The most significant feature of the elections is, of course, the total failure of the Meighen-Patenaude is .. combination. Not only did it fall to make any inroads in the Province f Quebec, but it resulted in defeat of the two leaders, Mr. Meighen and Mr. Patenaude. This may mean the end of Mr. Meighen's deadership of the Conservative party. Twice he has appealed to the people to confirm him in the office of Premier, and twice they have refused to do it. It is known that anxious for a change, and with Hon. R. B. THE LIBERAL PROGRAMME.

Rt. Hon. Mackenzie King has a fine programme to carry out in the coming parliaments. He has pledged himself to carry out these things: 1. To continue relentlessly the in-

vestigation of the customs service, and to carry out without fear or tavor the needed reforms. 2. In our next budget to make reductions in direct taxation and thus further lighten the burdens

upon the people. 3. To reintroduce and through the legislation which was defeated or scrapped by the Conservative action at the end of the last session, such as old age pensions and

rural credits. 4. To do all that lies in his power to maintain Canada's proud position as one of the great self-governing nations within the British Empire.
