THE POET SAID

"What is so rare as a day in June?"
We add a day in May—a day in July—
a day in August, these outdoor days are
a boon—no matter how we spend them
—and we'll all agree they can be better
spent in clothes, such as we have here,
that "run in" with the season—that's
the kind we're offering—offering them
in a wide scope of selection at prices
that appeal.

Repaired at Last.
Many motorists are commenting
very favorably on the fact that the
bad stretch of road this side of the
La Salle causeway has been repair-
ed at last. This was a terrible piece
of road.

Dr. Clark in Kingston.
Scores of people, in noting the

Gave Band Concert.

night performance at the Capitol
Theatre. Mr. Smithies' as in the
past, is anxious to assist local sport-
ing organizations, and in entertain-
ing the players while in the city, is
doing something that is much ap-

Smithies had had members of various

Serious Fire Broke Out On Motor Truck

A very serious fire occurred
shortly before noon to-day on one of
the trucks of the Municipal Spray-
ing and Road Oiling Company just
at the subway. The sprayer and
spreader caught fire and the fact
that there were twenty gallons of
gasoline in the tank made the fire a
dangerous one.

A telephone call was sent to the
firemen and a quick run was made
and the result was that the machine
itself was saved but the cabin and
woodwork of the sprayer and
spreader was badly damaged by fire.
The gasoline tank was leaking quite
badly also. The damage to the truck
is quite heavy.
