**LOUISE SCHOOL IS BEING OVERHAULED**

Will House Commercial Department—Named in Honor of Princess Louise.

The second oldest school in Kingston, now known as Louise school, is being greatly changed to accommodate the Commercial Department of the Kingston Collegiate Institute. This school was built about 1850, and was then known as "Johnson street school."

From the time of its erection, and indeed until recent years there were only four rooms, which were heated by large stoves burning wood, and it was lighted by coal-oil lamps. It was very seldom though that it was necessary to light the rooms at all. The caretaker was the only person in the school after dark. It was deemed unnecessary to clean or mop the floors once a day. They were mopped about twice a year, during the summer and Christmas holidays.

The subjects then taught were reading, writing and arithmetic, algebra, English language and Canadian History. The oldest teacher at present living in the city is Miss Isabella MacIntyre, who was principal of the school when Princess Louise paid a visit to it. Miss MacIntyre clearly remembers the visit as being between the years of 1879 and 1881. The school children had been given a holiday, as the Princess with her husband, the Marquis of Lorne, then Governor-General of Canada, had not intended to visit any schools. However, arrangements were suddenly made for the important couple to visit this school and Miss MacIntyre, with the assistance of Mr. Phippen, secretary of the school board at the time, and Mr. E. J. B. Pense, who was then the chairman, found it necessary to get up to the school at six o'clock in the morning and endeavor to make the rooms look presentable. The blinds, which were in a terrible condition were torn to pieces and tacked up to the top of the windows to hide the bare appearance. The school was renamed in honor of the Princess, and has ever since been known as "Louise School."

Miss MacIntyre succeeded Miss Simpson, who had succeeded Miss E. G. Ross. Other teachers of the old school are, Miss McDowell, who taught at the same time as did Miss I. MacIntyre. Mr. Bonny, Mr. Scott and Mr. William Tandy, Mr. Gordon, father of Col. Gordon, of London, Eng., Miss Hattie Chown, who succeeded Miss MacIntyre as principal, and Miss Holmes, now Mrs. J. R. Renton, Winnipeg. Miss Chown is at present teaching in the Kingston Collegiate Institute. The last principal was Miss Charlotte Lovick, who has been teaching there for a number of years, and now has been transferred to Sydneyham school.

Up until 1890, there were but four rooms, when an additional wing was built on, this adding one class room and store rooms. In 1912 these store rooms were changed into a furnace room and lavatories. It was but a few years ago that electric lights were installed. Now the building is having extensive changes and improvements and will house the Commercial Department of the Collegiate henceforth.

**BOB MORTON CIRCUS.**

Will Show in Kingston for Three Days, July 22nd to 24th.

"Summer is with us again. Whenever the city of white tops goes up into the air, when ever the band plays and the trumpets rend the air with jazzy numbers, whenever the circus is coming to town, then we are sure that summer is with us again. Thursday July 22nd under the auspices of the Kiwanis Club the finest show of its kind—the Bob Morton Circus—will open a three days' engagement in Kingston," said Mr. Alf. Fair, chairman of the Kiwanis Circus committee this morning. "The Bob Morton Circus comes to Kingston direct from a record breaking engagement in London where they have been playing under the auspices of a community Welfare Fund. The Bob Morton Circus plays exclusively for various fraternal orders all over the United States and Canada and has been in operation the past five years with one weeks lay-off. The personnel, with very few exceptions, is the same as when the big show opened. It is like one big family and Manager Bob Morton, (the youngest bonafide circus owner in the world) has surrounded himself with a capable staff of executives performers and working men and has moulded them all into what has become one of the most successful organizations of its kind in the entire world."

"The Morton Circus consists of 20 all-professional circus acts. Each and every act on the programme is a distinct feature in itself and the Kiwanians are to be congratulated upon contracting with Mr. Morton to bring his circus here for a weeks engagement."

"There will be two special matinees during the engagement, one Friday and the other on Saturday when a special childrens matinee will be given and special features introduced for the youngsters."

**BROCKVILLE'S GREAT RE-UNION NEXT WEEK**

Mammoth Summer Carnival of Seven Days, at Island City, July 18-24.

A huge guarantee fund has been fully subscribed by the enthusiastic citizens, which assures a programme of magnitude and variety that has

probably never been equalled in the country contiguous to the St. Lawrence River on either side.

The celebration has been modeled to a great extent on the Mardi Gras festivities of New Orleans and Southern Europe. The slogan of "Jazz and Joy from Dawn to Dawn," expresses to some degree the spirit of the lengthy programme of seven full days from Sunday morning to Saturday night.

On Sunday the Carnival starts off with semi-religious exercises and a grand parade of Fraternal Societies, gathered from all parts of the counties of Leeds and Grenville. In the evening there will be a wonderful open air service led by band music and a choir of over 500 voices.

The official opening on Monday morning starts with the inauguration of the Queen of the Carnival, "Miss Brockville," with due ceremonies and the noise of cannon, bells, whistles and the cheers of the populace and visiting throngs.

From then until midnight the following Saturday, a continuous succession of musical, sporting and athletic events will fill in every minute in halls.

Six bands, including several from the United States, will furnish continuous music, and the best 15-piece orchestra will keep thousands of feet flying in dances on pavements and in halls.

Besides hundreds of events, bunched on the general programme as "Sports," there will be several days horse races, automobile parades, excursions to the islands, baseball, lacrosse, softball, a great rowing regatta, novelty parades, baby show, street minstrels etc. Amongst what might be termed "set pieces" are illuminated auto parade, great industrial parades of floats, mammoth, all-day old time picnic with hundreds of prizes for the sports; school children's pageant and musical drill; illuminated marine parade, great fireworks display and other features too numerous to mention, concluding on Saturday night with a Grand Mardi Gras Carnival, in which jazz and joy will reign supreme with free license to sing, dance and be merry with every possible noise-making device and mirth-provoking costume or head-gear.

Never has a more complete programme been attempted in Canada. It will certainly be "One Wonderful Week," when the thousands of returning Brockville Old Boys and Girls will be joined by other thousands of holiday-bent merry-makers from all Eastern Ontario and Northern New York.
