## LIGHTNING BOLT KILLS TWO ORANGEMEN IN A LODGE ROOM

### Father and Son Victims When Lightning Struck A Hall at Rednersville

Wellington Bowers and Harold Bowers Instantly Killed—Five Other Men Sustained Serious Injuries—Bolt Hit the Hall While the Orange Lodge Was in Session Friday.

Belleville, July 10.—Two men, father and son, were killed and five men were shocked and more or less seriously injured at Rednersville, five miles from here, when a bolt of lightning struck the chimney of the Orange hall there during the progress of a meeting of the Orange Lodge late last evening.

The names of those killed were: Wellington Bowers, 52, of Rossmore, Ont.; Harold Bowers, 24, Rossmore, his son.

Those suffering from shock and minor injuries are: Walter Ostrom, Rednersville, foot cut; Carl Williamson, Carrying Place; Charles Brickman, Henry Lamb and Clarence Molloy, all of Rednersville.

There were upwards of thirty men in the lodge room. A terrific crash was followed by flames which ran along the stove pipe, apparently having come down the chimney. All windows, six in number, had been opened from the top.

Both men died instantly. Not a mark of any kind was to be found on them. They were on opposite sides of the room, perhaps twenty-five feet apart. The others injured were scattered about the room.

The Bowers were originally a Rawdon township family and the father of Wellington Bowers, aged eighty-five, still resides in Rawdon. His wife and two other children survive.

Bowers and his son, who had just sat down after the initiation had been completed, were at the window at opposite ends of the room. Walter Ostrom was standing next to Wellington Bowers, and sustained the most serious injuries. His foot was cut open, one boot being torn off by the bolt and his left trouser leg torn to shreds. The lightning zig-zagged across the room, so it appeared, and had contact with men not near one another.

Which Has Been at Bottom of the Ocean for Nine Months.

New York, July 10.—The bodies of eighteen men were brought up yesterday from the battered steel hull of submarine S-51, which for nine months has been their tomb on the bottom of the Atlantic Ocean. As the stricken ship lay in drydock in the navy yard, Brooklyn, former comrades of the victims went into her interior through the hatches and brought out the bodies. It seems certain that seven others of her crew were washed from the deck on the night of the disaster. Eight bodies were recovered last fall, and three of the crew of thirty-six were saved.

Belleville is very centrally located and delegations will be present from as far north as Bancroft, as far east as Kingston, as far west as Lindsay and south from Prince Edward county.

In addition to the Orange celebration, Belleville has planned a big programme of sports and races and there is no doubt that it will be one of the biggest days that Belleville has ever experienced. An Orange celebration is also being held in Gananoque, but the Kingston lodges all voted to go to Belleville.

### INSANE TORONTO FATHER KILLS FAMILY AND THEN SUICIDES

Florist Driven Out of His Mind by Trouble Over Sewer—Had Objected to the Laying of the Sewer on Account of the Heavy Tax Burden.

Toronto, July 10.—Driven insane by trouble with the civic waterworks over the planned laying of a sewer along Cavell street, where he lived, and to which he strenuously objected, Patrick Fogarty, a well-known florist in Toronto's Danforth district, killed with a gun his wife and four children and then took his own life yesterday morning.

The gruesome tragedy was discovered by John Macdonald, Fogarty's nephew, who worked for him in the florist business, when he entered the Fogarty house at 1 p.m., accompanied by Fogarty's neighbor, James Widdfield.

Fogarty was found in a back bedroom huddled up on the floor with a 38-calibre revolver beside him. Nearby lay the bodies of three of his children, Mary, aged ten; Gertrude, aged eight, and Geraldine, five.

In a centre bedroom of the house lay Mrs. Fogarty's body and in the front room the body of Clive, aged twelve, was found.

All had been shot through the head, with the bullets piercing the left temple. Police, who probed the theory that some unknown had murdered the whole family, became certain that Fogarty had done the shooting when they were told that he was left-handed.

A peculiar feature of the case is that the children and the mother were all lying in their beds, and there was no sign of a struggle. All are believed to have been killed while they slept, and police are mystified that none awakened and tried to escape.

The police investigating the case later found in the greenhouse adjoining the residence a letter signed by Fogarty.

**THE MASONRY WORK PROCEEDS RAPIDLY**

On Addition to Regiopolis College—To Be Ready for the Fall.

The masonry work on the new addition to Regiopolis College is about three-quarters completed and the other work is keeping pace.

Wiring and plumbing has been carried along while the walls were being put up and this work is being pressed just as fast as possible. The stairs are of concrete and every precaution is being taken in construction to make the building as fire-proof as possible.

