

## The Bob Morton Circus Scored a Big Hit With Kingston People Last Night

Most Amazing Stunts Witnessed—Clean Wholesome Show All the Way Through—Plenty of Fun by Clever Clowns—Under Auspices of Kiwanis Club.

Clever, clean, wholesome, highly entertaining and thrilling is the performance of the Bob Morton Circus Company troupe which opened three days engagement at the Tuxis Field on Thursday night under the auspices of the Kiwanis Club of Kingston. It is not the least bit exaggerating to say that for a show of its size, the Bob Morton circus has anything beaten that local people have had the privilege of witnessing in Kingston before. True, they have seen larger circuses, but not better at the prices asked. The Bob Morton circus in its first production made itself solid with the people. One could not help but like the show given by the company. There are thrills, clever comedy stunts, marvellous trapeze work, novelty features that are up to the minute, and in every detail the show is a great success.

The Bob Morton troupe presented a programme last night that really should call for mention of every act so good were they all. There wasn't a single act that failed to please the audience, if their applause is to be counted for the appreciation they felt. This was particularly true in the case of Large and Morgan, the much-heralded one-legged actors. It is amazing indeed how these two men perform the things they do. Their act drew perhaps the most applause of the evening's entertainment and it was well deserved. One would have to see them in action to appreciate how really good they are.

The Flying Franklins lived up to advance notices and they are as great as they are advertised. They gave one of the most astounding aerial displays that has been seen with any circus ever shown here. Flying through the air, they exhibit loops and catches that have the audience in amazement watching them. High up in the air, they go through their tricks, causing the audience to gasp at every turn they make. It is really a marvellous display.

The Baldwin Girls in "The Acme of Dental Equilibrium" contributed one of the best acts in the circus, and it is a most difficult one. The Baldwin Girls performed last night in highly approved style, and won the hearty applause of the entire audience. The Luckey Sisters, on the high trapeze in daring stunts, also displayed marvellous skill in their beautiful act.

Mr. Frank Sheppard, demonstrating toe and heel drops and catches on the trapeze, displayed some of the most daring trapeze work that has ever been shown here with any circus. His work is indeed wonderful.
