CHURCH CENTENARY AT SWITZERVILLE

Re-opening of Renovated Edifice on Sunday—Established in 1826.

The year 1926 has been a notable one in many respects but particularly to the residents of the Switzerville community because in 1826, just one hundred years ago, the foundations of the old historic church was laid and built. These were the days of the saddle back preacher, whose appointments were far between, and Methodism was slowly yet surely established in the hearts and homes of the people, who were then glad to drive long distances so that they may have the privilege of hearing the gospel preached, also to hold Christian fellowship together. In such times this church began to function, and in it the people continued to worship nearly three quarters of a century. However, the time came when it was thought necessary to replace the old frame structure with a new brick building, in which the worship of God has been continued unto the present time, so that on that spot Divine worship has been observed for 100 years.

THEY GET AWAY WITH SOME QUEER MIXTURES

Young Man Drinking "Rubbing Alcohol," Extract of Lemon and 4.4 Beer.

Some people who are very fond of indulging, do get away with some very queer mixtures. For instance a young man who was before Magistrate Farrell on Friday morning, charged with being intoxicated, told Ald. R. E. Kent, who was on the bench, that he had been drinking "rubbing alcohol," extract of lemon and 4.4 beer. My! what a mixture. After hearing the story, the court and officials were not at all surprised that the young fellow fell by the wayside. The accused was fined \$10 and costs.

Another fellow up for being intoxicated, stated that he had been drinking "rubbing alcohol," but declared that he was not under the influence. "I suffered a weak spell with my heart," was the explanation he made to the magistrate. "I was not intoxicated. When I got this weak spell I had to go into a yard to take a rest."

However, the evidence went to show that the accused had been under the influence, and he too, was fined \$10 and costs.

BURIAL AT OWEN SOUND.

Of the Late W. H. Smith, Drowned at Kingston.

Owen Sound Sun-Times) The funeral of the late W. Harry Smith, whose remains were found on the shore of Garden Island, near Kingston, and which arrived in Owen Sound on Monday at noon, took place at 4.30 o'clock on Monday afternoon from the residence of his parents, Mr. and Mrs. W. H. Smith, 1361 Third avenue east, to Greenwood cemetery, where interment took place in the family plot. Owing to the short notice there were many friends who were not aware that the funeral was taking place, but nevertheless the service at the house, which was conducted by Rev. Dr. J. D. Mackenzie-Naughton, rector of St. George's church, and which was a particularly impressive one, was attended by many friends of the deceased and of the family, a large number of these following the remains to their final resting place at Greenwood.

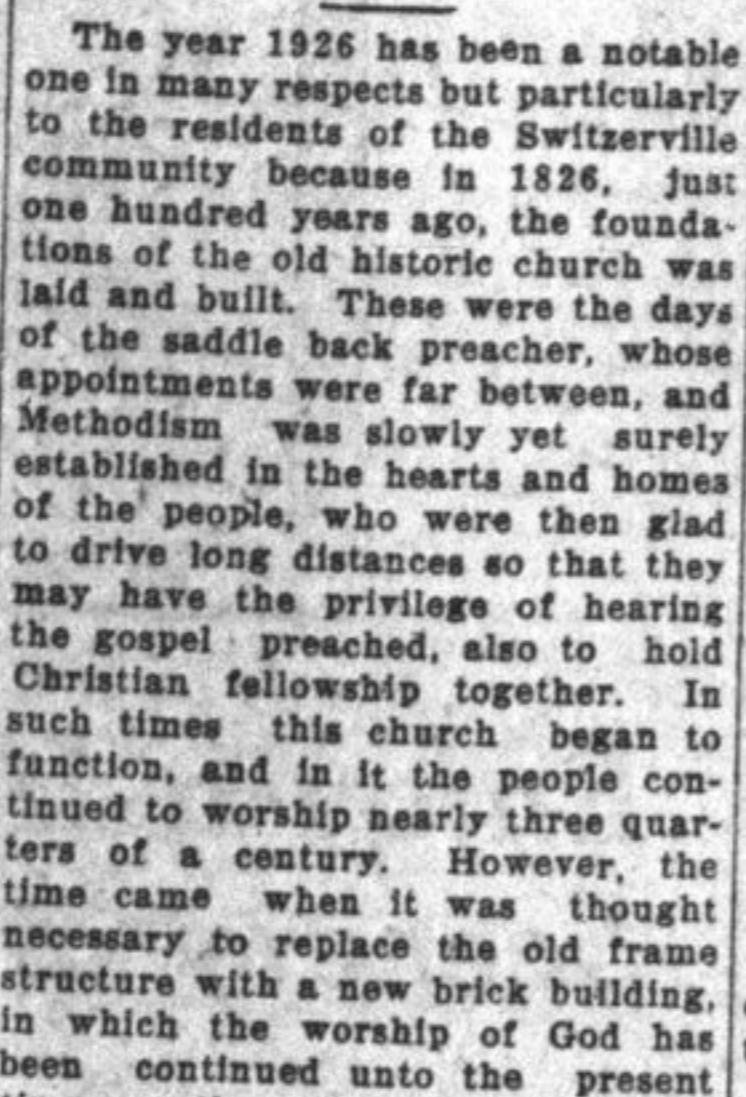

The unusually large number of beautiful wreaths and sprays which were sent by sympathizing friends from far and near bore silent testimony to the love and esteem in which deceased was held by his many friends, indeed seldom has there been seen in Owen Sound such a display of floral tributes, and it was appropriate that these flowers should be used in forming a lane in the hands of friends as the sealed casket was carried from the house to the hearse, a most unusual and impressive sight, and one which will not soon be forgotten by those who were present.

The pallbearers were Ald. Frank W. Smith and Herman Smith, brothers of the deceased; Frank Nettleton, Collingwood and Russell Nettleton, London, brothers of Mrs. Smith. Lieut.-Col. D. E. McIntyre, Horace Brown, Collingwood; F. J. McMillan, Kingston, and N. E. McDonald. Among those present from out of the city were Mrs. Rodgers, Grafton, sister of Mrs. W. H. Smith; E. R. Smith, Toronto; Col. Barker, V. C., Toronto; in addition to a large number of friends from Collingwood and representatives of the Collingwood Shipbuilding Co.

AN ORDER IS PASSED TO DISMISS FARROW

Deputy Minister of Customs is Dropped—Held Post Nine Years.

Ottawa, Aug. 20.—The acting Prime Minister, Sir Henry Drayton, made it known yesterday that an order-in-council had been passed dismissing R. H. Farrow, Deputy Minister of Customs, from the service. The Stevens committee did not include Mr. Farrow among those whose dismissal was recommended, but the House of Commons added his name to the list. The addition was first proposed by J. S. Woodsworth, Labor member, in the resolution presented in the last hectic days of the session. Later, on motion of Fanshler, Progressive, the Woodsworth resolution was added to the Stevens motion, and after the registration of the King Government, the House of Commons passed the motion by a majority of ten.

Mr. Farrow had been in the Civil Service practically all his life and was highly respected and enjoyed wide popularity. He became Deputy Minister of the Department of Customs about nine years ago.

R. A. McInnis had been appointed general-manager of the Anglo-Canadian Pulp and Paper Mills, company's mill at Quebec. Mr. McInnis recently resigned his position as manager of the Abitibi Pulp & Paper Company's mill at Iroquois Falls. A good place to buy your Furniture and Bedding at James Reid's.
