DR. UGLOW DIED IN VANCOUVER MONDAY

Was on His Way From China, and Was Injured at Honolulu While Swimming.

Dr. William Lawrence Uglow, professor of mineralogy and petrology at the University of British Columbia, only son of the late Richard and Mrs. Uglow, of this city, died at his home in Vancouver on Tuesday. Dr. Uglow had been doing research work in China for the British Government and stopped at Honolulu, when he was returning to his home in Vancouver, to meet his wife, who had sailed that far to welcome him. While there Dr. Uglow met with an accident, all the details of which are known to his friends in this city, in which he sustained serious injuries to his head and spine. The accident occurred on May 17th.

The patient did not make satisfactory progress in Honolulu so it was decided to take him to his home in Vancouver and he and his wife arrived there on July 23rd. When Mrs. Richard Uglow learned that her son was being brought to Canada, she, with her daughters, Miss Helen and Miss Marjorie, left for Vancouver, arriving there on July 25th. Dr. Uglow recovered completely from the injuries to his head and he was conscious till the last, but the injuries to his spine were too severe to respond to treatment.

Born in Ottawa, Dr. Uglow received his early education there and at Smith's Falls, but later his family moved to Kingston and it was in this city that he attended high school and received his university education. He graduated from Queen's with the degree of Master of Arts and Bachelor of Science. He obtained the degree of Doctor of Philosophy from the University of Wisconsin. He was a Fellow of the Royal Society of Canada and a Fellow of the American Society of Geologists and Mineralogists.

He is survived by his wife, formerly Miss Mattie B. Robertson, Fenelon Falls, a little daughter, Beth, his mother, Mrs. Richard Uglow, Kingston, and two sisters, Miss Helen and Miss Marjorie, both of Kingston. The funeral will take place on Thursday and interment will be made at Vancouver.

Five Hundred Guests Athens Barn Dance

Although there are some big barns in the Athens neighborhood, the one recently erected by Mr. Samuel Norris for Mr. Percy Whitmore, is among the largest. Some idea of its size can be gathered when it is recalled that at a barn dance given there last Friday evening, there was plenty of floor space to accommodate the 500 guests who gathered. The dance was a most enjoyable affair, and was attended by people from considerable distance.

SPORT

QUEEN'S DEFEATED.

Summer School Students Succumbed to Champs of Frontenacs.

The Frontenac Regiment softball team defeated Queen's Summer School in a softball game at the Cricket Field on Tuesday evening by the score of 7-4 after one of the most interesting and hard fought battles of the season. There was excitement every minute of play and the Frontenacs found the students tough opposition.

Eddie Watts pitching for the Frontenacs, played nice ball and kept the Queen's team guessing all the time, while Willis, pitching for Queen's, was also good.

The score by innings:
Queen's 000000211-4
Frontenacs 01101040x-7

The teams:
Queen's Summer School—Stedman G., Brown 2b, Slater c, Maurer 1b, White 3b, Ketcheson ss, Willis p, Boysen jr, Edgar lf.

Frontenac Regiment—S. Richards 2b, Barke c, H. Richards 2b, Purdy ss, Watts p, Reid lf, Stag 1b, S. Montgomery rf, H. Montgomery c.

A GREAT INCREASE IN SWIMMING ART

Mr. P. H. Brockel Points Out the Added Interest That is Being Taken.

The popularity of swimming as a sport is increasing every year, according to Phil Brockel, of the Y.M.C.A., who called attention to the fact that statistics of Y.M.C.A.'s all over the United States and Canada for 1925 show an increase of one-fifth over 1924 figures in the number of persons accommodated in swimming and life-saving classes. More than 162,000 learned the proper swimming technique last year under Y.M.C.A. leadership.

"The importance of knowing how to swim correctly," said Mr. Brockel, "is a matter that cannot be over-emphasized. The old saying that 'if a thing's worth doing at all, it's worth doing well' applies to swimming more, perhaps, than to any other sport."

"The ability to stay on top of the water and to paddle around, however ineptly, gives confidence which may lead to taking risks. Then, in a tight place, the poor swimmer suddenly realizes that his breathing isn't right, that his arm motion or leg motion is getting him nowhere, and that he has lost his nerve. Drowning occurs more often among inexperienced swimmers than among non-swimmers, because the former feel capable of taking care of themselves in the water and often go out beyond the danger line while the non-swimmers stay within the ropes."

