A new Speed Service

Long Distance calls while you hold the line

USERS of Long Distance are finding our new high speed service a remarkable time-saver.

On the majority of calls to distant cities, the Long Distance Operator to whom details of the call are first given, at once endeavours to establish the connection while the calling party holds the line.

Extensive changes in Long Distance equipment, as well as rearrangement and intensive training of our staff have made this new service an accomplished fact.

Your co-operation in making careful note for future use of distant numbers you may have occasion to call is always helpful. But whether you know the distant number or not, the Long Distance Operator will do her utmost to get the party you want while you hold the line!

Cullen's CASH-CARRY

CLAIM THE GASOLINE STATION IS NUISANCE

Judgment Reserved in the Case Before Judge Lavell in County Court.

Does a gasoline filling station under certain conditions constitute a nuisance? Mr. David J. Patterson and Mr. J. J. Patterson, who reside on Princess street, between Frontenac and Albert streets, claim that it does, and in county court on Tuesday afternoon, applied for an injunction restraining Clarence Albertson and Henry Bauder, from operating a garage business and filling station on the lot next to that on which their house is situated.

Mr. David Patterson, in his testimony, said that his chief complaint was against the fumes from the gasoline. He could not open the windows of his house to get a little fresh air without the fumes coming in. Other things which annoyed him were the repairing of cars in the street in front of his home and the noise of work going on in the garage on Sunday and at night.

Cross-examined by Mr. Rigney the witness said that he had never on account of this garage business which had been in existence for about nine years, applied to have his assessment reduced nor had he ever attempted to have the proprietors of the garage prosecuted for doing work in the public street.

Mr. Cunningham read from the examination for discovery an extract from the testimony of Mr. Bauder to the effect, that he owned the land, building and gasoline pumps, and that he leased them to the defendant, Albertson. This concluded the case for the plaintiffs.

In defence, Clarence Albertson, the proprietor of the business, and several people who live in the vicinity of the gas filling station, were called to give evidence. Mr. Albertson's evidence was that the business was a small one, conducted by himself and a helper. He usually closed at 10 o'clock at night, he said, and would sell between twenty-five and fifty gallons of gasoline in a day. He did make minor repairs to automobiles in the street, such as tightening a nut or adjusting a wire. Perhaps five or six times this had happened in front of Mr. Patterson's home because there were several cars in front of his garage getting gasoline. These repairs usually only took from five to fifteen minutes. He admitted that work was done at the garage on Sunday.

"DAYS GONE FOREVER"

Cheap Excursion To Toronto, But It Was In 1874. Quite a bit of amusement has resulted from a poster which is at present being displayed on the Y.M.C.A. bulletin board.

It advertises an excursion to Toronto, for members of the Kingston Y.M.C.A. for the return fare of \$2. The year of the excursion is not advertised on the poster, but the name of General Secretary Meadows appears at the bottom. Mr. Meadows was secretary of the Kingston Y.M.C.A. about 1874, therefore it was about that time that the Kingston Y.M.C.A. held its railway excursion to Toronto when the fare was only \$2. The poster was discovered by Mr. R. H. Ward who happened to find it while visiting an old member of the "Y."

Makes Coffee Truly Delicious.

Each coffee is spoiled in the making, but it is safe to say more is spoiled in the serving. This is because comparatively few people use real cream. Figuring, perhaps, that its daily use is rather a luxury. Of course, one can rob the milk bottle, by taking off the top milk, but even that is not calculated to give one the rich, golden, appetizing cup of coffee that makes this beverage truly a nectar. More and more housewives are serving Eagle Brand Condensed Milk with coffee, for the reason that it is so economical and because it ensures a beautiful flavor, being so rich and creamy. There is the further advantage that it saves sugar, for condensed milk contains sugar and the milk and sugar are so perfectly blended that the proportions are absolutely right. Usually, the condensed milk is placed right on the table, being served from the can, which, if desirable, may be set in a marmalade jar.

Liberal Meeting. Do not forget Liberal meeting, Garden Hall, to-night, 8 o'clock.

A "HOUSE WARMING" HELD AT THE Y.M.C.A.

Fall Work Was Commenced at the Local Institution Tuesday Night.

The work of the local Y.M.C.A. officially started for the fall at the "House Warming" held at the "Y" Tuesday evening. The rain did not prevent a good crowd from attending the event. The institution was open to the public for inspection for the entire evening. Many took advantage of this opportunity, and visited the different departments. There were games in the gymnasium, swimming races and exhibitions in the swimming pool, and a splendid musical programme in the upper social rooms. Refreshments were also served in the social rooms.

The reception committee was composed of Mr. and Mrs. R. H. Ward, Mr. and Mrs. Frank Newman, Mrs. P. F. Brockel, Mr. and Mrs. C. S. Anglin.

In the gymnasium, there was a volley ball game between the Bankers and the "5-9's," the Bankers winning by the score of 11-9. The teams were: Bankers—Edgar, Donnelly, Ham-brook, Harris, Window, Barracott; "5-9's"—Morris, Pollock, Harper, Laursen, Vince, Elliott.

There was also a basketball game between the same teams, the Bankers again winning by the score of 22-12. The players were the same with one or two changes and the referee, A. Brunke.

In the swimming pool there were diving competitions and swimming races. The boys showed very good style in both diving and swimming. One of the most interesting events was the "relay swim of the English Channel."

In the upper social rooms, a fine programme of music and singing was given. Mr. R. H. Ward acted as the chairman of the programme. Mr. Ernest Madrand rendered a splendid piano solo. Vocal solos were also rendered by Miss Lottie Sanders, Mr. Bernard Curran and Mr. H. Underwood, all being given in a fine manner. A chart talk of great interest was given by Mr. Cecil Wyatt.

Mr. M. W. Harlow, secretary of the "Y," gave a brief talk and several announcements of general interest. Refreshments were served by the Ladies' Auxiliary, of which Mrs. R. H. Ward is the president. Mrs. Charles Anglin and Mrs. Edward Spencer dispensed the refreshments.

Canadian Apples for Overseas Fire-sides.

Canadian orchards are hung heavy with luscious red apples, symbols of Canada's sunshine and her bright warm summer days. The crop this autumn is the best in years and boxes and barrels of choice hand picked and hand packed fruit are procurable, at reasonable prices from any grocer.

And could anything be more appropriate to carry your kind thoughts and good wishes to the fireside of your friends overseas, this Christmas, than a box of these ruddy cheerful-looking apples. The matter of shipment is as simple as the mailing of a card.

The Canadian National Express will call for your apples, transport and deliver them by quick service, to any station in Great Britain, Iceland and most European countries.

The transportation charged from Montreal and Quebec up to November 15th or from St. John and Halifax, thereafter, by direct steamer to points in Great Britain, Ireland and the Channel Islands is \$3 per standard box and \$6 per standard barrel, including refrigeration.

For rates to Canadian ports, through rates to Continental Stations and other particulars consult any Canadian National Express agent.

Dean L. R. Sherman of Quebec was elected Anglican Bishop of Calgary diocese.

ENO in the United States

You can buy ENO in the United States from 60,000 Druggists, department and general stores. Across the border its fame has spread rapidly and it is steadily taking its place as the "health drink" of the people of that country. This fact, together with the fact that ENO is sold wherever civilization has penetrated, is proof of the universal approval enjoyed by this famous British product.
