What Boys and Girls Think About Teachers

These are days which seem doubly long to the boys and girls who are waiting impatiently for the close of school.

The average primary school pupil, and even some pupils in the collegiate institute, find it very difficult to get the viewpoint that when school closes they will be missing much valuable instruction.

When the children grow up some of them become teachers and others enter various walks of life. Whatever they do, they find that they never spent happier or more care-free days than at school.

When you are released from bondage on Friday, shout and yell and act like young cannibals. It only happens once a year and if you have worked faithfully during the term you deserve the holidays.

AVON RIVER POWER COMPANY.

5 1/2 Per Cent. Bond Issue of \$650,000 is Announced.

Following its action in calling an existing bond issue of \$250,000 bearing 6 1/2 per cent. interest rate, the Avon River Power Company, Limited, of Nova Scotia, is offering a new issue of \$650,000 of 5 1/2 per cent., 30-year sinking fund gold bonds.

The purpose of this new issue is not only to retire the existing bonds but to reimburse the Company for the purchase of the Windsor Electric Light Company, Limited, to pay for extensions and improvements made during the past two years, also to acquire the properties of the Gasperaux River Light, Heat and Power Company.

The earning power of the properties now being consolidated runs far ahead of interest requirements. For the 12 months ended December 31st, 1925, gross receipts of the combined companies exceeded \$85,000 and with \$20,000 for operating and other expenses there remained a balance of \$65,000 or more than one and one-half times interest payments on the present issue of \$650,000.

A sinking fund has been provided for the new bonds, commencing July 1st, 1928. The present issue will be known as series "A" and will be dated July 1st, 1926, and will mature in 30 years, on July 1st, 1956.

A cooling drink to serve at dinner

THERE is something about "Canada Dry" that cools and refreshes and invigorates as no other drink can possibly do.

Try it some evening when the heat oppresses and appetite seems far away and there is no lure in dinner-time.

You will really be surprised to find how much zest and enjoyment it adds to the meal—how it tones up your stomach—how fresh and keen and cool it makes you feel.

The reason is simply that "Canada Dry" is a real ginger ale, made from real Jamaica ginger, and is so pure and wholesome that it is served in leading hospitals and prescribed by physicians.
