Fancy Sweaters in V necks and coat styles, in all the new patterns. Price \$4.00 to \$8.50.

George Van Horne 213 Princess Street. Phone 362-w.

DAMAGES FOR LOSS OF HORSE AND CART

Wall of Building Fell When Cart Was Engaged Removing Stone.

Damages to the extent of \$142 were awarded Walter O'Donnell, carter, of Kingston, for the death of one horse and the destruction of a wagon, which were found due to the negligence of W. J. Purvis in the employ of W. J. Gates, also of Kingston, by the jury which considered the evidence at the General Sessions of the Peace at the Court House on Tuesday afternoon.

The whole case arose out of an accident which occurred in March, 1925, at a building known as the "old brewery" which was situated on the lake shore near where Simcoe and West streets join King street. Mr. W. J. Gates had the contract to tear down this building and he was using the stone to build a wharf in another part of the city.

According to the story told by Mr. Palmateer, the teamster employed by Walter O'Donnell, he was directed by Mr. Purvis where to back his team to take out the stone and his evidence was that the accident was caused when Mr. Purvis with a sledge knocked out a certain stone which was in such a strategic position that the strength of the whole wall depended on it.

Mr. Purvis told a totally different story. He said that he had not directed Mr. Palmateer where to back his team. On the contrary he did not know that Mr. Palmateer was near the building until a very few minutes before the accident because he was working inside the building.

Considerable other evidence was offered but it was mainly in corroboration of one or the other of these eye-witnesses. The last witness was heard about 9.30 in the evening and Mr. Clarence Smith, of Cunningham & Smith, solicitors for the plaintiff, and Mr. Francis King, of King & Smythe, solicitors for the defendant, then reviewed the evidence for the benefit of the jury.

The jury in this case was George Tett, Delmar J. Cherry, Everton Cronk, Wendling W. Anglin, Robert J. Abernathy, Shem. Davey, S. Deyo, Hugh J. Farrelly, Harold M. Ansley, Richard Judge, John A. Geddes and David Gemmill, foreman.

Experience this year a real egypt existence in the cool, green vastness of Algonquin Park. Enjoy a real holiday in its virgin forests, its sparkling lakes and winding rivers. Here you can fish and paddle to your heart's content, tramping the forest trails, climbing the wooded hills, exploring islands, swimming, loafing and dreaming and learning to know and understand the wild things of the forest.

McClary's HOT CROSS Burner The Wonderful New Gas Range Burner

A BURNER that gives a much stronger, hotter flame, that uses less gas—that concentrates right at the base of the utensil—that makes gas cooking faster, more convenient and satisfactory.

This remarkable burner is so designed that it uses much less gas, yet cooks rapidly and thoroughly. It causes gas and air to mix in proper proportions, thus giving an intensely hot flame with a minimum consumption of gas.

"Hot-Cross" Burners Cannot "Pop"

The "Non-pop" feature of McClary's "Hot Cross" gas burner removes an age-old annoyance in gas cooking.

McClary's GAS RANGE

as merciless as the pests it kills

OUT of a roomful of flies and mosquitoes and roaches BLACK FLAG won't leave a single survivor. It's the deadliest insect-killer ever discovered. It kills them all!

methods fail. Deadly to bugs—but absolutely harmless to humans and animals. No bug is immune. BLACK FLAG rids a house of fleas, roaches, ants, bed-bugs, moths—completely wipes them out!

They haven't a chance—they breathe BLACK FLAG and die. The secret, vegetable ingredients strangles them. It is the surest, swiftest death ever discovered for insect pests.
