That the Y.W.C.A. is shortly going to start an appeal for funds to carry on their work. Kingston would be poorer in many ways if it hadn't "The Y," that fine comfortable house on Johnson street where women and girls find a home when coming to the city, where travellers arriving by motor, as so many women do nowadays, can get a meal or stay the night in comfort. The student girls use the "Y" during both the winter and the summer term at Queen's, and already the rooms are nearly filled. What then, you will say, does the Y.W.C.A. want of money? The prices of the "Y" are reasonable and while the money needed from the boarders may keep house going, it doesn't leave much for necessary repairs and leaves nothing for the work of the "Y" clubs for girls and women. The secretary, a Kingston girl and Queen's graduate, has done much to increase the interest and real value of these clubs. There are clubs for girls of all ages where they can learn many things that will be useful to them and develop an interest in the real and vital issues of life. Girls coming to Kingston from the country or from across the seas will find a home at the "Y." In fact there is a club especially arranged for strangers from the old land called the Overseas Club. To sit beside an open fire, sing the songs of the homeland, to learn lessons about the new life in this corner of the Empire, is a joy to the girl or woman who is far from her home and friends and has only a small bedroom in which to spend her evenings. Courses in cooking, in millinery, in dressmaking, and so on, are given at the "Y." It is a real centre of life in this community and the effort being made by its board should meet with the heartiest response from the citizens.

That the very high crowned hat to be worn this season will only look well on a moderately tall woman. A very short woman will look absurd in a very tall hat, and a tall woman will look gigantic. But we are to have much more variety in dress, so we will all be able to get something to suit us in the Kingston shops, which are now displaying most attractive autumn styles.

That the township fairs that are being held every day are well worth seeing. The women's exhibits are for the most part good and many of the exhibitors are members of the Women's Institutes. The Institutes, too, are making money for their work during the coming winter by giving dinners to those who have come from a distance and enjoy the excellent fare provided by the township W.I.

That the inclemency of the weather and the threshing machine busy in the vicinity, only a fair percentage of members were able to attend the September meeting of the Bay View W. I. which was held at Mrs. M. Hoyle's on Wednesday, Sept. 15th. The meeting opened in the usual way. Mrs. Miller then read the correspondence which consisted of a letter from Mrs. C. Lewis kindly thanking the Institute for the flowers sent to her; one from Mrs. Miller, Napanee, accepting the invitation to address the Institute at the October meeting; and one from the Department of Agriculture stating that the library could be retained for another six months. The Federation Fee was again discussed and it was decided that the Institute should again join the Federation and each member pay the fifteen-cent fee. A little discussion upon salads took place and some helpful hints were given. The selling of home made cooking on the market or at the Dairy school was talked over but no definite plans made. After the business was completed, the meeting closed by singing of God Save the King. The hostess, assisted by Mrs. Fraser and Mrs. Sharpe, then served most delicious refreshments.

The October meeting will be held at the home of Mrs. Thomas Miller, when Mrs. B. Miller, Napanee, will address the meeting. It is hoped there will be a good attendance as it is known that Mrs. Miller can give an interesting address. A feature of the programme will be a candy contest.

Parham. The September meeting of Parham Women's Institute was held at the home of Mrs. C. D. York. The roll call was responded to by fifteen members, giving suggestions for a social evening to be held in the near future. It was decided upon to ask for our sewing course to be held the second week in October, as it had been postponed indefinitely. Plans for a Halloween frolic for young and old were discussed and each member in turn came prepared to answer the roll call for next meeting by a Halloween suggestion. After some discussion it was decided to elect two members to visit our public school every two weeks. Mrs. J. A. Goodfellow and Mrs. Scott are to make the first call, and Mrs. Thomas Bertram and Mrs. W. L. Goodfellow the second. It was thought that more co-operation between parents, teachers and pupils would benefit all. Encouraging reports were brought in by the treasurer, Mrs. T. A. Wagar, following our fair day. The sum of \$21.55 was taken in by our hot dog counter on the night of our fair. This brings our balance well over the hundred mark. The building of a permanent pavilion on the fair grounds was discussed and it was planned to have everything in readiness to begin building in the early spring. Another new member was added, bringing our membership up to thirty members.

Following the singing of the national anthem, lunch was served by the hostess, assisted by Mrs. L. R. Cronk and Mrs. Don Wagar. The October meeting will be held at the home of Mrs. W. D. Black, where Mrs. T. A. Wagar and Mrs. B. J. Snyder will assist in serving.

Velvet Returns. Many of the new capes and coats for evening come in velvet, embroidered or beaded, and are finished about the edge with deep silk fringe.

Girl Guide Notes. The first meeting of the 8th company of Girl Guides was held on Wednesday evening. A camp fire was built on the shore of Macdonald Park and plans were made for the meetings for the winter months. Some Guide songs were sung, then the meeting closed in the usual manner. All the Guides of the 8th company are expected to attend the meeting next Wednesday.

THIS WOMAN NOW WELL Her Suffering Relieved and Health Restored by Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario. "I am certainly very grateful for the benefit I have received from Lydia E. Pinkham's Vegetable Compound, also the Sensitive Wash and the Liver Pills. In the early spring I was suffering so much from loss of blood that I thought I would never be any better as doctor's medicine relieved me only for the time being. I saw the Vegetable Compound advertised in the Toronto Star, and I find the Vegetable Compound Tablets the best for me. I have been taking them since Spring, and I intend keeping them by me all the time. After reading your Free Text-Book I saw it was necessary to use Lydia E. Pinkham's Sensitive Wash, and I can safely say I feel a different woman. My friends remark how well I look. I am a very busy woman, but I am ready at all times to boost your medicines." Mrs. CHARLES GIFFIN, 949 Lansdowne Avenue, Toronto, Ontario.

You may be having an experience similar to Mrs. Giffin's and will be interested to know what she did. Every sick woman can feel confident that Lydia E. Pinkham's Vegetable Compound will help her, since we are told that it does help 98 out of every 100 women who take it.

Sold by druggists everywhere.
