Passed Examination.

Miss Blanche Harrison, Gananoque, was successful in passing her music examination at Kingston in elementary theory.

Among the Islands.

Str. Brockville every Saturday and Sunday from Ferry Dock at 2 p.m. fast time. One hour at Alexandria Bay. Adults, 75c.; children, 50c.

Heat Summer Heat.

The thermometer reached 80 degrees in the shade on Friday, the highest of the summer. While it was warm in Kingston, it was much hotter in other places.

To Go to Medicine Hat.

Miss Campbell, Smith's Falls, has resigned her position on the Collegiate staff to accept a position as mathematics teacher on the staff of the Alexandria High School in Medicine Hat, Sask.

Good News For Motorists.

Mayor Wilson of Gananoque has seen the contractor doing work on the provincial highway west of that town, and announcement is made that there will be little rough stone for motorists to contend with there after to-day (Saturday).

Enjoy Yourself.

Come and enjoy a sail to Cape Vincent, N.Y., Saturday and Sunday, leaving Kingston 7 a.m. and 1.15 p.m. standard time. The Sunday 1.15 p.m. boat makes a tour of the Islands and to Cape Vincent. Fare round trip to Cape Vincent, returning same day, 75c. Phone 2195.

Drive Was Enjoyed.

A number of members of the Rotary Club loaned their automobiles on Friday night to take the inmates of the Home for the Aged for a drive. The outing was much appreciated by the old people, many of whom have but seldom ridden in the "new-fangled horseless carriages."

Lost Trace for Twenty Years.

William Salisbury died at Libertyville, Ill., and his remains have reached Belleville for interment. He was born at Rednersville fifty-four years ago. His brother, Henry, Belleville, had lost trace of him for the past twenty years. A sister, Mrs. George Tampuset, lives at Wellington.

To Investigate the Cause.

The Smith's Falls council has been notified that the charge for street lighting would be \$6,500 a year by the Hydro-Electric Commission. The increased amount of this charge was considered unreasonable and the property committee will investigate the cause.

Appointed Principal.

Arnprior Board of Education has appointed Mr. T. C. Mulvihill, son of Mr. and Mrs. T. Mulvihill, Arnprior, as commercial instructor at a salary of \$1,800, to the staff of the High School. Mr. A. R. Scott, formerly of Bowmanville, Ont., was selected as principal of the High School at a salary of \$3,000.

Let Us Know.

At this time of the year especially, there are many visitors in the city and The British Whig wants to publish them all; but it is impossible for reporters to "get" every one. So if you, dear reader, have at any time any visitors in your home or are going away, drop a postal card or phone No 2613.

A Lady Passes in Medicine.

Miss Celia McNeely, daughter of Mr. and Mrs. James McNeely, has passed her final examination in medicine in the Toronto University and is now entitled to be styled as Dr. McNeely. Miss McNeely enjoys the distinction of being the first lady student from Carleton Place to qualify as a physician.

Very Fine Berries.

Arthur Hall, living on the north shore of Wolfe Island brought to market a wonderful collection of strawberries, large, luscious and ripe all the way through. They are of the Ridgeway variety. Mr. Hall had about seventy-five boxes and they were rapidly disposed of. The berries were the first pickings.

The Captain Burned.

At Alexandria Bay, N.Y., Capt. Ludo Estes was badly burned about the face and hands at Rabbit Island when the runabout Nadod, owned by a Rochester man, blew up. His son, John, was with him, but was not hurt. The boat was sunk and is a total loss. The men were about to return home when the accident occurred.

Ill in Kingston Hospital.

The friends of Richard Blakely, Kingston (formerly of Coneseon), will regret to know that he is ill in the General Hospital. Mr. and Mrs. Blakely were preparing to remove to Trenton, where they had purchased a desirable residence, when Mr. Blakely was taken ill. His Prince Edward friends hope for a complete restoration to health.

Civic Motor Camp.

The general public was to have inspected the Civic Motor Camp at Lake Ontario Park last evening, but through lack of knowledge of the event, or for some other reason, there was no response. Several of the members of the motor camp committee were on hand to show people over the establishment, but the public did not show up. Twelve cars of tourists took advantage of the camp's facilities during the night.

cars of tourists took advantage of the camp's facilities during the night.

Possible Military Moves.

It is possible, according to rumor, that Col. W. P. Elkins, who is at present in command of the R.C.H.A., will be promoted to Staff Artillery Officer at Ottawa, with command of the R.C.A. Col. Georges Roy, who formerly held this command, was promoted recently to the command of the Quebec military district, but died on Tuesday night last.

Boys Given Jail Sentence.

Two young lads about eighteen years of age appeared before the Magistrate in Police Court on Saturday morning charged with theft. They pleaded guilty to entering a home on Princess street and stealing three coats. They were rounded up by the police and admitted their guilt. They were sentenced to three weeks in jail having been on suspended sentence before.

Club Bag Presented.

On Wednesday evening members of the Moravian town Indian reserve and several of the near neighbors met in the Council House in honor of Rev. E. A. Knechtel, Stratford, who, for the past two years, has been teacher and missionary at Moravian town and is leaving to take up a higher course of study at Queen's University. They had a pleasant time together. As a remembrance Mr. Knechtel was given a club bag.

Summer School Reception.

The students' reception held in Grant Hall on Friday night by the Queen's Summer School Association was a brilliant and altogether successful event. It was well organized and every student, whether old or new, was given every opportunity to have a good time. Formalities were to some extent dispensed with and the students gave their whole attention to getting acquainted. Dancing was the most popular form of entertainment provided.

Shannonville Store Robbed.

Thieves, apparently amateurs, entered the store of F. J. McFarlane, Shannonville, and cleaned up about every thing that wasn't nailed down. They entered through a window, pried open after an unsuccessful attempt to make an entrance through the door. When the proprietor came down in the morning he found the till rifled, candy, buns, cakes and tarts as well as tobacco, and coupons for Salada tea gone. The police were notified. The robbery was the fourth at the McFarlane store in the past few years.

Kingston's Museum.

As will be noted from an advertisement in this issue, the Kingston Historical Society has opened the Murney Redoubt in Macdonald Park for the season, and visitors will be admitted to inspect it and the numerous interesting relics it contains every week-day from 2 to 5.30 p.m., and on band concert evenings. A flag-staff is being erected in front of the moat, from which the Union Jack will be suspended, and it is probable the bottom of the moat will be covered with mould, and shrubs and flowers planted on it. It is well worthy a visit.

Kiwanis Activities.

The speaker at the meeting of the Kiwanis Club on Monday at noon will be Prof. H. F. Woodsworth, M.A., Dean of the College of Literature, Western Union College, Kobe, Japan. Prof. Woodsworth will speak on "The Social and Economic Conditions of Japan."

The booster at Monday's meeting

will be Dr. Bert Winnett. A special feature of Monday's meeting will be the singing of Miss Helene Corrigan of New York.

All the committees are working

hard on the coming circus under the auspices of the Kiwanis Club. Three splendid prizes have been offered for the girls selling the most tickets. First prize is a \$115 Orthophonic, second prize a diamond ring and third prize a \$25 wrist watch.

Premier G. H. Ferguson stated

that Ontario is not to be a party to the construction of further Hydro development works upon the lower Niagara River. "New York can do what it likes with its power on the Niagara River," said the Prime Minister. "At the moment we are interested only in co-operating on the St. Lawrence River," he said.