Mr. Brockel told how the physical department of the Y.M.C.A. National Council in New York is carrying on a national programme of swimming and life-saving. The Y.M.C.A. has at present 351 nationally authorized swimming and life-saving examiners, representing thirty-six states and four foreign countries, who give tests and present awards. The programme is being stressed at Association summer camps, and its adoption is being urged by many local Y.M.C.A.'s.

The Kingston pool is a very busy place these days, as men and boys come in for a bath and swim. Regular instruction will be given to all non-swimmers and improvers for the month of August. Girls and women will have the right of way on Wednesdays at 3.30 and 8.30 p.m.

WILL MAKE A SURVEY FOR LAND SETTLEMENT

Hon. Herbert Greenfield Has Been Given an Important Task.

Edmonton, Aug. 4.—Hon. Herbert Greenfield, former premier of Alberta, has been appointed by the provincial Government to take charge of a survey of the province for the purpose of determining areas suitable for land settlement, especially on community lands.

On completion of this work he will go to England to work in conjunction with the various emigration organizations operating there.

This announcement was made by Premier J. E. Brownlee yesterday. It is the outcome of a decision by the Government to put on an active emigration programme. Mr. Brownlee said that the Government will take advantage of the better conditions now prevailing to see what can be done in co-ordinating the several immigration activities in Alberta, and the first move in that direction will be to make a thorough land survey of the province, with suitability for immigrant settlement primarily in view.

Asked if the appointment of Mr. Greenfield may be taken to mean the opening of an Alberta agency in England, Mr. Brownlee replied: "Not at present. Much will be dependent on the results obtained, and also upon the likelihood of securing the natural resources at an early date. The question, will, however, be considered during the year."

HEARD ON THE STREET

Local Briefs Gathered by Reporters—What the Merchants Are Offering.

Mr. J. Guthrie, chef at the Frontenac Hotel, has returned from his holidays.
Mr. Fred W. Shibley, Sharbot Lake, is visiting in the city for a short time.
The William Swaine, piano tuner, orders received at 100 Clarendon street, phone 544.
Miss May James, manager of the Laura Secord Candy Shop, who has been visiting in Rochester, during her holidays, has returned to the city.

RAIN DID MUCH GOOD.

The McLean Farmers Are Nearly Through Haying.

McLean, Aug. 3.—The huckleberries are ripe and many pickers from all over are doing their share to get the fruit. The recent rains are doing a lot of good to the gardens. The farmers are gathering in their hay.
Rev. Mr. Harris, Elm Tree, Standard minister, is holding revival meeting here. A large crowd gathered last night to hear him and Mrs. Woodcock, Elm Tree. Mr. Albert Bell very ill last week, is a little better. Mr. and Mrs. William Votery and two children, Portsmouth, are spending a couple of days at Mrs. William Waggar's.
Mr. and Mrs. E. Brown and family spent Sunday at Everton, Clement's, Sharbot Lake. Mr. and Mrs. Frank Smith and baby, and Miss Gladys and Blake Grant at Clinton Waggar's on Sunday. Mrs. Hinton and children at E. Vancoughnots; Melville Waggar, Long Lake, at his mother's, Mrs. Waggar.
Mr. and Mrs. Peterson and daughter, Elm Tree, spent Sunday at Millford Waggar's. Mrs. C. Ellis is spending a few days with her daughter, Mrs. Aaron Smith, Cecil and Elgin Hartwick at R. Woods' on Sunday.

TO FACE TWO CHARGES BUT FAILED TO APPEAR

Claim That W. Rosenberg Was Speeding and Had Liquor in His Car.

W. Rosenberg, who was arrested about midnight, on Monday by Traffic Officer Dowsley, for speeding and having liquor in his possession, and who was to have appeared in County Police Court on Tuesday morning, failed to show up.

Rosenburg, who claims to be a theatrical manager, was arrested on the Gananoque highway, near Kingston, and when searched at the Kingston Police Station by Officer Dowsley and Detective Mullinger, four bottles of liquor were found. The liquor was confiscated, as was also the automobile, and Rosenberg deposited \$25 as security that he would appear in court on Tuesday morning. He evidently returned to Montreal, however, as his solicitors there have been in touch with the local authorities, and the case will probably be disposed of within a day or two. The minimum penalty for speeding is \$10, and the minimum under the O. T. A. for having the liquor is \$50.

BETTER OR WORSE.

Winner of Captain's cap (giving thanks): "In conclusion, I say this. In the past we have never had a better captain, in the future may we never have a worse."—Punch, London.

