BASEBALL PROBLEMS By Billy Evans.

How is it possible to make a doue play when two runners are standng on the same base?

It is impossible to make a double ay in such a situation unless the nners play dumb baseball. All that is necessary to eliminate

y chance for a double play is for e original occupant of the base to ay there. If he does, only one man n be retired. When two runners are on the same

se, touching of the runner who adnced to that base, retires him. The only way to get two men, is r the runner, who is entitled to the g, to become confused and step off e base. This would permit him to touched out for a double play if man handling the ball was on his
