

CITY AND DISTRICT

Night Classes. Of Kingston Business College will begin on Monday, Oct. 4th. Rates moderate.

Visited Investors Fair. Mr. G. Merritt, Mrs. J. Lowry, Mrs. Thomas Bower and Mrs. Russell Clark, were visitors at the Investors Fair on Wednesday.

Speaks at Utica. Principal Dr. Bruce Taylor, of Queen's University, will speak at Utica, N.Y., on Saturday, and on Sunday he will address the student body of Cornell University.

Located by Whig. The British Whig ran an advertisement asking that Alf. Harding write Cecil Smith late of Farham, Old country. Mr. Harding was a caller at the Whig business office on Wednesday afternoon. He is a member of the R.C.H.A.

Planting 10,000 Tulp Bulbs. The garden at the O.P.R. station will be a beautiful sight in the spring, for Mr. G. Stockbridge, the gardener, is at present planting over ten thousand tulip bulbs. He has just received a special consignment from the headquarters and expects some more to come next week.

Coming From Ireland. Mr. Thomas Wilson of the staff of the Belfast General post office and Mr. William Galbraith of the staff of the Belfast Evening Telegraph, left Liverpool on Sept. 24th for a trip through Canada and will stop for a few days in Kingston at the home of Mr. and Mrs. T. Hanson, Bagot street.

Two More C.P.R. Locomotives. Two more of the large C.P.R. engines which are being built by the Canadian Locomotive Co. are in the yard almost ready to leave. They are Nos. 5366 and 5367, which will probably leave for duty about Saturday. The engines are being turned out at a good rate.

Advertising Visiting Band. The Rotary Club, at their bazaar to-night, are lending a hand to the visiting Australian band by handing out in each package from their booths a small bill advertising the arrival of the band in the Arena Friday (two-horror), afternoon and night. This good fellowship is just what Kingstonians would expect from Rotary.

Three Year Terms. The triennial term for aldermen in the city of Belleville was favored at a meeting of the open forum of the Chamber of Commerce, and the city council will, as a result, be asked

to submit again a by-law to the people asking their endorsement of the system by which three year terms are given aldermen on election and one-third of the aldermen retire annually.

Busses For Brockville. Two large, yellow and green, Graham Bros. street-car type busses were this morning delivered from Oberdorffers Garage to Brockville. They were purchased by W. Jackson, of Brockville, who will use them on a city bus service there. They have the usual four cylinder Dodge Bros. engine. When they left the city this morning they created a great deal of interest, excitement and comment on all sides. They are being delivered through the Dodge agent in Brockville.

Awards Made. As the candidate who was successful in obtaining the Nicholls Scholarship at the recent matriculation examinations to Queen's University was not able to enter the University, the award has been made to Jacob Sirenkovsky, of Brantford, who obtained a less valuable scholarship. The Nicholls is worth \$65. A similar situation occurred with the Day Memorial Scholarship and it has been awarded to George M. Macdonnell of Allard. It is worth \$25.

At Gospel Tabernacle. At the third address of the series given at the Gospel Tabernacle on Tuesday night, Mr. Innes handled his subject, "The Divine Power of Christ and the Mystery of the Christian's Life," in a very able manner. He read the 40th Psalm.

In dealing with the mystery of the Christian life, Mr. Innes drew attention to the fact that no matter where the Christian was to be found or what his lot was, if he could look up to God and say "Father, I know this is the place and position You want me to fill," he could always rejoice under any and all circumstances.

County Court Case. There will only be one case at the non-jury sittings of the County Court, which will open with Judge Lavell presiding, on Tuesday afternoon, next, at 2 o'clock.

The case set down on the docket is that of David J. Patterson and John J. Patterson, plaintiffs, and Henry Bauder and C. Albertson defendants. The plaintiffs' claim is that a garage business and filling station operated by the defendants at 593 Princess street, is a nuisance, and they ask for an injunction restraining the defendants from carrying on the business there. Cunningham & Smith are representing the plaintiffs, while Rigney & Hickey are acting for the defendants.

STRONG FIGHT AGAINST CHICAGO WATER STEAL

Kingston Will Be Represented at International Meeting at Buffalo.

It was learned today, that another monster protest meeting against the Chicago water steal, will be held in Buffalo, during the month of November, and it is expected that Kingston will be represented at this most important gathering.

It is hoped to have every lake harbor city represented at this international meeting of the Great Lakes Harbor Association, when a final effort will be made to secure Government action to check the water steal. Lake harbor improvements and waterborne commerce will also be discussed, but the chief business of the session will be to organize a determined fight against the lowering of the lake level.

A number of prominent speakers will be present. Hon. F. H. Heenan, of Port Arthur, and C. Alfred Maguire, ex-Mayor of Toronto, will speak. Merchants all over the province, who are interested in lake shipping problems, have been invited to attend.

CUSTOMS SURVEYOR IS BACK IN FAVOR

Henry McLaughlin, Montreal, is Reinstated by Order-in-Council.

Montreal, Sept. 20—Harry McLaughlin, Surveyor of Customs for the Port of Montreal, whose services were dispensed with summarily by Order-in-Council, has been fully reinstated by a new Order-in-Council. This information was received by Mr. McLaughlin yesterday in a communication from George W. Taylor, Acting Deputy Minister of Customs, at Ottawa.

The letter states that the Order-in-Council, dispensing with his services, had been cancelled, and that he was reinstated as Surveyor of Customs, and will be given six months' retiring leave with pay and pension at the rate of \$2,646 per annum. Mr. McLaughlin's leave is from August of this year until February, 1927, when he will retire.

Mr. McLaughlin was reinstated by the McLaughlin Government.

PURCHASE ADVOCATED OF OFFICIAL ORGAN

Canadian Churchman is Suggested as Paper for Anglican Church.

Winnipeg, Man., Sept. 20—Purchase of the "Canadian Churchman" and its adoption as the official organ of the Anglican Church in Canada was discussed and approved at the closing session yesterday of the annual meeting of the General Board of Religious Education.

The action of the Board will be brought before the executive council of the church Saturday, and the council is expected to approve the recommendation and place it before the Synod.

During the debate at the Board meeting today, Bishop Richardson of Fredericton referred to the "Church Messenger," now the main Anglican publication in Canada, and said that this organ was "unworthy of representing the church in Canada."

Spine of Catfish Causes Death of Warsaw Man

Peterboro, Sept. 20—The spine of a catfish inflicted what proved to be a fatal wound on Fred Calder, a resident of Warsaw.

Mr. Calder was fishing and the spine punctured his finger. Blood poisoning set in and he was brought to a Peterboro hospital for treatment. The infection had gone too far, however, and he passed away.

Unsettled Weather In Western Canada

Winnipeg, Sept. 20—Throughout Western Canada, the weather is unsettled today. Some districts, notably in Saskatchewan, report rain, while in others rain and snow clouds are gathering and farmers, after resuming threshing operations, following the damaging storms of last week, face another tie up in all provinces. The weather prophets bring no joy to the grain workers, the forecast reading: "Unsettled with showers."

Fire destroyed the barn and entire season's crops on the farm of George Wilson in Bismarck Township.

R. Tagore, Indian poet and philosopher, at present in Berlin, scoffs at the cry of a "yellow peril."

DAILY MEMORANDUM. Mayor, Catholic hall, Portsmouth, Friday, October 1st, 8 to 11 p.m. See advertisement.
