CAPTIVES!

Freshness and flavour held in each wax-wrapped carton

So jealous are we of the flavour and crispness of Quaker Corn Flakes that we seal each carton twice. They reach your table with all their original freshness.

Each carton is first sealed, then wax-wrapped and sealed again. It is proof against dust, moisture and foreign taints. Quaker Corn Flakes are as delicious and crisp when you take them out of the carton as when we put them in. Yet they cost no more than ordinary corn flakes.

Look for our money-back offer on the sealed wax-wrapper of each carton. It is printed in red.

Money-back offer on each package

COUNTY REVALUATION IS WARMLY DEBATED

The Budget Delayed Thereby —By-law to Authorize a Revaluation.

Is the County of Frontenac to have a revaluation this year or is the old assessment to stand? Both sides of this question have their warm champions in the County Council and as yet it is impossible to tell which will prevail. At the March session of council, Councillors Drew and Flake moved for a revaluation, but their motion was defeated. It was then moved that the present valuation be confirmed for a period of five years. This amendment carried by a considerable majority. On the second day of the June session when the by-law was introduced to confirm the equalization of the assessment of the county of Frontenac, Councillor Drew, to borrow the expression used by one of the councillors, "threw a monkey wrench into the county machinery" by introducing an amendment that the by-law be not read a first time. As a result of this amendment which was carried, the budget for the year could not be made up.

So much for Wednesday's session. On Thursday the battle still waged. It was known that something would have to be done to enable the treasurer to make up a budget for this session but the councillors couldn't agree on what was the best plan to carry out. Councillor Sibbitt wanted the by-law introduced again but some objected that this would be taking the matter back to where it was on Wednesday and would simply be wasting time.

Five Years Too Long.
Councillor Jamieson charged Warden Graham with being determined to bring on a revaluation whether council wanted it or not. The warden replied that the charge wasn't true. He said that he had just received a letter from the county solicitor informing him that the action taken by the council at the March session in confirming the present assessment for the next five years was not legal. The council could only extend the assessment for a year at a time, when the regular time for which the valuation had been made, had expired.

Councillor Freeman asked, if such was the case, why the council couldn't extend the present assessment from year to year. Councillor Drew said that the northern townships had a lot to gain and nothing to lose by a revaluation. Dr. Spankie finally cut the Gordian knot when he persuaded Councillor Drew that there could be no objection in blocking a by-law from a first reading; that if he did not agree with it he could vote against it on the second reading. Mr. Drew then verbally withdrew his objections although no motion was made to rescind the amendment passed on the previous day.

First Reading.
The by-law to confirm the equalization of the assessment was then introduced and read a first time. It was moved by Councillor Jamieson and seconded by Councillor Freeman that James Roal, of Batterssea, be appointed a trustee of Sydenham high school in the place of Mr. J. E. Anglin who had resigned. Councillors Drew and Stinchcombe moved an amendment that H. J. Thompson, of Sharbot Lake, be appointed. In speaking to the motion Councillor Jamieson pointed out that his nominee lived in the vicinity of the school and would be available for board meetings while Mr. Thompson lived in the north and would experience difficulty in attending. He said that the north already had one trustee but so far this trustee had not attended one meeting. Councillor Drew thought that Mr. Thompson would attend the meetings. He was a man who understood school work and was much interested in it, he said. He thought that by

appointing more northern men to the board that the north as a whole would take more interest in the school and utilize it to a greater extent than heretofore. Mr. Stinchcombe also spoke. The amendment was carried.

A New By-law.
Councillors Drew and Barr gave notice that on Friday they would introduce a by-law to authorize the revaluation of the county and to name commissioners who would report the result of this revaluation at the November session. The report of the County Property Committee, which was adopted, let the tender for coal to the P. Walsh Co., at \$13.25 a ton for egg and chestnut coal and \$13.50 per ton for stove coal. The contract provides that the coal shall be weighed on the city scales at the cost of the county. The report of the Good Roads Committee which was adopted let the contract for painting and cleaning the Loughboro bridge to the Ontario Bridge Company at \$1.40 per lineal foot. R. H. Fair, the county engineer, was empowered to purchase the stone quarry at Harrowsmith at a cost not to exceed \$225. The committee recommended that no action be taken this year in the purchase of an air compressor drill.

Sharbot Lake Bridge.
Councillor Drew, chairman of the Roads and Bridges Committee, reported on the Sharbot Lake bridge. It had been temporarily repaired, he said, but more permanent work would have to be done. He suggested that if the council would give him authority, he would look after getting out stone this fall to make a fill under a part of the bridge. He believed that by getting out this stone in the fall the county would save considerable money. Mr. Drew in reply to a question said that there was a place about 75 or 80 feet long where the water varied from 8 to 12 feet to be filled in. He hoped to get considerable financial assistance from the provincial government. The question was referred to the finance committee. Council then adjourned.

HAS GONE TO ELGINBURG.

A Lady Has Been Able to Leave the Hospital.

Elginburg, June 1.—The showers of the last few days were greatly needed; everything looks most promising for a good harvest. Mrs. William Storing has been with her sister-in-law on Wolfe Island for nearly two weeks. Mrs. Sydney Watts, Kingston, was the guest of Mrs. Gordonier last week.

