Died Quite Suddenly.
Much sympathy is manifest in the city for Mr. and Mrs. Arthur Pound, of Toronto, whose only son, Edwin, died suddenly on Wednesday morning. He was a bright little lad of eight years. He was a grandson of Mr. and Mrs. Wesley Pound, of this city.

Miss Helen Ferguson, daughter of Rev. T. J. S. Ferguson, recently of Cooke's church, Kingston, was successful in the midsummer Conservatory Music exams held in Kingston, passing both her primary theory and junior violin examinations with honors.

Married at Easton's Corners.
A quiet wedding was solemnized at Easton's Corners on Thursday at the home of the bride when Rev. L. M. England united in marriage Eva J., only daughter of Wesley Empey, to Thomas Hanna, Jasper. They were unattended. The happy couple motored to Ottawa where they spent a short honeymoon.

Was Terribly Burned.
Floyd McDermott, Cape Vincent, N.Y., was terribly burned in Rochester, N.Y., when an oil stove exploded in the home he occupied. The most serious burns he suffered were about the face and it is feared that his eyesight is seriously impaired or destroyed. He was also burned about the hands and arms. Mr. McDermott was twenty-three years of age and a school teacher.

Straightening Out Affairs.
The camp of the Kingston District Boy Scouts, which was held recently, is still strong in the minds of the officers of the different troops. They are straightening everything out before the troops start their fall work. The camp committee held a meeting, Friday evening, to get the agreement of all officers on the financial statement. The statement is favorable. Letters of thanks are to be sent to various people.

The general delivery and registry office will be open from 8 a.m. till 10 a.m., while the lobby will be open all day for the benefit of box holders. There will be the street collections of mail, one in the morning and the other at night.

A Popular Gardener.
Mr. W. J. Smyth, the well-known gardener at Sunnyside, in the township of Kingston, is a busy man these days. He makes two and three trips a day with vegetables for various institutions and stores and his produce is always regarded amongst

the best. He is also a grower of flowers and just now his wonderful gladioli are attracting attention. They are rare blooms, beautifully colored and delivered so fresh that they retain their charm for many days, a delight to all beholders.

Nominations on Tuesday.
The official nomination proceedings will be conducted between 12 noon and 2 p.m. on Tuesday. After the official proceedings an arrangement has been arrived at between Mr. Halliday and Dr. Ross whereby the speeches will not be made until the evening. Kingston will be on standard time on Tuesday so there will be no confusion on that account.

Kiwanis Activities.
The speaker at the meeting of the Kiwanis Club on Tuesday at noon will be J. Alexander Edmison, Divisional Director Taylor Statton Camp Co. Mr. Edmison is acting president of the Alma Mater Society of Queen's University and he is an ex boy mayor of Toronto. Mr. Edmison has been at the Taylor Statton Camp all summer and in his address on Tuesday he will speak on boys' work. Mr. Edmison is a very interesting speaker and there will no doubt be a large number at Tuesday's meeting to hear him.

Woman Gets 117th Muskie.
At Clayton, N.Y., two more muskies, weighing sixteen and twenty-four pounds, were landed by Mrs. Mann bringing her total to 117 in thirty-five years on the river, and eight this month. In fishing for the big ones, Mrs. Mann also picks up many large pickerel and on Friday brought in four weighing about thirty-five pounds altogether. The fishing season is now at its best and river guides with parties are registering big catches of bass, pike and pickerel every day.

Workmen Favor Holiday.
Jim Halliday is a decided favorite among the artisans of Kingston. He is a worker among their ranks and is as earnest an advocate of their claims as could be desired. The workman has a fine idea of the benefits conferred by the Robb budget. Employment is abundant and the taxation, imposed by the Conservative government, he finds greatly reduced. The cash, hitherto appropriated by the tax gatherers, he now finds in his pockets a real advantage to him and his family in their housekeeping. Knowing these things the workmen favor Halliday and will give him real support.

Held a "Tag- Day."
The annual appeal on behalf of the dumb animals was made on Saturday by the Humane Society of this city and the public responded generously. The tagging effort was well organized and everyone was afforded an opportunity to help a very worthy cause. The Humane Society is an organization with the very highest ideal, that of helping those who cannot help themselves, and while the work it does gets very little publicity nevertheless it is quite important and requires funds to carry it on.

LIBERAL DANCE TO BE HELD MONDAY EVENING

Everybody Invited to Attend Event at Campaign Headquarters.

Announcement was made on Saturday that the Kingston Liberal Association will hold a dance on Monday evening, at the Liberal Headquarters, in the old Oddfellows' Building, on King street, between Brock and King street. There will be dancing between 8.30 p.m. and 11.30 p.m. and the music will be provided by Sid Fox's Serenaders.

