THE PROGRESSIVES TO MEET SHORTLY

And Decide Upon a Candidate for Frontenac and Addington.

G. A. B. Clarke, president of the Frontenac and Addington Progressive Association, when asked if the Progressives will hold their convention for the purpose of selecting a candidate for Dominion Parliament riding of Frontenac and Addington, stated that he expected the meeting would be called in about two weeks.

While the Progressive candidate was defeated in the election last October, when Hon. Dr. J. W. Edwards was chosen, the Progressives are very optimistic. It is claimed that if the Liberals and Progressives who stayed at home last time and did not exercise their franchise, would get out and vote, the result would be different.

THE ANNUAL PICNIC OF ANDERSON STAFF HELD

Enjoyable Outing at Smith's Grove on Wednesday Afternoon and Evening.

The employees of Anderson Bros., and their families held their annual picnic at Smith's Grove, Loughboro Lake, Wednesday. At the grove, which is a beautiful spot for a picnic, all enjoyed the outing. There were about fifty picnickers, who spent the afternoon boating, fishing or playing softball. There were fruit and ice cream cones for the children, and scrambles for peanuts and kisses. The picnic supper was served at the tables and all did justice to the meal.

In the evening, there was dancing, for which a Victrola had been brought along. The return trip was made about ten o'clock, the end of a perfect day. The success of the outing is largely due to Mr. J. Christley, in charge of the entertainment, Miss A. Bull, who managed the refreshment problem, and Mr. C. Waller who took care of the transportation. A great deal of thanks is also due to Mr. A. F. Smith for his kindness in allowing the picnickers the use of his grove.

Montreal Live Stock.

Montreal, July 5.—Fresh receipts of live stock on the two markets yesterday morning amounted to 44 cattle, 131 sheep and lambs, 451 hogs and 488 calves. Trading was generally slow and prices easier on cattle, calves and hogs.

The cattle offering was confined to common dairy type cows and bulls and no sales were recorded.

Calves were harder to sell. One small lot of choice veals were picked out at \$10, medium to fairly good veals sold for \$3.50 and just fair ones \$3. Grass calves were quoted at \$4.75.

Spring lambs sold from 15 to 17 cents per pound. Only a few hogs were sold for \$15.25. Rough and heavy hogs were hard to sell. Sows brought from \$10.50 to \$11.

CANNOT COMPETE WITH SUCH A HANDICAP

Eastern Ontario Towns Are Included in High Rates for Electric Power.

At a meeting of the executive of the newly formed Eastern Ontario Chamber of Commerce, held in Belleville, Dr. Anderson, mayor of Smith's Falls, told of the highly unsatisfactory position of his town in regard to power. Smith's Falls, Perth, Carleton Place and Kemptville had been induced to enter into a joint arrangement to take power from the Hydro-Electric Power Commission from a development at High Falls on the Mississippi river. The power costs, which at first were reasonable enough, had gradually been advanced until in June they received notice that the charge would be \$50 per horsepower per annum. The neighboring town of Carleton Place was even worse off, for their power was advanced in price in the last five years from \$33 per horsepower to \$55. Up to 1919 Carleton Place was procuring power at \$20 per horsepower from private interests. The effect on industry was almost disastrous. The Frost & Wood Company, Smith's Falls, as a matter of self-preservation, sought relief by going back to steam power and later acquired a power plant of its own. Other important users are being out and the result is higher prices for those who remain. In other towns, not dependent on Hydro-Electric, in the near neighborhood, power was being sold at \$15 to \$25. "How can we compete in the attraction of new industries when the odds are so great?" asked Dr. Anderson.

LATE COL. GEORGE ROY.

A Former Kingston Officer Dies in Quebec City.

Quebec, July 5.—Col. George Roy, former director of artillery at Ottawa, and acting commanding officer of the Quebec Military District, died suddenly here Tuesday night. Colonel Roy had recently been appointed to Quebec during the illness of General Landry, who died Monday morning.

Col. Roy was making arrangements for the funeral of General Landry. He was stricken while chatting with a friend on Dufferin Terrace, and died in a few moments. A coroner's jury found that death was due to congestion of the lungs.

The late Colonel George Roy was born in Quebec City, 47 years ago, the son of Georges Roy, land surveyor for the Provincial Government and an officer in the militia. He studied law at Laval and entered the Quebec Bar 23 years ago. In 1901 he interrupted his law course and served in the South African War.

Following his admission to the Bar, Col. Roy decided to follow a military career and joined the Royal Canadian Artillery. During the Great War he acted as an instructor of artillery in Canada in the earlier part of the outbreak. In 1918 he embarked for England and joined the Imperial Artillery and served with great distinction in France.

On his return to Canada, he was appointed Director of Artillery at Ottawa, which post he held until sent to Quebec to temporarily replace the late General Landry.

Colonel Roy is survived by his widow, three children and four step-children.

Col. Roy was formerly with the R.C.E.A. at Kingston.
