That steps are being taken to procure a suitable gift from the women of Canada for Lady Byng of Vimy. All the ladies who have occupied the position of the wife of the Governor-General of Canada have been presented with a remembrance of their stay in Canada. Lady Byng has taken a deep interest in Canadian affairs and it is thought the gift which the wives of Canada's Privy Counsellors are arranging to present her with, will be an expression of the appreciation of the women of the Dominion.

That already we are hearing of many former Kingstonians who live in larger cities preferring to spend the summer in Kingston rather than to go to the seaside or mountain resorts. Kingston is one of the coolest summer spots in Ontario and there is always the pleasure of meeting old friends. The country can be reached in a few minutes in a car, the air blows in directly from Lake Ontario, Macdonald Park, and its bathing house provides bathing and paddling for the children and every day there are boat trips down the St. Lawrence river, through the Thousand Islands, across the lake to Cape Vincent and up the Bay of Quinte. The Catarqui Golf and Country Club and the Kingston Yacht Club provide golf and yachting; in fact Kingston has the qualifications of a summer resort with the comforts of a city.

That we have come to the days of picnics and we have been asked to remind the picnickers that every scrap of paper, every sign of food and of the preparation of the meal they have enjoyed be put out of sight before they start on their homeward way. big, emptied cans of meat or fish, paper pie plates, etc., when you are enjoying a walk in the woods? No one likes to see these things so no one should leave them to annoy others. Many of the picnic places are in private grounds that picnickers have entered without asking leave. Most people do not mind such visitors if all signs of the picnic is cleared away, if fires are put out and fruit trees are left with all their blossoms. But it is a long suffering person who will harbor unbidden guests who destroy both beauty and property.

I KNOW A FIELD. I know a field where daisies grow And shimmering, grey-leaved poplars blow. And boys and girls come there to play And skip and dance the liveliest day. But when they've all gone home to bed Each daisy shuts its pink-tipped head. And then the fairies, one by one, Come dancing from the setting sun. They paint the grass a fresher green And wash the daisies nice and clean. And make things tidy for next day, When all the children come to play.

STRATFORD WOMAN

Restored to Health by Lydia E. Finkham's Vegetable Compound. Stratford, Ontario. "After my first baby was born I started to work on the tenth day and did a big washing on the twelfth day. Being so young (I was married at 19) I did not know what was the matter, so let it go until I was all run-down, weak and nervous, and had a bad displacement. For nearly two years I could not sleep and I would always complain of having 'not a head-ache, but a brain-ache.' My mother is taking Lydia E. Finkham's Vegetable Compound during the Change of Life and she recommended it to me. After taking two bottles I began to get a little sleep and to feel better and I have never left off since then, except for about three months. I can safely say I have taken thirty bottles since my second baby was born. I think it makes child-birth easier as I had terrible pains with my first three as I was so much stronger. I am now able to do my work alone, but I am still taking the Vegetable Compound as I am nursing baby." Mrs. OWEN PAUL, 49 Cherry Street, Stratford, Ontario.

If you are suffering from any weakness which causes such symptoms as pains in the side and back and nervous feelings, give Lydia E. Finkham's Vegetable Compound a trial now.
