JOE KEHOE'S BEAUTIES ATTRACT THE EYE

No, It is Not Personages, But Real Old Hollyhocks With a Wreath of Color.

While Woodstock and Grimsby are flattering themselves on the hollyhocks which bedeck the houses in the vicinity of these places, some reaching the height of eight feet, ten inches to ten feet, ten inches, it is gratifying to Kingstonians to know that in this, the original garden of Eden, hollyhocks with a wealth of color are climbing skywards to the height of twelve feet, two inches, and the growth in this glorious climate continues.

These brilliant, and yet old-fashioned flowering plants, carry blossoms of four inches in diameter and ten inches in circumference, and crowd themselves between the windows on the south side of the post office, under the skillful cultivation of Mr. Joseph Kehoe, and seem to express their great gratification and the great gratification of the taxpayers for the reduction in postage. It is for this they seem to spread themselves. There have been wonderful things told from other places, but none can eclipse the floral displays to be seen in this wonderful old city, whose climate is so rare, whose beauty is so entrancing, and whose picturesqueness excels anything in the whole Dominion.

The Lake of a Thousand Isles and the county with its Land of a Thousand Lakes still enthralls and surprises the thousands of tourists who regularly seek its refreshing breezes.

Hollyhocks are not the only wonderful things which are grown here, but time will not permit us to dilate just now.

Rotary Club Activities

The speaker at the Rotary Club meeting next Thursday, will be Mr. McGregor, of the Manhattan Single Tax Club, who will address the club on "Taxation." It is the intention of the Rotary Club to invite members of the Kiwanis Club and the city aldermen and officials, to be present to hear this address.

At the luncheon held on Thursday, Rotarian Frank Coates, who attended the 17th annual Rotary convention in Denver, last June, presented a framed group photograph of the delegates to the convention, to the Kingston Club. The thanks of the club was expressed to the donor.

The Queen's Summer School wrote thanking the Rotarians for the entertainment provided at the Richardson Stadium at the "get-together" held there recently. The Brockville Rotary Club thanked the Kingston Rotarians for the use of their paraphernalia in the boat, which the Brockville Club had in the Old Home Week parade there.

The district executive meeting of the Rotary clubs of this district is to be held at Ogdensburg on August 25th and the president and secretary of the Kingston club were authorized to attend.

Receives Gift Rooms.

Though the rooms and equipment were presented to the Belleville hospital some time ago, the formal presentation of the Masonic rooms and the sterilizing room, the latter the gift of the Nurses' Alumni, was made Wednesday evening and formally accepted in the presence of a large number of nurses, doctors and officials of the hospital. On behalf of the Board of Governors, John A. Kerr, vice-chairman of the board, very gratefully accepted the rooms and cordially thanked the donors.

Want Hotel Re-opened.

Many people of Renfrew and vicinity are indignant over the action of the Ontario authorities in closing the British Hotel. This hotel, the oldest hotel in Renfrew, has been the stopping place for certain people for three generations. The Mercury carries a strong editorial in favor of the re-opening of "the Old British."

A COSTUME PLAY FOR THE "KIDDIES"

Was a Very Pleasant Event Held at Victoria Park Playgrounds Thursday.

A Costume Play was the big event for the "kiddies" at Victoria Park playground, Thursday afternoon. About three hundred children turned out at the park, of which seventy-five were in costumes. The costumes varied from "Little-Red-Riding-Hoods," to dogs and "Covered Wagon Days." All were interesting to see, though it was very difficult to judge who were the winners, as in all such events. There were four prizes donated by the supervisor, Miss Helen Rogers, and the assistant supervisor, Miss Clara Monk, for the best costumes. The prize for the most comical costume went to John Baldwin. The other three prizes were for the most interesting make-up of the costume and went to Mudge Belwa, Helen Emmons, and Donnelly Burns. The little fellow winning the third prize evidently thought everything was over before he got his prize, for he made a run for his home as soon as he was judged as third. He was finally corralled and presented with his prize.

There was candy for all children, presented by the City Council for the occasion. The rain came soon after the prizes were given out, and frightened a large number of the "kiddies" and their parents home. The remaining ones, however, enjoyed games as soon as the shower was over. The entire event was a perfect success, due mainly to the work of the two supervisors.