A large number of stone cutters and masons are on the job but it will not be many weeks before their work will be completed and they will be supplanted by carpenters, plasterers and painters. It is expected that the building will be ready for occupation at the opening of the fall term.

Hon. P. C. Larkin, Canadian High Commissioner, London, will probably cancel his annual visit to Canada, which was set for the end of this month.

### PREMIER MEIGHEN TRYING TO SELECT HIS FRENCH MINISTERS

Will Fill Their Places in the Cabinet at Once—Hon. Senator Robertson and Hon. Hugh Guthrie Will Not Accept Cabinet Appointments—Announcement Is Deferred.

Toronto, July 10.—The Mail and Empire publishes the following from Ottawa staff reporter:

"Premier Meighen has deferred announcement of the personnel of his Cabinet. The delay in the main has been caused by the Quebec situation. It was proposed to leave the four portfolios for Quebec unfilled and make the appointments following the election. This course met with much opposition from both French and English, and Mr. Meighen is now seeking to select his French ministers at once.

At present, Hon. Gideon D. Robertson, Minister of Labor from 1917 to 1921, and Hon. Hugh Guthrie are not in the Cabinet slate. Senator Robertson, who was offered the portfolio of Labor in the new ministry, felt that in justice to his position of vice-president of the Order of Railway Telegraphers, he could not enter the cabinet. Hon. Hugh Guthrie could have had his old portfolio of Defence and at present could have the department of Justice, but he assured Mr. Meighen it was his wish not to enter the Cabinet. It is understood he will be offered a position equally important to that of a Cabinet minister.

Succeeding Senator Robertson in the Labor Department will probably be G. B. Nicholson, East Algoma. For Agriculture, Mr. Meighen had a difficult task to choose between Donald Sutherland, South Oxford, and Hon. S. F. Tolmie, Victoria, B. C. Dr. Morand, East Essex, will also enter the Cabinet without portfolio.

Mr. Meighen has asked Hon. R. B. Bennett to take the portfolio of Finance, and Sir Henry Drayton to take Railways and Canals.

Before leaving for the west, Conservative commoners and senators requested Mr. Meighen to appoint Hon. R. J. Manion, Minister of Interior, Hon. H. H. Stevens did not desire the department of Customs and Excise, but took it at Mr. Meighen's personal request. J. D. Chapman took Trade and Commerce.

The Quebec situation is still in doubt. Sir George Perley may take Defence. Other portfolios for Quebec will be Post Office, Public Works, and Solicitor General. Mr. Meighen is trying to secure E. L. Patenaude and Andre Fautoux, Montreal; Dr. Normand, Three Rivers, and J. H. Fortier, Quebec.

### HEAVY STORMS FRIDAY NIGHT

Two and a Quarter Inches of Rain Fell—Cows Killed by Lightning.

An electric storm of rather a severe nature hit this district about midnight and continued for two or three hours Saturday morning, but as far as can be learned the damage was not great.

Two and a quarter inches of rain fell and this moisture will be of great value to the farming community, although it will be welcomed by city amateur gardeners who for the past week or so have been forced to resort very freely to city water.

The Bell Telephone Company and the C.P.R. and C.N.R. Telegraph companies suffered very little damage and their service was practically not interfered with at all. Public Utilities had slightly more trouble, as the branches of trees, blown by the wind, caught in the wires in some places, also a number of fuses were blown, which put some sections of the city in darkness, but the break in service was not general.

Three cows belonging to Charles McCullough, of Glenvale, were killed. These animals were in the pasture fields, when a lightning bolt struck them.

### BOY AND PET DOG FIGHT WITH A SHARK

Lad Suffered Serious Lacerations of the Legs and Right Hand.

San Francisco, Calif., July 10.—A 15-year-old boy and his pet dog fought for their lives yesterday when attacked by a shark while swimming in San Francisco Bay. The lad suffered serious lacerations of the legs and right hand and the dog was severely bitten.

It was the first recorded instance of a shark attacking a person in this coastal or bay region. From the boy's description of the fish, it was believed to have been a shark of the "tiger" variety.

The boy, Norman Peixotto, accompanied by his dog, left his home on Bay Farm Island, off the Alameda county shore, for a swim.

They had not been in the water long when the shark, estimated to have been five feet in length, hurried itself at the dog. The animal, badly-bitten started for shore and the shark then attacked the boy. His screams attracted other lads on the beach and they put out in a boat. Young Peixotto twice was pulled beneath the surface before he fought his way to shallow water and was pulled into the boat. Surgeons said he would recover.

R. T. Kernighan, better known as "The Khas," of Rockton, Ont., is in St. Joseph's Hospital, Hamilton, where he underwent a serious operation.
