Easy to Gain With Yeast and Iron
New Combination of Yeast with Vegetable Iron Quick Way to Build Up Weight

This new combination of yeast vitamins with vegetable iron, renews the action of sluggish blood cells, drives out dangerous body poisons, increases energy and endurance and supplies the system with the vitamins that build up weight.
For years yeast has been known as a rich-vitamin food, but not until we perfected "ironized yeast"—which comes in concentrated tablet form, was it possible to take yeast and iron in the right proportions to build up weight.
Vegetable "iron" when combined with yeast is quite easy to digest, therefore better for the system. And "yeast" when ironized becomes just twice as beneficial as ordinary fresh or cake yeast.
Ironized Yeast tablets are composed of concentrated food elements, therefore, they are pleasant to take and free from drug-like effects. If you are under weight, do not enjoy good health, lacking in energy and force, "ironized yeast" tablets will pick you right up, and if they fail, you get your money back.
Sold by James B. McLeod and all good druggists, at \$1.00 for a large 60-tablet package or sent direct from laboratory on receipt of price. Ironized Yeast Co., Fort Erie, Ontario, Canada.

LETTERS To The Editor Of The Whig
Willing to Meet Dr. Edwards.
Sir: Having been informed that Dr. Edwards called for me from the platform in Barriefield town hall on Monday evening last to debate the political issues with him; I was surprised. Surely the doctor read my letter in both Whig and Standard explaining why I could not attend his meetings.
If the honorable doctor is anxious of meeting me to argue those disputed points I will, for the edification of those interested in the controversy, do so any evening next week for just a short debate, say two fifteen-minute periods each, in Barriefield hall, and if I cannot show that he made false and misleading statements at the meeting and throughout the campaign I will make an apology to him. He has nothing to fear as I cannot compel him to give back the votes he obtained.
I will be pleased to shake hands with the doctor, which I always do when I meet him, before and after the programme.
—JOSEPH McGRATH.

Well Known Writer and Newspaper Man Regains His Vigor
Believes He Has Found Real Fountain of Youth.
In connection with recent press articles on the defeat of old age, comes this additional report from a prominent newspaper man. "It has simply been wonderful! My eyesight is clearer, my muscles feel supple. I walk with a firm, springy step and can do a real day's work. I am enjoying what seems to be a genuine restoration of strength, activity and feel nearly as ambitious as in my younger days—believe I have found the real fountain of youth."
The writer says this feeling of new health and youthful restoration came as a result of less than 30 days' use of Double Strength Erbac in tablet form. Many, many other young and old—make similar reports of their experience with this remarkable compound in cases of nervous weakness, Chronic fatigue, Sleeplessness, Debility, and the lack of former ambition and confidence.
For the benefit of men and women in this locality, who have never had a chance to try Double Strength Erbac, Jas. B. McLeod has been furnished with the regular 16 day treatments to supply to all who wish to try it on a no risk basis. Results, in all instances, must be completely satisfactory or the cost of Erbac will be promptly refunded.
NOTE: Double Strength Erbac is a special formula, particularly designed for the use of those near or past middle life—do not confuse it with ordinary tonics.
Attended Auction Sale.
Addison, Sept. 15.—The farmers have pretty well got their grain harvested and the hum of the threshing machine is heard daily. Mr. and Mrs. R. A. Hill and two daughters spent Sunday at Bellamy Station, the guests of Mr. Hill's brother, Charles Hill. Miss Anna Watts is visiting in Westport this week. Quite a few from here attended the auction sale at Elgin Mott's, Redan, on Friday. Mr. and Mrs. E. L. Mott and son, Wilfred, were Sunday visitors at John Watts'. The many friends of Mrs. C. Moulton are pleased to learn that she is gaining health in the General Hospital, Brockville.

Tomatoes Ripen Slowly
The Weather Has Not Been Very Propitious.
Bloomfield, Sept. 14.—The weather has had very discouraging effect on the tomatoes. The vines are thick and green, but little sunshine and lots of rain, making the fruit slow ripening—especially with frost hovering just around the corner. Perhaps with the election over and the country saved, the tomatoes like everything else will settle down to business. The canning factories have been running only a day or two a week, although the Hallowell Cannery packed about 2,700 bushels Monday. A much needed bit of road work is being done on Stanley street, where men are filling in and widening the road for several rods, from the foot of hill to entrance of Hallowell Cannery lane.
Friends of Mr. Canniff Haight will be glad to know that after seven weeks of suffering from blood poison, he was discharged from the Toronto Hospital, and is now at his home. Miss Genevieve Smith returned from a visit to Kingston last Friday and has resumed her duties as principal. Miss Mildred Burr is supplying in the Wellington schools for the next two weeks in the absence of a regular teacher.
Miss Florence Mallory is at home again after a pleasant trip to Muskoka. Mr. and Mrs. W. B. Cox spent Sunday in Belleville.
Mrs. E. B. Purteile and daughter, Miss Marjory, leave Tuesday for a day's shopping in Toronto. Miss Purteile will go on to Guelph, where she is enrolled at Macdonald College. John Mallory will also be a student at Guelph this year. Miss Nell Clinton goes to Kingston Thursday to take up post-graduate work at Queen's. Jack Leavens also leaves for Queen's on Thursday.
The regular meeting of the W.M.S. was held in the school room, Friday afternoon, with a splendid attendance, all ready to settle down for the winter's work. Mrs. Reddick was appointed leader of the Mission Band, Miss Payne having asked to be relieved. A good programme was given, including a chapter from the new study book. Refreshments were served and a pleasant half-hour spent socially.
