Lady Atkins was signally honored by the women of Winnipeg, when she was the recipient of a presentation of a beautifully bound volume containing signatures on parchment of more than 2,000 women who wished to personally express their appreciation of the charming and gracious chatelaine of Government House for her many services to them. The sheets of parchment were hand-bound in royal blue pin seals, and bearing the coat of arms of the province of Manitoba. On the first page was inscribed the dedication. Accompanying the volume were two gifts—one, an exquisite platinum and diamond princess cluster ring in a sterling silver case; and the other, a delicately beautiful rectangular platinum wrist watch, encrusted with diamonds and sapphires, also in a sterling silver case, and inscribed with her initials. Lady Atkins leaves Government house with Sir James in a few weeks.

**Holeproof Gives You Something New**

To add grace to pretty legs Holeproof offers a new number with the silk above the knee. You'll be amazed at the difference it makes in appearance, happily combining service and sheerness which is so much desired. Fashion now demands it.

Holeproof is following the new short dresses with longer stockings. This new number described below will have a 23-inch silk leg, giving care-free smartness otherwise impossible.

**—plus these 5 Famous Style Points**

NOW you are offered two new features in fine hosiery. Greater style is gained and charm made more alluring. Once more Holeproof leads the way to being fashionably correct. Yet don't forget the five style points that made this hosiery famous. Each is important.

[1] **Exquisite clearness.** In sheer chiffons clearness comes only through uniformly even thread. The lack of it in cheaper silk causes unsightly shadow rings. So at greater cost Holeproof selects silk in China, judged finest of all oriental grades.

[2] **Correct Paris shades.** Paris authorities select the newest colors. A unique scientific dyeing process keeps them clear and bright. Holeproof's anti-fade treatment protects from fading.

[3] **Superlative transparency, even in the heavier weights.** There is no cloudiness, no streaking. First the silk is tested, then it undergoes the special Holeproof treatment.

[4] **No loose ends.** Loose threads mar appearance. So Holeproof carefully trims the inside of each stocking by hand.

[5] **No imperfections.** Style vanishes with imperfections. And here Holeproof safeguards you by nine separate inspections. It is a fact that few other fine hose are so uniformly perfect.

Now see the styles described below in new Paris shades. At all Holeproof shops.
