"SKINNER'S DRESS SUIT."

A Breezy Comedy Now at the Capitol Theatre.

Do clothes make the man. You'll think so when you see Denny breeze through this rollicking comedy of a man in a dress suit and Honey, his wife, who spent the raise he didn't get and made him a millionaire.

It's the most hilarious funny-bone tickler ever screened. Denny himself never made a merrier—and with adorable Laura La Plante as 'Honey'—well, you'd better see it if you care for happiness. It will give you more laughs in every reel than a centipede has legs. It's an uproarious business farce showing what a dress suit can do for a small salaried clerk with the right kind of wife who knows how to Charleston. Laughs overlap like scales on a fish.

Prisoner Creates Stir.

A prisoner being brought down from Windsor to the Penitentiary caused a stir at the outer station early Friday morning on the arrival of the train from the west. The sheriff took the shackles off the prisoner to put handcuffs on him, but the prisoner created a great stir and refused to have the bracelets adjusted. He made a wild time all round and the taxi drivers refused to drive him into the city. A taxi driver jumped aboard the suburban train and assisted the sheriff with his prisoner to the city, where policemen were on hand and took the prisoner to the police station to await removal to the Penitentiary, later in the morning.

VERY LARGE CROWD AT BLOCK DANCE

Queen's Summer School Students Held Lively Parade Before the Dance.

The community block dance held last night on the Market Square as an anniversary to the one held during Old Home Week last year, was a very marked success and the largest crowd to attend an event of this kind this year, was in attendance. It was estimated that about 2,500 people were at the Market Square during the evening.

Preceding the dance, the students of Queen's Summer School held a parade, headed by the pipe band, from the University down Princess Street to the Market Square where the P.W.O.R. band provided an excellent programme of dancing until about eleven o'clock. It was the joint and will not soon be forgotten. The young and old people who joined in the evening's fun, were very grateful to Mayor Agnew for his thought and act.

HOW TO ESTABLISH PEACE OF THE WORLD

Ex-Kaiser Says to Recognize Germany's Guiltlessness of War.

New York, Aug. 6.—Herman Bernstein, who discovered and published during the war secret correspondence between the Kaiser and the Czar, has just received a remarkable letter containing the ex-Kaiser's opinion of how to establish the peace of the world. The letter, dated July 26th. Doorn, Holland, commenting on Mr. Bernstein's latest book, "The Road to Peace," reads in translation, as follows:

"I have the honor to make the following statement:

"The only road to peace is to recognize Germany's guiltlessness of the war and to discard the shamefully imposed treaty of Versailles, which is based on the myth of Germany's guilt, as well as to restore Germany to her pre-war condition of a monarchy under the Kaiser.

"Without this there will never be peace."

"The German Kaiser, knew how to preserve the peace of the world for thirty years; with God's help he will do it again.

"The all-highest command of his majesty, the Kaiser and king.

"(Signed).

"COUNT FINKENHEIM."

LOG OF CRUISER TO BE PRODUCED

Ottawa, Aug. 6.—Log of the customs cruiser Margaret for 1923, has been forwarded to R. L. Sir Henry Drayton, acting premier, stated to-day that the log would be sent by special messenger. It had been found in a vault in customs department.

HORTICULTURAL SOCIETY IS MAKING PROGRESS

Membership This Year is Largest in History of Organization.

The directors of the Horticultural Society met at the home of Prof. McGillivray, on Thursday evening, when matters for the betterment of the city were dealt with. It was gratifying to find that the membership this year is the largest in the history of the Society. This gives the officers every hope that Kingston in the near future will have a society of 1,000 members, which will enable it to undertake much needed work for the beautifying of the city.

Owing to the backward season and conflicting events, it was decided to hold the annual flower show one week later than at first intended. The show will be held in the Curling Rink on August 31st and September 1st.