A cordial invitation has been extended to both young and old to take part in the festivities. A record crowd attended the dance held by the Liberal Association recently, and another big crowd is looked for on Monday evening.

Labor Day Doings

There are several attractions for local people on Labor Day, Monday. The feature attraction during the day will of course be the annual Labor Day picnic at the City Park and Cricket Field. Races of all kinds will be held and other sports will hold sway.

At the Catarqui Golf and Country Club the Flag Competition will be played and at the Kingston Tennis Club and Regie Tennis Club, tennis games will be the order of the day.

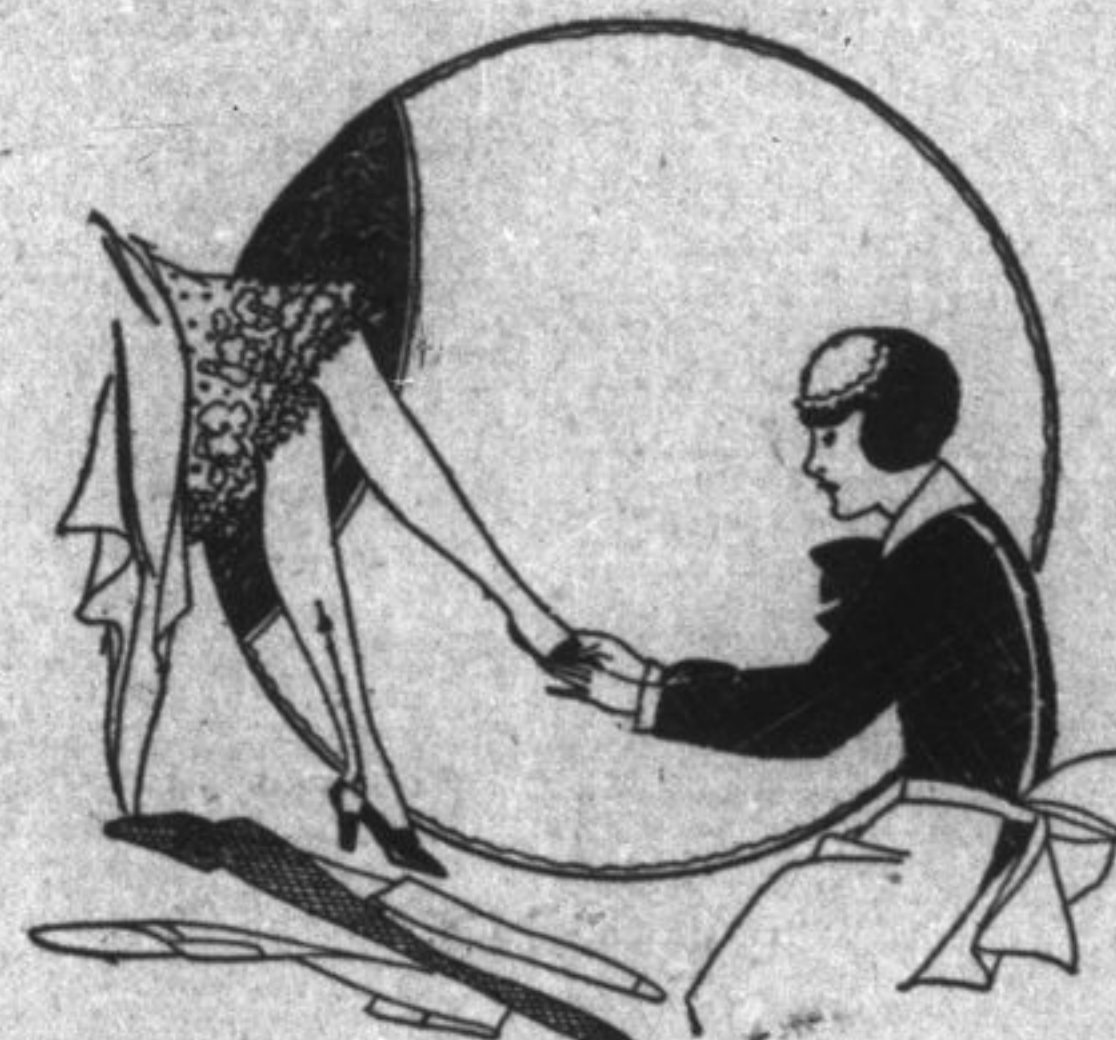

At the Queen's Bowling Club a Club Tournament will be held among the members. A great deal of interest has been aroused in the tourney and a large number will take part. Providing the day is fine many will no doubt take in the river trips by the steamers Brockville and Waubic while others will spend the day in duck hunting. At the Capitol Theatre "Alma of the South Seas" opens for a three days engagement.

In addition to the above, many private motor parties etc. will be held and should Monday's weather be fine, the day will be well spent by local citizens.
