SAVE THE CHILDREN

In Summer When Childhood ailments Are Most Dangerous.

Mother's who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer. In most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets relieve these troubles, or if given occasionally to the well child they will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

DARING FEATS AT THE MORTON CIRCUS

Every Act Brought Forth Applause Friday Night—Closing Performance Tonight

The attendance at Bob Morton's circus, at the cricket field, Friday night, was exceedingly larger than the opening night. It is therefore plain to see that the circus has advertised itself.

The acts of the different performers were received with round after round of applause. From the acts of the tiny clown dog, to the daring feats of the flying aerialists, from start to finish of the show, there was not a single act that was not heartily appreciated by the audience.

The flyin Franklins gave an exhibition of aerialistic work that could not but win the admiration of the on-lookers. The one-legged actors, Large and Morgner, gave a performance that would make many a two-legged circus performer wonder. They received a great ovation from the audience, and they fully deserved it. Never before, in Kingston, has a performance, such as the Baldwin Girls gave, been seen. On the trapeze Mr. Frank Shepperd gave a wonderful exhibition, as did the Luckey Sisters, the strong-woman act, by Madame Tyana, was one of the most amazing acts in the entire show. The wire walking stunts by Mr. Allie Johnston, could not have been received better.

What would a circus be like without clowns? You will admit that you would miss them. The clowns of the Bob Morton show are very much in prominence, creating laughter from the start of the show till the end. The side show is still drawing large crowds, and none are dissatisfied with the exhibitions. The Kiwanians are doing wonderful business in their concessions, in the annex tent, and are getting great vocal training.

The Charleston Contest. A special feature Friday night, was the Charleston contest. The Misses Edna and Lillian Cohen, Miss Winifred Hilton, and Mr. Harold Fontaine, each showed to advantage in the dance. Each danced separately, and then by popular applause, the two contestants for the final dance were decided. Miss Hilton and Mr. Fontaine were chosen by the audience for the final. The decision between Miss Hilton and Mr. Fontaine was very close, but Mr. Fontaine waived his claim to the cup and presented it to Miss Hilton.

The president of the Kiwanis Club, Mr. Columbus Hanley, when asked how the circus venture was showing financially for the club, said that it was wonderful. The Kingston people should ask their neighbors what they thought of the circus, and then help out the Kiwanis Club in their good work.

The call of the cricket is really a language, it is said to have been proved by a recent experiment when a female cricket was made to call through a telephone, whereupon a male insect at the other end of the line became excited on hearing the note.