Mrs. Albert Sells, Sydenham, was removed from the General Hospital on Monday afternoon in Henry Knight's ambulance to John Silver's home. Over seven weeks ago she received a bad fracture of her left limb and the doctors give very favorable reports of her condition. Rev. J. Putnam, Perth Road, preached in the United Church, here, on Sunday evening. The large audience present was an evidence of the high esteem in which the former pastor of this place was held. While here he was a guest of Mr. and Mrs. Charles Ewing. Rev. W. T. and Mrs. MacKenzie attended the annual conference in Kingston last week. Mrs. Martha Graham is in bed and quite seriously ill.

A New Folder For Thrill-thirsty Fishermen.

For those red-blooded outdoor men whose thoughts now turn to the sport and excitement of fishing, Canadian National Railways have just issued a new folder telling with pictures and stories about the adventures that await the angler among the 30,000 Islands of Georgian Bay.

Among the fishing grounds of Ontario, Georgian Bay is indeed one of the most-favored spots. Off the shoals around the Islands gamey fight bass lurk by hundreds. Every day you can try out a new fishing ground—and find each one productive of real sport. Lake trout and fishing Mackinongie are plentiful. Mackinongie sixty pounds and over have been caught in these waters, and they put up the kind of fight that will long be remembered. You can get this folder, entitled "The 30,000 Islands of the Georgian Bay" together with full information at Canadian National Railways, City Ticket Office, corner Johnson and Ontario streets, Kingston, Ont. Phones 99 or 2827.

TRIBUTES TO DR. SEAGER.

Called Most Outstanding Man in Anglican Church.
When interviewed at Toronto regarding the appointment of Rev. Dr. Seager as Bishop of Ontario, Rev. Walter Loucks said: "I'm very glad. Canon Seager is the man for the position." "I would say the choice was a very excellent one," declared Rev. Canon A. J. Fidler. "Canon Seager is well equipped for the office." In the opinion of Rev. F. E. Powell, Canon Seager is most admirably fitted for the position. "He is the most outstanding man in the Church's life," said Mr. Powell. "Yes, in all Canada." Hon. Mr. Justice F. E. Hodgins paid a neat tribute to Canon Seager. "I have known Dr. Seager for a very long time," said his Lordship. "He is one of the most outstanding men in our Church to-day. His election to the Bishopric is very well deserved. The only regret I have—and no doubt it is shared by many others—is that he must give up his position as Provost of Trinity College, where he has been a very remarkable success. Those interested in Trinity College will find it very hard to replace him. He will be a great acquisition to the bishopric."

See Tweedell's Suits at \$20, \$22, \$25, \$28 and \$30.

GANANOQUE

Gananoque, June 4.—Mr. and Mrs. Joseph McAuley who left a few days ago with their two sons, Garfield and John to take up residence in Toronto, were waited on by a number of their friends and presented with a beautiful clock and pair of silver candlesticks. Mr. and Mrs. McAuley, who have lived here for a number of years, were popular in the community. It is understood that Mr. McAuley will engage in a similar business in Toronto to that conducted here by him for the past several years, and that his son Cecil will carry on the business here established by his father.

George Gibson, who recently moved in to Gananoque from his home Gananoque North, has purchased the Joseph McAuley residence on Brock street, and will take possession shortly.

The T. Chambers Reid Trophy, which was contested yesterday, was won by Paul Sampson, with the very creditable score of 70. There were several tied for second honors with a score of 79. Paul is probably the youngest member of the club, and his victory for one of the most coveted honors of the golf season will have a tendency to make the "older fellows" step along.

The A. Nuttall property on King street has been leased to the Burns Company Limited for a term of five years. This company will put the property in shape to conduct their shoe business, the store at present occupied by them having recently been purchased by Herbert Reid, jeweller, who will move his business there shortly. Mr. Nuttall will continue his garage business at the rear of his property.

Miss Grace Byam is expected to arrive here to-day to spend the summer with her mother, Mrs. Mary Byam.

Matches for the ladies' golf club will begin next Tuesday with an approach and putting contest.

Mr. and Mrs. David A. Mitchell have kindly given over their home to the C.G.I.T. of St. Andrew's church for a dance this evening.

Much sympathy is expressed for Mrs. J. Hughes and family in their sad bereavement. Mr. Hughes who has been ill but a few days passed away early yesterday morning. Besides his wife four sons and three daughters survive, the eldest of whom is about twenty years old.

WHY WOMEN AGE SO FAST

One often sees tall-tale signs of approaching age in women earlier than their years warrant them. Lines appear, the complexion is sallow, the hair is prematurely grey, the seat of life has gone. These are women who are subject to headaches, backache, dragging-down pains, irregularities, displacements, nervousness and despondency. A woman's health controls her looks, and if suffering from any of these ailments, why not restore health and apparent youth by taking Lydia E. Pinkham's Vegetable Compound.

Always White Always Fresh

She takes pride in having her linen always fresh and attractive. Reckitt's Blue is her great help. She knows its value well and relies upon it to keep her linen white and fresh. She never has a washing day without using
