NORMA TALMADGE OPENS AT CAPITOL IN "KIKI"
Norma Talmadge, usually associated with dignified, romantic roles, has turned comedienne in her latest First National picture, "Kiki," which comes to the Capitol Theatre to-day for three days. This is a picturization of the famous Belasco stage hit. Miss Talmadge enacts the role of the devil-may-care waif who wants a taste of life—and gets it with a vengeance. As a laugh provoker, "Kiki" is said to be in a class by itself in its appeal to all classes, old and young. The situations are strictly of the 1926 vintage—that is, up to the minute. Miss Talmadge will have a new leading man in Ronald Colman. In addition, she is supported by an excellent cast. Sid Fox and his Serenaders will again have charge of the musical programme.

BOY PLEADS GUILTY TO STEALING BICYCLE

Two Girls Appear in Police Court to Answer to Vagrancy Charge.
Charles Baldwin, a young lad of eighteen years of age, appeared in police court this morning charged with stealing a bicycle from George Muller, King street, on June 13th. The bicycle was recovered on Sunday at Mallorytown, where the young lad had been working for a farmer. Baldwin pleaded guilty to the charge, and owing to the fact that it was his first appearance in court, he was allowed to go on suspended sentence. Baldwin told the magistrate his home was in the United States and he came here last December.

Detective Thomas Mullinger stated that word had been received of the stolen wheel in Mallorytown on Sunday. Mr. Muller and he went down to Mallorytown to procure it. The farmer for whom the boy was working offered to go good for the bicycle if it had been sold.
Dorothy Whalen, aged eighteen years, was charged with vagrancy. Asked where she was living, accused stated she was "living no place." She pleaded not guilty to the charge.
Chief Robinson, in giving evidence, declared that complaints had been received about this girl. A woman had complained that her husband had left his home for two days and had gone with this girl, and an older companion. The Whalen girl was arrested on Saturday night by P. C. Garrity.

Inspector William Black, of the Children's Aid Society, stated that the accused would not work. She had been in three places already and had refused a fourth.
Magistrate Farrell stated that he would give the girl an opportunity to get to work. "There is only one end for the course you are taking now," said the magistrate, "and that is a prison sentence. You must get to work and secure some honest occupation that will keep your mind busy and keep you out of mischief. You must take the first job you can get." His Worship remanded the accused for one week and in the meantime she must report to the police matron and her case will be taken care of by Inspector Black.

Emily Robinson, who gave her home address as Belleville, appeared on a charge of vagrancy. She said she had been in hospital, and had not been able to work. She had intended going home to Belleville today to her mother. The magistrate told her to get there and report to the Chief of Police as well when she arrived.

BOBBY JONES WINS THE AMERICAN OPEN

Establishes Record of Holding British and American Titles at Once.
Columbus, O., July 12.—Bobby Jones, who captured the British open championship only a few weeks ago, won his second American open championship playing over the Scioto Country Club course Saturday, thereby performing an unprecedented golf feat.
Never before in history has one man held both the American and the British open titles at one and the same time.
As a result of his great victory Bobby is the golf monarch of the greater part of the world. The only major crown that has eluded him since he won the American amateur crown at Oakmont last year, for the second time, being the British amateur, in which he was beaten by an almost unknown golfer in the semi-final round.
Jones won the 1926 event by a single shot, his winning total for 72 holes being 293 and his rounds 70, 79, 71 and 73. Joe Turnesa, young Fairview professional, had the tournament in the palm of his hand, but permitted it to slip through his fingers by faltering on the last few holes.
The leading returns other than those of Jones and Turnesa were as follows: Melhorn, Diegel, Sarazen and Farrell, 297; Hagen, 298; Hunter, 300. Sarazen elevated himself by playing the last thirty-six holes in 143 strokes, getting a 73 in the morning and a 70 in the afternoon.

Latimer Girls Won From Cataragui Club

On Saturday evening a very exciting and well contested softball game was played at Cataragui between the Latimer and Cataragui girls' teams. The Latimer girls won out by the score of 107 after a thrilling battle in which the result was in doubt until the finish. Both pitchers did good work and showed the big crowd in attendance some spectacular work.

Advertising is a Worker.
Sarnia Canadian Observer: Newspaper advertising and the automobile have combined to bring the city shops to the very door of the farm house and the suburban home. Every day the newspapers bring a complete quotation of what can be bought, where it can be purchased, and the prices at which it can be purchased. The sale is actually made through the advertising columns of the newspaper. A visit to the store next day by automobile completes the exchange of money for merchandise.
How much more convenient is this contrivance of modern commercial and industrial genius to the inefficient method of our rural forebears who knew only their personal needs. With them there was no alternative for the slow, tedious and disappointing expedient of going to town by wagon or cart and trusting to diligence and a stout pair of shoes to seek out the shop which sold that which they were in need of and which sold it at an acceptable price.

No Wonder Canadians are Handsome

Canadian men and women owe their good looks and beauty to their country, says Pan Ching, Fann, of Shanghai, alias Paul C. Fann, of Montreal, who believes that environment is the chief factor in the evolution of the human species. On the whole, this young Chinese philosopher thinks, Canadians considered collectively, are much better than the Chinese because of their association with more beautiful surroundings.
"This is a very old theory," said Mr. Fann in a recent interview, "and a very well-founded one." He pointed out the fact that the inhabitants of the vast barren areas of China were an ugly people, while a native of the Province of Kiangsu, the most fertile and beautiful of Chinese provinces, could be recognized anywhere for their great beauty.
"Make your country beautiful, and the rest will take care of itself,—that is Mr. Fann's recipe for good looks. Canadians, he says, have carried out this theory unconsciously with the result that their country has not only great natural beauty, but many fine cities, and thousands of acres of beautiful farm land. The Canadian Pacific Railway with which Mr. Fann has been associated for the past two and a half years has played a great part in beautifying Canada, as well as assisting in the country's development in many other ways.
Paul C. Fann, as he is known in Montreal, is a graduate of Chinese universities, the son of a Mandarin, and just 26 years old. For two and a half years, under an arrangement between the Governments of China and Canada, he has been making a study of the Canadian Pacific Railway System with the idea of acquiring practical knowledge that he hopes to apply to the railroad problems of his own country. He and several other young Chinese students arrived in Montreal in December 1923, and since his stay in Montreal, Mr. Fann has been employed in the Angus shops and various departments of the Railway in Windsor Street Station, Montreal. He has also been a student at McGill University, where he took an M.Sc. degree, and is at present working for the degree of M.A., which he hopes to receive in the Fall, before returning to China in October. Mr. Fann leaves the Canadian Pacific Railway Company at the end of this month and will travel through Canada during the summer. The building in the photograph is the Windsor Street Station, Montreal, where Mr. Fann received most of his Canadian Pacific railway training.