MARINE

The Sinmac barges, Andron L., Burma, Angustus, and Compton arrived Tuesday afternoon, to load grain from the Richardson elevator. The steamer Rapids King was down last night and up this morning on her regular run. The steamer Kingston is making her two trips today, calling in port on her way up and down.

Tuesday — Metcalfe, down, 11.45 p.m.; Wednesday — Thunder Bay down, 3.15 a.m.; City of Toronto, down, 8.20 a.m.; Mapleton, up, 8.45 a.m.; Kenora, down, 12 a.m.; Malton, down, 10.15 a.m.

The power cruiser, Avon, from Montreal, arrived Tuesday night at the Kingston Yacht Club, on her way to Rochester.

MOVEMENTS OF VESSELS.

Port Dalhousie, Aug. 4.—Down: Thunder Bay, 8.30 a.m. Tuesday; Ketchum, 9; C. V. McCall, 1 p.m.; Cedarport, 6; L.L.L. 7; Keora, 6.30; Keystate, 10; Vinmount, 11; Easton, 3 a.m. Wednesday; Them, 3; Dalrymple, 10 a.m.

In canal: Thompson, Glenelg, Aggs, Royalite, Lakeside, Pabjuno.

ANNIVERSARY DANCE ON THURSDAY NIGHT

Old Home Week Spirit to Be Revived for One Night at Market Square.

In order to celebrate Old Home Week, which was held a year ago, a big block community dance is being arranged for to-morrow night by Mayor Thomas Agnew, and it is expected that the biggest crowd of the season will be out for the community spirit-avenue.

The mayor has extended an invitation to the students of Queen's Summer School to take part and arrangements have been made for the band and other details have also been looked after. The mayor invites everybody to take part in the big dance at the Market Square.

TRADE SURPLUS GROWS.

The Exports to Britain Gain 121 Millions in a Year.
Ottawa, Aug. 4.—Canada's exports for the twelve months ended June 30th last reached the remarkable total of \$1,335,321,955, a mark never before attained, while imports, total, were not far from the billion mark at \$999,178,723. The exports showed an increase over the preceding twelve months of \$256,778,861, and the imports a net improvement in the favorable trade balance, as compared with the previous year, \$103,419,142.

Exports to the United Kingdom totaled \$514,877,691, an increase of \$121,137,883, and imports were \$163,241,107, an increase of only \$9,782,268.

Exports to the United States were \$469,836,509, an increase of \$40,598,392, while imports from the United States were \$638,014,721, an increase of \$120,523,514.

TEN THOUSAND MEN FOR CROPS IN SASKATCHEWAN

Saskatoon, Aug. 4.—With cooler weather over Sunday and Monday, crops in the immediate vicinity are not suffering to any great extent, although some oat fields make a poor showing, while stubble-sown wheat has also suffered. Present indications point to an average crop for the Saskatchewan district. Heavy rain which fell at Machlin, Saturday, failed to materialize here, although weather indications promised it. Last night was distinctly chilly. Tenthousand men, it is estimated by the provincial employment office, will be sufficient to handle the harvest for farmers who draw upon Saskatoon for extra help.

CLAIM THAT ATTEMPT WAS MADE TO KIDNAP CHILDREN.

Peterboro, Aug. 4.—Mrs. Charles Henry and two companions were arrested after a disturbance here today. It is alleged Mrs. Henry and the other two arrived in a Buffalo taxi and attempted to kidnap two children from the lawn of the home of Charles Kelly. Court proceedings were under way for custody of the children. Mrs. Henry claims the children, but Kelly says she deserted them.

GRAIN MOVEMENTS.

Fort William, Ont., Aug. 4.—Over the week-end and civic holiday no grain was moved from the ports of Fort William and Port Arthur and to-day only two boats took out 480,000 bushels for Port Colborne. The Thos. Britt and Westmount, which were in with coal, cleared light for Superior and Allouez, while the Drummond went to Nipigon for pulpwood. Five vessels are loading grain to-day, the Agawa is waiting orders and the McKee is due light for grain. Considerable quantities of coal are coming in, four boats now unloading, and two more being on their way up. The Maplehill is loading pipe at the Canada Iron Foundries.

ON A WESTERN TRIP.

Dr. Frank S. Young, Seely's Bay, was in town to-day en route to the Prairie Provinces. Before returning he will visit Vancouver and other points of interest on the Pacific coast, going by way of Prince Rupert and the Skagway.

The Government has issued a writ against the Dominion Distillers for \$720,000, which, it is alleged, the Government lost in alcohol transactions.
