PREMIER MEIGHEN IN SASKATCHEWAN

Tells Prairie People What Conservatives Will Do, If Given Power.

Aberdeen, Sask., Aug. 24.—Premier Meighen returned yesterday to the wheat fields of Saskatchewan. His first day was one of crowded hours. At breakfast time he spoke at Rosetown; in the afternoon he had meetings at Aberdeen and Bradwell. His Aberdeen meeting was held in the open air right on the prairies. Mr. Meighen spoke from the verandah of a farm house.

Mr. Meighen referred to a statement about the foreign born which, he said, was being circulated as having been made by a Conservative speaker at the Lennox picnic near Toronto. "I was present at the picnic," Mr. Meighen continued, "but I left early. I did not hear the statement and I was not responsible for it."

Mr. Meighen declared the Liberal tariff programme had only been adopted with a view to fool the people of the prairies.

At Saskatoon. Saskatchewan, Aug. 24.—Premier Meighen spoke before a Conservative rally here last night, reiterating that it was the intention of the Conservative government, if returned to power, to complete the Hudson's Bay railway; that he was opposed to statutory freight rates for any part of Canada, and that the Conservative party would maintain the Canadian National Railways. The premier made a vigorous defense of Hon. W. A. Black, Minister of Railways.

Henceforth Japan intends to colonize Hokkaido, Formosa and other possessions. There will be no further emigration to Canada and Australia. People who suffer from hay fever can ward off attacks by living on a diet without meat.

CAMBRIDGE MEDICAL STUDENTS ARE HERE

Seventy-eight Arrive to Inspect Queen's and Kingston Hospitals.

The members of the newly formed medical society of Cambridge University arrived in Kingston this afternoon, seventy-eight strong, well pleased with what they had so far seen of Canada, and determined to enjoy their trip to the limit. In spite of the fact that Cambridge is a very old university, the medical society has only been in existence four years. One of the features of the society is the annual tour which has brought the members to Canada on this occasion. Last year they visited Europe.

The visitors were welcomed on their arrival by Dr. L. J. Auerin, on behalf of the Kingston Medical Society, and by Mr. Fraser Armstrong, representing the hospitals of the city. The party was conveyed to Ban Righ Hall, where it is being accommodated, and during the afternoon was shown through the university and the General Hospital. This evening it is planned that the Kingston Medical Society will entertain the visitors at supper at Ban Righ Hall and following that the whole party will participate in a moonlight sail through the Thousand Islands.

On Wednesday morning some of the city to the various places of historic interest, while others will visit the several hospitals, take part in clinics at the General Hospital, and discuss professional subjects with the instructors of the Queen's Medical School. At noon on Wednesday they will leave for Toronto.

With the party, which is composed of both graduates and undergraduates, are five women: Dr. Jean Cooper, in general practice at Cambridge; Dr. Wood, resident radiologist at King's College Hospital, and Miss C. Seward, Miss M. Smith and Miss P. Watson, who are taking their medical course at Cambridge.

STRUCK BY A TRAIN

And Died Later From the Injuries Received.

Patrick McAlpine, aged seventy-nine years, Tyndinaga township, was fatally injured when struck by an east-bound freight train on the Canadian National Railroad on Saturday. He succumbed to the injuries about midnight, being partially conscious till the time of death. The accident occurred at a private crossing leading to the farm of Mr. McAlpine, about 350 yards west of the Marysville station. He was crossing over to his farm when struck and was dragged nearly thirteen car lengths. His son, James McAlpine, the storekeeper at Marysville, had given him a lift in his car to the private crossing. He was on his way back to the store when his father was struck.

That Prince Edward County Fair is recognized as the leading district fair is evidenced by the fact that Hon. John S. Martin, Ontario Minister of Agriculture, will officially open the Fair on Tuesday, September 7th, at Picton.
