### Rate 15 Mills.

"That the budget as presented by the treasurer be accepted and that a rate of 15 mills on the dollar be struck on the said total assessment for the current year for general purposes."

That Mrs. Fred Dennison and Mr. William Black, Children's Aid Inspector, be named as the county representatives on the local council of the Mothers' Allowance Board for the year 1926-1927.

"That a sum not exceeding \$200 be set aside to be at the disposal of the chairman of the roads and bridges committee for getting out stone for the Sharbot Lake Bridge."

The budget as presented by the treasurer was considered clause by clause in committee of the whole. Councillor Freeman took the chair. The two questions of the grant to Hinchinbrooke Agricultural Society and the special grant to the General Hospital for a clinic on venereal diseases were the only items discussed. The yeas and nays were called for on the special grant of \$500 to the hospital and were recorded as follows: Yeas—McGregor, Graham, Aylesworth, Sils, Sibbit, Freeman, Kennedy, Jamieson, Spankie, Nays—Barr, Cronk, Pringle, Stinchcombe and Shanks, Absent—Flake, Garraugh and Drew. The motion carried. When the budget had been gone through the council rose and reported progress the warden again resuming the chair.

### Reconsider Report.

It was moved by Councillors Aylesworth and Barr that the council reconsider clause three of the report of the county highways committee of May 12th. This motion carried.

Councillor Freeman then opened the debate claiming that the rate for county highways should remain at six mills. Mr. Freeman admitted that when the rate had been struck that the committee contemplated the purchase of an air compressor drill which would have cost over \$2,000 and that since that time the committee had decided not to purchase this drill, but he claimed that if the drill had been purchased with the rate at six mills, it would have meant a deficit for the committee. Also he contended that since the rate was struck a number of the roads had heaved and would need repairs that had not been estimated.

Councillor Aylesworth thought the rate could be cut to five mills and still keep the roads in fairly good condition. Councillor Barr took a like stand. Councillor Jamieson didn't think it advisable to pare to the bone and let the roads depreciate.

Councillors Aylesworth and Barr moved that the rate be five mills for the current year as it had been for the past year. The yeas and nays were called for and recorded as follows: Yeas—McGregor, Barr, Cronk, Graham, Aylesworth, Pringle, Stinchcombe and Shanks, Nays—Sibbit, Freeman, Kennedy, Jamieson and Spankie. Absent—Flake, Garraugh and Drew.

### Evening Session.

A short session was held on Friday night at which the following by-laws were given a second and third reading and passed: A by-law to raise, levy and collect certain sums of money to meet expenditures on the county highway system for the current year.

A by-law to raise, levy and collect \$102,922.50 for county purposes.

A by-law to raise, levy and collect the sum of \$6,238.94 to meet debentures for the cost of constructing the provincial highway for the years 1919-20.

A by-law to pay the yearly instalments of principal and interest due on K. and S. toll road debenture.

A by-law to confirm the equalization of the assessment of the county for the year 1926.

A unanimous resolution was passed asking the provincial department of public works to give generous assistance in the repairing of the Sharbot Lake bridge.

### Council adjourned to meet on Tuesday, November 23rd, at four o'clock.

### HOWE ISLAND GRANT FOUND IRREGULAR

#### And County Council Reconsidered Motion—Assessment Valuers Appointed.

Among the important business dealt with at the Friday afternoon meeting of the county council of Frontenac was the passing of a resolution sponsored by Councillors Spankie and Freeman to delete from the minutes of Thursday afternoon's meeting that minute which dealt with the grant to Howe Island because it was irregular; the reading and passing of a by-law to provide for a new valuation of the county and naming Thomas Purdy, Kingston township, F. J. Wensley, Clarendon township, and Robert McVeigh of Oso as commissioners to carry out the valuation and report at the November session of council; the passing of the budget and report of finance committee striking the county rate at 15 mills which is the same as it was last year; the making of an extra grant of \$500 to the General Hospital for a special clinic on venereal diseases; and the reducing of the rate for county good roads from six mills to five mills.

Several matters of a very contentious nature came up during the afternoon and the yeas and nays were called for both on the question of the special grant to the hospital and on the reducing of the county good roads rate from six to five mills. Very few items in the budget were challenged but a motion by Councillor Cronk that the grant to Hinchinbrooke Agricultural Society be increased from \$50 to \$200 for this year, in view of the fact that the society had some very heavy obligations to meet, was defeated as was also a motion to cut the grant of the Kingston Industrial Exhibition from \$500 to \$200.

### Howe Island Grant.

Councillor Garraugh of Howe Island charged Dr. Spankie with opposing the grant to Howe Island for personal reasons, when Dr. Spankie, who was absent from the meeting Thursday afternoon when the grant was passed, moved that it be struck from the minutes. It was explained however that the auditor, Mr. A. H. Muir, had called the attention of the finance committee to the item and had told them that simply as a motion it could not be paid but that it would have to be put in the form of a by-law. Notice to introduce a by-law at Saturday morning's session to provide for this grant was then given.

### Strange Business.

Dr. Spankie moved his resolution as soon as the minutes had been read. Councillor Kennedy remarked that it was a very strange way to do business. He said that Councillor Spankie had left the meeting on the day previous before this matter was dealt with and then he came back the next day to upset what had been done.

The representative for Wolfe Island assured Councillor Garraugh that he had no personal reasons for opposing the grant but he wished the minutes of the council to be correct. He said that a ferry ran to Wolfe Island yet Wolfe Island did not come to county council for assistance. The ferry was run by a private corporation and the people who used it paid for it. Councillor Freeman likewise took exception to the grant passed on Thursday under rule 43 of the Standing Rules of Council which said that no new business should be considered on the same day it was introduced. The resolution to strike this grant from the minutes was carried.

Councillors Drew and Barr then gave notice of a by-law to give Mr. Garraugh \$100 to build an approach for the Howe Island ferry. This by-law was never introduced however.

### Valuers Appointed.

The by-law to authorize the re-valuation of the county as a basis for the assessment of 1927 and to appoint three commissioners was passed on the first reading. On motion the council then went into committee of the whole with Councillor Spankie in the chair to give

### NAPANEE

Napanee, June 5.—An event of outstanding importance in the athletic field took place on Thursday evening when the citizens and softball lovers gathered in the armory to witness the exhibition game between the Toronto Nationals of Toronto and Napanee girls.

The village of Newburgh had a field day on Thursday afternoon and one of the leading attractions was the exhibition game between the Nationals of Toronto and Napanee girls. The Queen City girls won by a score of 20-7, but Napanee were handicapped by not having several of their best players and it was the first time this season that they have played outside and under such conditions they did remarkably well.

Following is the lineup and score by innings:  
Toronto Nationals—Doris Keal-