A request from the Girl Guides for the co-operation of the Horticultural Society, in putting on a garden contest for members of the Guides, was readily granted, and Dr. Neish and Prof. McGillivray consented to act as judges.

It was decided to purchase a supply of Crocus bulbs for distribution as a premium this fall to all present members or new members, who secured their 1927 membership at once, as these bulbs must be planted as early in the fall as possible, in order that the flowers may appear as soon as the snow is off the ground in the spring.

The judging of the Paul's Scarlet Climbers will take place in ten days. This will give ample time for all who wish to enter this contest, to send in their names to the Secretary.

Fined for Assault.

A charge of assault was preferred against a local taxi driver in police court Friday morning. He was fined \$3 and costs. The case produced a great deal of evidence, and it was 11.30 before the case was finally over.

Gertrude Ederle was seven miles from Dover at 4.45 o'clock this afternoon in her attempt to conquer the English channel. The girl was battling an unfavorable sea. She has been nine and a half hours in the water.

Mrs. Etta S. Bearse, aged fifty, divorced wife of County Treasurer Fred A. Bearse, Springfield, Mass., was murdered and her body mutilated, by Richard C. Bearse, aged twenty-six, son, was charged with the murder.

Large verandah rockers and arm chairs on sale, only \$3.75, at James Reid's.

At Charlottetown, P.E.I., Hon. J. D. Stewart, Premier, presided for an increased federal subsidy for his province before the royal commission investigating disabilities of the Maritime Provinces.

A general wage increase, averaging about eighteen per cent., is being sought by lower paid workers of the Canadian National Railways.

July fire losses at Woodstock were \$3,250 greater than for any one year for several years back.

Montreal, Aug. 6.—Sensations began to happen early in the second round of the Canadian open golf championship. Joe Turnesa, Fairview, N.Y., was runner-up in the United States open shot with 88, which gives him an aggregate of 143 for two rounds played. Turnesa was five below par.

NO GROUND FOR FEAR IF HE IS GIVEN POWER

Says Premier Meighen in an Address Delivered at New Liskeard.

New Liskeard, Aug. 6.—In the silver fields, Premier Meighen, yesterday, renewed his undertaking to co-operate in the development of the north country.

"I have heard it said, in the course of the campaign, that there are special reasons why the Conservative party should not be returned," Mr. Meighen stated. "I know that the leader of the Liberal party has declared that he is very much afraid of what I may do to the Canadian National Railways, if entrusted with the Premiership by the people of our country. There is not the least ground for fear at all. I dispute positively his assertion that there is anything to fear. In fact, the assertion is preposterous. The National Railways are public institutions, largely because of the blundering railway policy of the Laurier government, which wrecked one system after another and compelled us to save the situation, to gather these wrecked systems into one under ownership of state. And the party which did so was the Conservative party."

WAS HURT ON RAILWAY.

Hugh Thompson is Now in the Hospital at Bowmanville.

Mountain Grove, Aug. 6.—A number attended the Masonic picnic at Asden on Wednesday. Mr. and Mrs. John Godfrey, Jr., left by motor for their home at Wilkie, Sask., on Monday. The friends of Hugh Thompson were sorry to hear of the serious accident which befel him while working on the C.P.R. near Toronto, and hope for a speedy recovery. His parents, Mr. and Mrs. A. Thompson, went to Bowmanville, where he is in hospital, to see him on Monday.

The stork has been very busy during the past month in this locality, leaving boys at the homes of A. Gray, R. Barr and J. McCrimmon. Mr. and Mrs. Clare Price and baby, Myrtle, were at J. Price's on Sunday. Miss Lena Hawley, Kingston, is spending a few days under the parental roof.

R. Cox attended the funeral of the late William Hamilton, Verona, on Tuesday. Master Arthur Wood has gone to Fernleigh to visit his grandparents. Miss Penman, Millerville, is visiting friends in the village. Cecil Clark, Mount Vale, was at J. A. Clark's on Tuesday.
