patients from the county of Frontenac had increased. On the basis of \$1.50 per day for patients, the hospital could collect \$6,000 per year. Mr. Nickle also pointed out that the cost of operating the hospital had been increased in the last six years.

Mr. Nickle also gave figures to show the large amount of produce used at the hospital and purchased in Frontenac county, showing the money that was distributed in the county. Over sixty per cent. of the produce used at the hospital were purchased in this county. The hospital was giving good service, and the management felt that it was not asking too much in the request for an increase in grant.

Mr. Campbell referred to the work being carried on at the hospital, as "practical Christianity," and asked the members to give the matter of an increase in grant careful consideration. Mr. Armstrong went into details regarding the work carried on at the hospital, and answered questions put to him by the members, presenting the case of the hospital in a most able manner.

Councillor Jamieson stated that the request from the hospital was worthy of consideration. Mr. Armstrong promised to give the council additional information regarding patients treated from the county and a round table discussion was arranged for on Thursday afternoon. The request for the increased grant will afterwards be dealt with by the finance committee.

Children's Aid Society for Kingston and Frontenac, was present, and introduced Aid. Kidd to the members.

Sydenham, June 1.—The annual meeting of the Women's Christian Temperance Union was held on Wednesday, May 26th, at the home of Mrs. E. Brawley, Sydenham, with the president, Mrs. Brawley, in the chair. Great interest was shown for the carrying on of the work for the coming year. All reports showed progress during the past year and arrangements were made for attending the convention to be held in Kingston in June. The following officers were re-elected: President, Mrs. E. Brawley; first vice-president, Mrs. D. Walker; second vice-president, Mrs. William Rutledge; secretary, Mrs. C. Jackson; treasurer, Mrs. W. Harker; corresponding secretary, Mrs. A. Thompson.

New cars seem to be the leading surprise of the village. Charles Sigworth is now driving a Chevrolet coach; William Conlin, stage driver, is the owner of a new McLaughlin-Buick sedan and Mr. Pringle has a new Overland-Six.

Mr. Maybes, hardware merchant, here, has taken the late D. W. Lake's place as secretary-treasurer of the board of trustees for Sydenham public and high schools. C. McKnight has accepted the appointment of clerk of court which will also fill the vacancy left by D. W. Lake.

George Pringle and family are leaving Sydenham and moving to Toronto in a few weeks. Mr. Pringle has been employed as engineer at the Farmers' Dairy Milk Products for the past three years. Howard Buck who had a very serious operation is now home and gaining very rapidly.

Miss Thelma Rutledge, who has been attending the Toronto Normal school, is very sick in Toronto. Her mother, Mrs. William Rutledge, left for Toronto with Miss E. Dowdley, a trained nurse, to bring her daughter home, if possible, in a few days.

American tourists are frequent visitors to our town now as fishing in the lakes is gradually becoming better. The merchants of Sydenham held a meeting at C. H. Maybes', on Monday night, May 31st, to decide about early closing. It was decided that all stores, barber shops, meat shops and other places of business would close on each Wednesday afternoon and evening during the months of June, July and August.

Belleville Girls' Title. At least one championship will repose in Belleville this season, and it lay with the girls' softball team to do the trick. The high school girls defeated Stirling 22-11 in a Hastings County Softball League game, and, as Tweed was defeated by Madoc in the last innings the Belleville girls win the championship without a play off.

Medical Writer Tells How To Keep Young Unto A Ripe Old Age

Says Ambition, Vigor and Energy, Ability and Healthy Vitality Should Not Be Confined to Youth. Just because you are past middle life, or due to ill-health, are an unhappy victim of chronic weakness, despondency, inertia and inability, don't give up hope and think you have to stay this way — and don't make the mistake of thinking your condition the natural consequence of age.

Many folks in their early thirties seem old and "worn out" — while others, well past sixty, appear to be in the prime of life. Youthfulness is not taken away by the passing of a certain number of years — but through carelessness, misunderstanding or lack of "fighting spirit," it is often lost or almost killed.

No matter what your age may be, if you have not lost the "spirit of youth" and the desire to be at your best—you can surely be helped — and here's a suggestion that will prove its value in two weeks' time. Go now to Jas. B. McLeod and get a box of Double Strength Erbac and take it regularly according to directions for the full 14 days—then test your condition, your energy and endurance. The value of the treatment can easily be proven by results!
